Peggy Johnson

The 2011 Guide to Free Or Nearly-Free E-Books, 2011 One of the problems which face all librarians adding e-books to their collections is that of bibliographic control: there is no legal deposit for e-books and consequently there is no single place from which new titles can be found. If this is true of commercially published e-books, it is most certainly also true of free e-books... and there are many thousands of free e-books available over the Internet, many of which are of a quality such that librarians might wish to have them in their collections. The 2011 Guide to Free or Nearly-Free e-Books is offered as a tool for librarians and others involved in book selection (e.g. teachers in schools) in all sectors - school, further and higher education, public and special libraries - to facilitate easy access to free e-books and e-book collections which can enhance their digital library.

Borrow library e-books for your iPad Michael E. Cohen, Dennis Cohen, Lisa L. Spangenberg, 2011-06-16 In this ebook, you learn how to use the OverDrive Media Console app to open and read a library book that you download with your computer. You also learn how to use a different ebook reading app, Bluefire, that can also open ebooks provided by the OverDrive service and that offers a more flexible and convenient reading experience. (It can even "return" checked-out ebooks before the expiration date, if you want.) If you have access to a public library that provides the OverDrive service and a yearning for some ebook learning, this project's for you.

Publish Yourself J.M. Snyder, 2011-11-20 If you've ever wanted to retain more of your royalties or try publishing e-books but didn't know where to start, this book is for you! Recently e-books have exploded onto the publishing scene, making it easier than ever for writers to break into the market. But many people who read e-books aren't familiar with how to create them. What formats should you offer? Where do you sell them? What do you use for a cover? And, most important, how do you go from a Word document to an EPUB, MOBI, or PDF file? Best-selling, multi-published author J.M. Snyder has written this no-nonsense, hands-on guide. She takes the mystery out of e-publishing while making the process of creating an e-book simple, cheap, and easy. Using Microsoft Word (or an equivalent word processing program) along with inexpensive or free software readily available online, you will learn how to create the nine most common e-book formats. You will be walked through cover art design, interior book layout, and e-book creation, as well as given many of the tips J.M. has learned along the way. Also included is a brief guide to online bookstores where you can sell your finished e-book. Let J.M. Snyder help you

discover how easy it is to publish yourself!

Classics and Comics George Kovacs,C. W. Marshall,2011 Classics and Comics is the first book to explore the engagement of classics with the epitome of modern popular literature, the comic book. This volume collects fifteen articles, all specially commissioned for this volume, that look at how classical content is deployed in comics and reconfigured for a modern audience.

School Library Journal ,2010

Project-Based Activities, Grades 6 - 8 Schyrlet Cameron,Carolyn Craig,2017-01-03 Build teamwork, enhance communication, and refine critical thinking with Mark Twain Project-Based Activities for sixth-eighth grades. The exercises in this book require students to collaborate while creating graphic novels, virtual systems, book trailers, school brochures, and more. To achieve success, it is essential to work together to accomplish goals — both in and out of the classroom. Project-Based Activities promotes teamwork while challenging students to: -create unforgettable story characters -utilize informational text -write argumentative essays -cite sources -use explanatory writing -write book reviews Mark Twain Media Publishing Company provides engaging supplemental books and eye-catching decorations for middle-grade and upper-grade classrooms. This product line is designed by leading educators and features a variety of subjects, including history, fine arts, science, language arts, social studies, government, math, and positive behavior.

Concise Dictionary of Comics Nancy Pedri,2022-03-08 Written in straightforward, jargon-free language, A Concise Dictionary of Comics guides students, researchers, readers, and educators of all ages and at all levels of comics expertise. It provides them with a dictionary that doubles as a compendium of comics scholarship. A Concise Dictionary of Comics provides clear and informative definitions for each term. It includes twenty-five witty illustrations and pairs most defined terms with references to books, articles, book chapters, and other relevant critical sources. All references are dated and listed in an extensive, up-to-date bibliography of comics scholarship. Each term is also categorized according to type in an index of thematic groupings. This organization serves as a pedagogical aid for teachers and students learning about a specific facet of comics studies and as a research tool for scholars who are unfamiliar with a particular term but know what category it falls into. These features make A Concise Dictionary of Comics especially useful for critics, students, teachers, and researchers, and a vital reference to anyone else who wants to learn more about comics.

Graphic Novels in Your Media Center Allyson Lyga,Barry Lyga,2004-06-30 Graphic novels have recently exploded in popularity. Using them to encourage reading and support the curriculum, then, is a natural step for teachers and librarians. This useful guide to collecting and using graphic novels contains lesson plans linked to school curriculums for all ages, helping educators to harness the instructional potential of these books. The authors also discuss how graphic novels can be important learning tools, particularly for reluctant readers. The guide features lists for collection development and helpful

information, including reviews, jobbers, Web sites, publisher information, tips for partnering with local comic book stores, and interviews with librarians who use graphic novels. Including illustrated pages from popular graphic novels, this is an invaluable resource to help you select quality graphic novels for students while providing helpful justification for the use of graphic novels in schools, both to advance students' pleasure reading and to support instruction. This ultimate guide to collecting and using graphic novels in a school library is written by an elementary librarian who uses graphic novels in her library media center for instruction and to advance pleasure reading. The book contains lesson plans linked to school curricula for all ages, plus a discussion of why graphic novels are useful with certain types of readers, particularly boys and reluctant readers. It features helpful information and lists for collection development-- including reviews, reviewing sources, jobbers, Web sites and publisher contact information--and posits reasons to help the librarian defend the use of graphic novels with students.

