

Lost Mine Of Phandelver Free

Thomas Allibone Janvier

Roll to Hit Harry Slater,2025-08-30 “It might be unauthorized, but this book sure is comprehensive. This isn’t just a book about a game. The author focuses on the people who created it and expanded it over the decades as well as the people whose contributions have been hidden in the shadows. A richly detailed, exciting, and frequently surprising history.” -Booklist Roll to Hit: An Unofficial History of Dungeons and Dragons is a deep dive into the story behind the world's most popular tabletop roleplaying game. From its humble beginnings in a basement in a house in a small town in Wisconsin, through the Satanic Panic and the boom and bust of the 90s, all the way to a modern resurgence that has seen the game become a true pop-culture phenomenon, the book tells the tale of the people who have shaped D&D through every step of its development. But more than that, it's a story of leaps of imagination, of shocking circumstances and tragedies, of conflicts and comings-together both on the table and off. From HG Wells playing with toy soldiers to multi-million dollar movie deals, from early war simulations to crazy homebrew campaigns, the book explores the history of D&D and asks why, even after all this time, its name remains a shorthand for the tabletop roleplaying experience. As Dungeons & Dragons reaches its fiftieth birthday, and with the game is as popular as it's ever been, regular players, old school gamers and newcomers are going to find something here to excite and entice. After all, without them, without the players, there'd be no Dungeons & Dragons at all.

Role-Playing Game: práticas, ressignificações e potencialidades Flavio Panhoca,Maira Zucolotto,Pedro Panhoca da Silva,2021-05-13 Este livro reúne pesquisas diretamente ligadas ao Role-playing Game (RPG). Por vezes alvo de críticas negativas pela mídia geral desde seu surgimento e popularização, o RPG passou a ser visto como um jogo que ajudou a socializar pessoas e estimular-lhes a imaginação. Diversos sistemas de jogos e regras foram criados, e com tamanha popularidade desse jogo sua inserção no meio escolar e acadêmico era previsível. Procuramos, nesse livro, trazer importantes colaborações de pesquisadores de todo o Brasil sobre como o RPG pode ser benéfico a mediadores e público-alvo envolvidos. A falta de familiaridade aos assuntos não se mostra empecilho a quem nunca esteve envolvido com esse tipo de jogo, e - como qualquer outro desafio - qualquer interessado poderá aprender e ensinar com o RPG, se dedicar seu tempo para tal. Os textos aqui contidos podem ser um bom ponto de partida para essa nova jornada.
