The Stage and the School, Student Edition Schanker, 1998-03-24 The Stage and the School offers more of what you've always loved about the nation's most comprehensive high school drama program. More hands-on exercises. More teacher support. More discussion of the conventions of the theatre. More opportunities to creative expression through performance. More connections to the other arts. With all the hands-on exercises and application activities, scenes and monologues, chapter openers and reviews, students are provided with every opportunity for success.

**The Stage and the School (Classic Reprint)** Katharine Anne Ommanney, 2018-10-08 Excerpt from The Stage and the School The Stage and the School presents three phases of the drama - appreciation, Interpretation, and production - in a concrete form adapted to classroom use in a manner that has proved successful in actual practice. Each of these phases is thoroughly treated from the point of view of teaching in the special field of dramatics in the high school. These more immediate values of The Stage and the School are obvious and need no elaboration. However, this book has a wider sig

nificance in the whole problem of English teaching in the high school than is contained In Its direct usefulness in the department of dramatics. This wide Significance is the value which I wish especially to point out. It has to do with the whole problem of teaching literature.
