**L'Ospedale dei pazzi di Roma dai papi al '900** Anna Lia Bonella, Franca Fedeli Bernardini, 1994

**The Nuns of Sant'Ambrogio** Hubert Wolf, 2015-01-13 A true, never-before-told story—discovered in a secret Vatican archive—of sex, poison, and lesbian initiation rites in a nineteenth-century convent. In 1858, a German princess, recently inducted into the convent of Sant'Ambrogio in Rome, wrote a frantic letter to her cousin, a confidant of the Pope, claiming that she was being abused and feared for her life. What the subsequent investigation by the Church's Inquisition uncovered were the extraordinary secrets of Sant'Ambrogio and the illicit behavior of the convent's beautiful young mistress, Maria Luisa. Having convinced those under her charge that she was having regular visions and heavenly visitations, Maria Luisa began to lead and coerce her novices into lesbian initiation rites and heresies. She entered into a highly eroticized relationship with a young theologian known as Padre Peters—urging him to dispense upon her, in the privacy and sanctity of the confessional box, what the two of them referred to as the “special blessing.” What emerges through the fog of centuries is a sex scandal of ecclesiastical significance, skillfully brought to light and vividly reconstructed in scholarly detail. Offering a broad historical background on female mystics and the cult of the Virgin Mary, and drawing on written testimony and original documents, Professor Wolf—Germany's leading scholar of the Catholic Church, and among the very first scholars to be granted access to the archives of the Congregation for the Doctrine of the Faith, formerly the office of the Inquisition—tells the incredible story of how one woman was able to perpetrate deception, heresy, seduction, and murder in the heart of the Church itself.

**Hospitals and Asylums of the World: Asylum construction, with plans and bibliography. 1891** Sir Henry C. Burdett, 1891

**Italian Fascism's Forgotten LGBT Victims** Gabriella Romano, 2024-01-25 This book examines the question of the repression of LGBT people through psychiatry during the fascist regime in Italy, a subject that has not been investigated until now. It draws together the substantial archival record of patients, doctors and fascist authorities to reconstruct intricate behind-the-scenes dialogue, and to document one of the ways in which the regime repressed LGBT lives in this period. Italian Fascism's Forgotten LGBT Victims focusses on three different psychiatric hospitals in three parts of the country - Rome, Florence and the small Calabrian town of Girifalco, which had different attitudes and therapeutic approaches. Archive

research results are contextualised within the psychiatric theory of the time, highlighting the existing discrepancies between theory and daily routine practice of mental health institutions in Italy during the regime. Using a variety of sources, Gabriella Romano expands current knowledge of the history of Italian psychiatry, and, in doing so, she also touches a number of crucial issues of medical history, history of Fascism and queer history. Most importantly, this original and well-documented study sheds light on the life stories of ordinary LGBT individuals and their families under the fascist regime, a topic that is still mostly unexplored.
