The Five People You Meet in Heaven Mitch Albom, 2007-04-01 From the bestselling author of Tuesdays with Morrie, a war veteran encounters the true significance of life after death in this touching modern classic. On his 83rd birthday, Eddie dies in a tragic amusement park ride accident in an attempt to save a little girl's life. He awakens in the afterlife, where he learns that heaven is not a lush Garden of Eden, but a place where your earthly life is explained to you by both loved ones and distant strangers. As the story builds to its stunning conclusion, Eddie desperately seeks redemption in the still-unknown last act of his life: Was it a heroic success or a devastating failure? The answer, which comes from the most unlikely of sources, is as inspirational as a glimpse of heaven itself. In *The Five People You Meet in Heaven*, Mitch Albom will change everything you've ever thought about the afterlife—and the meaning of our lives here on earth.

Learning by Wandering Marie Martin, 2010 This book uncovers an ancient Irish perspective of learning and reconfigures it to offer a vitality-restoring vision for education in our digital age. Its aim is to help re-engage learners of the Net generation meaningfully and with enjoyment in the learning process. The proliferation of new technologies in the classroom has generally not been accompanied by new pedagogical thinking and the discourse is still framed almost exclusively in terms of the utilitarian mindset of the Western world. Consequently, education is too often delivered within a context that is unfit for purpose. The author argues that we need to bring the wisdom of different cultural perspectives to bear on our understanding of the nature and purpose of learning, and on the role of technology in the learning process. She shares an energising vision of education based on the ancient Irish understanding of learning as nourishment for the human spirit, expressed as learning by wandering. Illustrating the universal and timeless relevance of this understanding, she demonstrates from personal experience how a synthesis of ancient wisdom and new technologies can transform the learning process. This book offers a new dimension to the ongoing debate on the future of education in the Western world.

The Educator's Handbook for Teaching with Primary Sources Scott M. Waring, 2023 Educators across subject areas are striving to integrate primary sources into their pedagogy and teaching. Yet, despite their importance to authentic disciplined inquiry, the implementation of primary source activities in the pre-K-12 classroom has been limited. This lack of utilization can largely be attributed to the perception that these activities are too complex to design, implement, and grade. Many teachers also feel that primary source analysis and the construction of evidence-based narratives is too difficult for

students to complete in the traditional classroom. Waring argues that this is not the case and, with this handbook, provides teacher candidates and inservice teachers with detailed and specific perspectives, activities, approaches, and resources to help them effectively and authentically use primary sources in their classrooms. Book Features: Introduces teaching with primary sources, including detailed examples of authentic and tested instructional ideas and approaches. Designed to meet the needs of classroom teachers and teacher candidates in social studies, English and language arts, mathematics, science, and other fields. Offers dozens of primary sources and links to resources throughout the book. Aligns to national standards, frameworks, and the C3 framework for social studies. Can be used to meet the needs of emerging English learners and students with special needs. Focuses on ways in which educators are utilizing a variety of emerging technologies to engage students in deeper and more authentic ways of learning.

Learning Inclusion in a Digital Age Stephen Dobson, Brit Svoen, Gabriella Agrusti, Pip Hardy, 2024-02-22 This open access book considers how inclusive learning, wellbeing and active citizenship can be encouraged, taught, learnt, and supported in a digital world. The book poses and seeks to address three questions: How can governments and intergovernmental organisations support learning inclusion and active citizenship? How can the education sector and public/private enterprises support learning inclusion and active citizenship? How can professionals and communities work with vulnerable adults who are disadvantaged in a participatory, empowering manner? The Examples discussed in the book draw on the experiences of adult refugees and migrants, as well as people who may experience disadvantage and/or discrimination as a result of their social, economic, political, cultural, religious, physical, mental, age or gender-related status. One methodological pillar in this work is the development of skills in digital storytelling and digital stories creation for personal, community and professional purposes. Conceptually and of interest for researcher and policy makers at local, national and transnational levels, this book brings together a number of related concepts to generate innovative understanding and practices of applied relevance in the age of the pandemic and its aftermath.

Searching for Happiness Martin Thielen, 2016-02-04 The key to happiness is being rich, successful, and beautiful...right? Martin Thielen, best-selling author of *What's the Least I Can Believe and Still Be a Christian?*, insists that this is far from the truth. Happiness, Thielen argues, does not come from external factors like getting a job promotion or finally reaching your goal weight. Rather, happiness is an inside job. In brief, easy-to-read chapters, Thielen offers ten traits of happy and fulfilled people. Using psychological research, personal anecdotes, and Scripture, Thielen begins the path to contentment by showing how life circumstances—including income, health, physical appearance, and marital status—only account for about 10 percent of a person's overall life satisfaction. From there, he offers alternatives to the frequent methods we use to make ourselves happy. Instead of aiming to make more money, Thielen contends that expressing gratitude and cultivating optimism are surer paths to joy. Rather than focusing on constant advancement in our careers, let's practice our

ability to forgive, to be generous, and to use trials as growth opportunities. These lessons, and much more, help readers who may be dissatisfied in their lives see that authentic contentment is closer than they ever imagined. The book features a guide for group or individual study, which includes questions for reflection and a challenge for each individual to reflect on during the week.

