Maximize Your May Thejendra Sreenivas, 101-01-01 Have you ever experienced tough moments when your life seemed too heavy to bear? When every step you took felt like a Herculean struggle against insurmountable odds? It's in these moments of darkness that you desperately seek a glimmer of hope or inspiration from someone. But it's not easy to find the correct person who can be your mentor. Besides, not all problems in life can be easily shared with someone. So, what do you do? Before I answer let me tell you a story. Once a bankrupt businessman was on his way to commit suicide. He decided to go to some lonely place to snuff out his life and end his financial misery. On the way, he accidentally read an inspirational quote on a billboard. This gave him a sudden dose of courage and he stopped his fatal adventure immediately. He canceled his plan of committing suicide and went home reenergized. Then he rebooted his life and grew his business to greater heights. Now what does this story teach you? Here is the answer. Often, a short piercing sentence, a stinging insult, a famous quote, or a chance remark by someone can have a terrific impact on you than a long lecture, and maybe completely change your life from that moment onwards. This inspirational effect is very similar to how a small pin can puncture a high-pressure balloon or a car tire. Most famous quotes are also short piercing sentences of wisdom that can puncture your high stress and change your life in an instant. They have the remarkable ability to uplift spirits, instill courage, solve problems, and guide you through the darkest of times. For example, a random motivational quote saved the businessman's life by giving him a burst of courage to continue with life no matter what. The literary world is filled with thousands of amazing quotes on topics like Personal Development, Stress Reduction, Mental Health, Management, Leadership, Technology, Inspiration, Motivation, Writing, Publishing, Spirituality, Humor, Satire, etc., by famous people. However, merely reading a great quote is not enough. It is just a small appetizer. To have a full meal, you need to extract insights and wisdom from those great quotes. This book series shows how you can extract the essence and apply it to your life. This insightful series is your daily companion, offering a year's worth of thought-provoking and uplifting affirmations to guide you through each day of the month. From "Jumpstarting Your January" with a renewed sense of purpose to ending with "Delight in December", these books offer a daily dose of wisdom and encouragement. With practical tips and thought-provoking insights, these unique books will surely become your trusted companions for life.

Body , Breath , Mind Roshan Arehole,2019-12-12 Keeping the body in good health is our duty. Otherwise, we won't be able to keep our mind strong and clear. For good health, you need to practice yoga regularly. Everyone knows where is our hands, head and legs are. Now try to connect your breathing along with some movements, which mean exercise or asanas. If you're not connecting your breath to your movements, you'll not get the complete benefits of the asanas. Once you're able to connect your breath, automatically your mind will be connected. But it takes some more practice. This is a step-by-step construction process of your body, breath and mind. Yogasanas helps us to strengthen our joints, bones and muscles. Simultaneously, Pranayama increases our lung capacity and vitality. Mudras helps us to regain our energy, keeping good thoughts much needed for this construction.....

Creating an Authentic Platform and Transcending the Lower Matrix Margaret Doner,2016-07-08 What does it mean to build an authentic platform and transcend the lower matrix? Those of you who have already started the journey toward self-awareness might answer quickly, feeling confident that you know the answer. Others of you might hesitate. Enlightenment is a journey; not a destination. Growth happens. Beliefs come and go, to be replaced by newer ideas and concepts. Being rigid is easy, but being fluid, open, flexible, awake and aware requires tremendous emotional, spiritual, and mental strength and courage. The true Seeker welcomes the challenge of new ideas and knows that the experience is the gift. This book is

designed to challenge and expand your ideas about yourself and your world. I call it a manual for the graduating class because when the soul reaches the mature or old soul age, it realizes that it is time to prepare for the journey back Home. The reintegration of our many selves, strewn by reincarnation through time/space, is an important step in the re-empowering of the present-day self. Through the process of conscious soul retrieval, we create a new authentic platform, and learn to trust the self.