Getting Graphic! Comics for Kids Michele Gorman, 2007-12 Provides an introduction to graphic novels for both school and public librarians.

The Librarian's Guide to Graphic Novels for Children and Tweens David S. Serchay, 2008 A guide to graphic novels for children and pre-teens offers historical and genre information, provides collection building tips, and discusses how to manage, promote, and maintain the collection.

Fundamentals of Collection Development and Management, Fourth Edition Peggy Johnson, 2018-07-23 Technical Services Quarterly declared that the third edition "must now be considered the essential textbook for collection development and management ... the first place to go for reliable and informative advice. For the fourth edition expert instructor and librarian Johnson has revised and freshened this resource to ensure its timeliness and continued excellence. Each chapter offers complete coverage of one aspect of collection development and management, including numerous suggestions for further reading and narrative case studies exploring the issues. Thorough consideration is given to traditional management topics such as organization of the collection, weeding, staffing, and policymaking; cooperative collection development and management; licenses, negotiation, contracts, maintaining productive relationships with vendors and publishers, and other important purchasing and budgeting topics; important issues such as the ways that changes in information delivery and access technologies continue to reshape the discipline, the evolving needs and expectations of library users, and new roles for subject specialists, all illustrated using updated examples and data; and marketing, liaison activities, and outreach. As a comprehensive introduction for LIS students, a primer for experienced librarians with new collection development and management responsibilities, and a handy reference resource for practitioners as they go about their day-to-day work, the value and usefulness of this book remain unequalled.

iPad for the Older and Wiser Sean McManus, Rosemary Hattersley, 2013-02-01 Easy-to-follow, up-to-date advice on the

new iPad and iPad Mini The over-50 crowd is keeping up with technology like never before and they're eager to learn what the new iPad has to offer them. If you fall into that category, then this book is for you! Featuring an accessible, full-color interior, this new edition gets you up and running on the latest software release and features of the iPad and iPad Mini, in addition to iOS 6. It also includes general information you won't want to miss no matter which iPad you have, such as how to set up and register your iPad, sync it with other devices, download apps from the App Store, play games or watch films, and much more. Gets you up to speed on the latest and greatest features you can enjoy with your new iPad, such as Facebook integration, updated Siri, shared photo streams, and more Walks you through the steps so you can start using your iPad for things you do every day, such as surfing the web, ordering groceries, organizing photos, and staying in touch with family and friends via email Reviews what you need to know to connect to the Internet, sync with other devices, play games or watch films, and more Packed with clear, easy-to-follow instructions and advice reinforced with lots of helpful illustrations, this approachable guide shows you how to make the iPad part of your everyday life.

Fundamentals of Collection Development and Management Peggy Johnson, 2018-01-16 As a comprehensive introduction for LIS students, a primer for experienced librarians with new collection development and management responsibilities, and a handy reference resource for practitioners as they go about their day-to-day work, the value and usefulness of this book remain unequaled.

PAWS: Hazel Has Her Hands Full Nathan Fairbairn, 2025-01-14 More heartwarming and humorous adventures await in the fourth book of this graphic novel series that is the Baby-Sitters Club for pets! Summer break is just around the corner, and the PAWS team is gearing up for a busy season full of dog-walking, travel, and fun! Gabby's got a packed schedule with about a hundred different camps plus playing host to her mysterious cousin visiting from out of town. Meanwhile Mindy is headed to her dad's house for a month-long stay. With so much going on, the girls are looking forward to scaling back and taking it easy this summer. . . with one exception. When the opportunity to cat-sit two new fur babies arises, Hazel jumps at the chance. Their new client's house is even wheelchair accessible! But when everyone's hectic summer plans mean she would have to take on the job alone, Hazel knows her overprotective mother would never approve. On the other hand, managing a side business all on her own could prove that she is much more capable than her mom might think... Hazel soon learns that juggling multiple cats and dogs along with her own physical therapy—while also keeping a big secret—is no easy task. When disaster strikes, will she have the energy to make everything right by herself, or will she be forced to reach out for help and risk getting into even more trouble?

Webcomics Steven Withrow, John Barber, 2005 This instructive guide to an exciting new art medium was written for the cartoonist who knows a lot about drawing, color, and design, but doesn't know how to apply his talents to computer technology. Webcomics shows artists how to get into the fast-growing field of online comics. Created digitally and distributed on the Internet--some for free; others on subscription--webcomics range in style from traditional looking cartoon strips to innovative works that often integrate imagery from photography, video, and other visual arts. This book offers detailed advice on how to design, create, and publish online comics. It also showcases the best webcomics work being produced today. Interviews with leading artists walk readers through all the essential steps in the various creative processes, starting with a story idea and developing it into a finished graphic narrative. More than 400 full-color illustrations, diagrams, and examples of webcomics works.
