**Pseudolaw and Sovereign Citizens** Harry Hobbs, Stephen Young, Joe McIntyre, 2025-02-20 Can you avoid any law you do not consent to? Can you avoid paying taxes by declaring yourself sovereign? Do courts operate under admiralty or maritime law? No. But welcome to the strange world of pseudolaw. This is the first-ever edited volume solely dedicated to examining pseudolaw and its most prominent adherents, sovereign citizens. Drawing on the expertise of judges, criminologists, legal theorists and political sociologists, this collection offers insights into the global growth and alarming adaptability of pseudolaw. While it might be tempting to laugh at the ridiculousness of pseudolaw, it is a serious matter. People who make these claims rob themselves of meaningful legal opportunities and impose great costs to themselves, the administration of justice, and the community. Pseudolaw is also linked to violent extremism and indicative of growing social insecurity. Part I offers ways to analyse and differentiate pseudolaw from other forms of conspiracy ideation and fringe legal interpretation. Part II examines the rise of sovereign citizens and the global spread of pseudolaw. Part III explores contemporary issues arising from pseudolaw, including the rise of far-right extremism, lay-persons in judicial proceedings, fake claims of indigeneity, and fraudulent 'get out of jail' schemes. It concludes by considering how we can respond to this phenomenon.

**Life Admin** Elizabeth F. Emens, 2019-01-01 Reading this book should be at the top of your To Do list. Life Admin will give you many hours of your life back. Every day an unseen form of labor creeps into our lives—stealing precious moments of free

time, placing a strain on our schedules and our relationships, and earning neither appreciation nor compensation in return. This labor is life admin: the kind of secretarial and managerial work necessary to run a life and a household. Elizabeth Emens was a working mother with two young children, swamped like so many of us, when she realized that this invisible labor was consuming her. Desperate to survive and to help others along the way, she conducted interviews and focus groups to gather favorite tips and tricks, admin confessions, and the secrets of admin-happy households. Life Admin tackles the problem of admin in all its forms, from everyday tasks like scheduling doctors appointments and paying bills, to life-cycle events like planning a wedding, a birth, a funeral. Emens explores how this labor is created, how it affects our lives, and how we might avoid, reduce, and redistribute admin whenever possible—as individuals and as a society. Life Admin is the book that will teach us all how to do less of it, and to do it better.

**Crimes of the Community** James Brandon, Salam Hafez, 2008 In recent years, honour crimes have received an increasing amount of interest from the media, the police and politicians. This has been fuelled by the extensive coverage of the murder of several young Kurdish and Pakistani women by their families. This growing public concern has been largely welcomed by women's groups and has prompted the government to take steps to tackle these crimes. However the media's

focus on honour killings and, to a lesser extent, forced marriages and Female Genital Mutilation (FGM) has obscured the true scale of honour-based crime. Honour killings represent only the tip of the iceberg in terms of violence and abuse perpetrated against women in the name of honour.

*Protecting the Right to Life of People Living With Albinism. A Case Study of Kenya* Sylvia Waliaula, 2019-05-17 Diploma Thesis from the year 2018 in the subject Law - Public Law / Constitutional Law / Basic Rights, grade: 64, De Montfort University Leicester (Business and Law), course: LAW, language: English, abstract: This paper examines the question, how, based on the right to life, the lives of people with albinism can and should be protected in the case of Kenya. The Right to life is an inherent right, and both state and non-state actors have legal obligations to refrain from intentional and unlawful deprivation of life. In spite of this, the belief and practice of witchcraft are traditionally rooted in a number of African communities, this has led in a series of violations of the rights of persons living with albinism. The most barbaric of all being the evisceration of their body parts or bones, to use them in witchcraft rituals, aimed to bring success in one's life, cure diseases and also keep evil at bay. Nevertheless, this study examines the legal significance of international treaties protecting the right to life and security of persons living with albinism. An illustration of the principles established in the Convention on the Rights of Persons with disabilities and other core international norms that ordinarily protect the right to life will be demonstrated. Notably, international human rights serve as a catalyst for legal change, through furthering the promotion of fundamental human rights. In light of this observation, this study illustrates national court cases, domestic laws and practices structured by the Kenyan government that comply with its international obligations, in promoting and preserving the right to life of people with albinism.
