**Mike Jess**

**Nothing Else Matters** S. D. Tooley, 2000 He's known by the code name, Sparrow. Authorities can only identify him by the tattoo on the back of his hand. Sparrow is a gun for hire and his next target is Reverend Everett Smith. His orders are to kill the Reverend on the River Queen Casino. But just before he pulls the trigger, someone beats him to it.--Jacket.

*When Nothing Else Matters* Michael Leahy, 2012-12-11 As one of the greatest, most celebrated athletes in history, Michael Jordan conquered professional basketball as no one before. Powered by a potent mix of charisma, near superhuman abilities and a ferocious drive to dominate the game, he achieved every award and accolade conceivable before retiring from the Chicago Bulls and taking an executive post with the Washington Wizards. But retirement didn't suit the man who was once king, and at the advanced age of thirty-eight Michael Jordan decided it was time to reclaim the court that was once his. **WHEN NOTHING ELSE MATTERS** is the definitive account of Jordan's equally spectacular and disastrous return to basketball. Having closely followed Jordan's final two seasons, Michael Leahy draws a fascinating portrait of an intensely complex man hampered by injuries and assaulted by younger players eager to usurp his throne. In this enthralling book Jordan emerges as an ambitious, at times deeply unattractive character with, unsurprisingly, a monstrous ego. **WHEN NOTHING ELSE MATTERS** is an absorbing portrait not only of one athlete's overriding ambition, but also of a society so in thrall to its sports stars that it is blind to all their faults.

**Guitar Music Theory: Fast Track Your Guitar Skills With This Essential Guide to Music Theory & Songwriting For The Guitar. Includes, Songs, Scales, Chords and Much More** Tommy Swindali, Too many people start with bad guitar lessons, get frustrated and give up. Local guitar teachers seem like a great option at first, but you could risk getting stuck with a wannabe rock star who can't really teach you. Or you could try reading but most books are far too bulky and will leave you no better than where you started. Strumming a chord or two is not enough, nor is shredding a mindless solo piece. If you do not understand the essentials of music theory, you will never learn to truly play the guitar. Music theory can be complicated and the biggest hurdle any guitarist faces at the start is understanding what they are seeing. The solution isn't to avoid, but to learn and to face the challenge head on. These concepts are not hard to understand. In this book you will be provided with the information you need to get started and to take your guitar skills to the next level. I will be focusing only on the essential theories, skills, and techniques. Inside you will find clear charts, tips and diagrams - not complicated language. I

will not leave anything on assumption. So if you come across something you think is too complicated, have no fear it will be explained in time. With that being said, all that remains is to begin our journey through the powerful world of guitar playing. In this book you will discover: > Guitar Theory Cheat Sheets & Easy To Follow Diagrams > Easily Learn The Musical Alphabet (this will save you years of frustration) > Visualization Methods to Improve Musicianship & Performance > Scales & Key Signatures - these are methods behind the music (+ tricks to using and reading them) > How To Build Strong Melodies With Triads > Beginner Guitar Chords (all the chords you must know) > Learn The Circle Of Fifths + Why ALL Guitarists Need It! > Music Modes - Bring Life To Your Songs with Modal Color > Songwriting Tips For Guitar Players + How To Overcome Songwriter's Block > Guitar Exercises That Make Music Theory Easy > Gorgeous Color Chords That Will Inspire Your Playing And much, much more... All of these theories and techniques work regardless of the music you wish to pursue, because they are the essentials! Go beyond the phone games to play a real guitar and let me teach you how. I promise you'll get there! Your fingers are going to be sore but it's going to be loads of fun :)