Charismatic to the Core Nikki Owen, 2015-09-10 Are you charismatic enough to be a successful leader? You don't have to shout or show off to be charismatic. Charisma is often seen as an intangible concept that unconsciously attracts a negative reaction in the world of business. There is a stereotypical image that a charismatic leader is a confident extrovert with a big personality. Even if charisma can be taught, (and many research papers indicate that you either have it or you don't) the question is: how important is charisma for leadership success? Life puts layers onto individuals, much like paint. Year after year, more layers are added until you no longer know how deeply buried the authentic you is. It's time to start celebrating the real you! In *Charismatic to the Core*, Nikki Owen strips away the unwanted layers and takes you back to your authentic self. It is a revelation, a rebirth, a realisation that life can be on your own terms. Your leadership impact can be whatever you desire it to be. When you are being true to who you really are at your core, your charisma shines through.

Your Next 24 Hours Hal Donaldson, Kirk Noonan, 2017-02-14 If asked, who among us wouldn't say we were kind people? But kindness is often manifested in feelings of pity or sympathy--especially when others are watching--rather than in deeds. And when it comes down to it, what good does mere feeling do for the world? *Your Next 24 Hours* is about something much bigger--a lifestyle of kindness, without thought of reciprocation, extended toward every person in our lives, both friend and foe. Through powerful true stories of kindness lived out, this book shows readers the enormous difference they can make through small, doable acts of kindness in their families, communities, workplaces, schools, and churches. It shows how every encounter with another person is an opportunity to be kind--and a chance to change our world. Readers of *Your Next 24 Hours* will find deep satisfaction and joy as they discover how they can be part of a revolution of kindness that starts with them and reaches out through every person their lives touch.

Helping Children and Adolescents Think about Death, Dying and Bereavement Marian Carter, 2016-07-01 How can children begin to understand death and cope with bereavement? And how can we, as adults, support and engage with children as they encounter this complex subject? Exploring how children and adolescents can engage with all aspects of death, dying and bereavement, this comprehensive guide looks at how children comprehend the death of a pet or someone close to them, their own dying, bereavement and grieving. It covers how you should discuss death with children, with a particular emphasis on the importance of listening to the child and adapting your approach based on their responses. The book offers guidance on how your own experiences of loss can provide you with models for your interactions with children on the subject of death.

The Five People You Meet in Heaven Mitch Albom, 2003 THE FIVE PEOPLE YOU MEET IN HEAVEN is a wonderfully moving fable that addresses the meaning of life, and life after death, in the poignant way that made TUESDAYS WITH MORRIE such an astonishing book. The protagonist is an elderly amusement park maintenance worker named Eddie who, while operating a ride called the 'Free Fall', dies while trying to save a young girl who gets in the way of a falling cart that hurtles to earth. Eddie goes to heaven, where he meets five people who were unexpectedly instrumental in some way in his life. While each guide takes him through heaven, Eddie learns a little bit more about what his time on earth meant, what he was supposed to have learned, and what his true purpose on earth was. Throughout there are dramatic flashbacks where we see scenes from his troubled childhood, his years in the army in the Philippines jungle, and with his first and only love, his wife Marguerite. THE FIVE PEOPLE YOU MEET IN HEAVEN is the perfect follow up to TUESDAYS WITH MORRIE. Its compellingly affecting themes and lyrical telling will fascinate Mitch Albom's huge readership.

The Next Person You Meet in Heaven Mitch Albom, 2018-10-09 In this enchanting sequel to the #1 bestseller The Five People You Meet in Heaven, Mitch Albom tells the story of Eddie's heavenly reunion with Annie—the little girl he saved on earth—in an unforgettable novel of how our lives and losses intersect. In Mitch Albom's beloved novel, The Five People You Meet in Heaven, the world fell in love with Eddie, a grizzled war veteran-turned-amusement park mechanic who died saving the life of a young girl named Annie. Eddie's journey to heaven taught him that every life matters. Now, in this magical sequel, Albom reveals Annie's story. The accident that killed Eddie left an indelible mark on Annie. It took her left hand,

which needed to be surgically reattached. Injured, scarred, and unable to remember why, Annie's life is forever changed by a guilt-ravaged mother who whisks her away from the world she knew. Bullied by her peers and haunted by something she cannot recall, Annie struggles to find acceptance as she grows. When, as a young woman, she reconnects with Paulo, her childhood love, she believes she has finally found happiness. As the novel opens, Annie is marrying Paulo. But when her wedding night day ends in an unimaginable accident, Annie finds herself on her own heavenly journey—and an inevitable reunion with Eddie, one of the five people who will show her how her life mattered in ways she could not have fathomed.
