*All My Demons* Corri Lee, 2013-03-15 A whirlwind romance on a wild tour led rock vixen Amelia Marsh to her fairytale ending with smoking hot new husband, CJ, and their newborn daughter, Delilah. But for every cloud with a silver lining, there is a brewing maelstrom waiting to mar the landscape. A year on from I'M WITH THE BAND, old demons rear their ugly heads in body and mind, building hurdles that the new Mr and Mrs Pearce never imagined they might have to jump. Faces of the past reappear and memories echo in the fragile mind of a woman forced to relive what has once before been a painful experience- motherhood. How do you cope when motherhood is given, revoked, and then reinstated? How do you make up for all of those bad memories and all the bad experiences that you didn't fight hard enough to prevent? How do you make up for lost time when you're given a second chance? How much is too much for two precarious firecrackers? How many revelations are too many? What would YOU do for a miracle?

**Christianity for Modern Pagans** Peter Kreeft,1993 Peter Kreeft believes that Baise Pascal is the first post-medieval apologist. No writer in history, claims Kreeft, is a more effective Christian apologist and evangelist to today's uprooted, confused, secularized pagans (inside and outside the Church) than Pascal. He was a brilliant man--a great scientist who did major work in physics and mathematics, as well as an inventor--whom Kreeft thinks was three centuries ahead of his time. His apologetics found in his *Pensees* are ideal for the modern, sophisticated skeptic.

*Song of the Season* Thomas Hischak,2024-03-21 What links the popular songs You'll Never Walk Alone, Send in the Clowns, Memory and I Am What I Am? They all originated in Broadway musicals. Song of the Season is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built. Through a systematic historical survey from 1891 to 2023 it argues that the best musicals survive because of their songs, from early 20th century classics such as Show Boat and Oklahoma! through to the contemporary sound of Dear Evan Hansen and Hamilton. Looking at outstanding songs from each Broadway season, the development and history of the musical is illustrated with a fresh perspective. As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz, rock, rap and hip-hop. Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John. Song of the Season paints a fresh picture for musical theatre students and fans alike, illustrating significant changes in the form through the music. Analyzed in an accessible and engaging way that doesn't rely on music theory knowledge, and including a link to playlist where all the 'songs of the seasons' can be listened to, it is a must-have for those looking to expand their knowledge of the form and trace the social history of the American showtune.
