Anunnaki Religions, and Why You Believe What You Believe. Dr. James Krieger D.D., 2017-02-03 The word anunnaki means princely offspring (John 14:30) whom we call the devil or Satan, whose real name is Yaldabaoth. Dark or fallen angels or spirits really (Eph. 6:12) come to us in many ways, shapes, and forms (Hebrews 13:2). The book of the Babylonia, called Igigu, explains Rev. 13:1. The three ungodly spirits are Yaldabaoth, Sakla, Sammu-el, and their seven authorities created this lower world and all of humanity out of his kingdom of the second heaven called outer darkness. Truth can only come from God. The fullness is called Jesus, the Word of God, the Comforter (John 14, 15, 16, 17). When you are born again in Gods way, this is Gods anointing (1 John 2:27). Let no man teach you because (all) every man is a liar, ignorant of Gods Word (Romans 3:4), as Jesus said in John 10:1. These books of all religions are called heresy because your religions and denominations want to keep you in darkness, bonds, and slavery by servitude through tithes. This is what Jesus said in Matt 11:25-30. He, Jesus, will break these bonds and make you free of man. Religion theology and church doctrine (John 10:1, John 14:6, John 17:17, and Eph. 5:26) will make you (John 8:28-36). This book and the six other teaching guide books that I have written are only knowledge (data) call statements of men's truth. My seven books are taken from the same books that the bishops of Rome used to put the Bible together. Daniel 12:4 means the latter rain or the age of information. Question is, what do Acts 17:11 and 2 Timothy 2:15, written in AD 60, mean to you? It does not mean the Bible.

Forbidden Theology Miles Augustus Navarr, 2012 Over 75% of the people who live on this planet are followers of one of the three major monotheistic religions. They all consider Abraham as the father of their race and religion. They all believe in one singular, all powerful, all knowing benevolent god. The Hebrew call him Yahweh, the Christians refer to him as Father or Lord and Muslims call him Allah, and yet millions and millions of people have been murdered, maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions. Sounds ridiculous, and yet sadly enough, more people have died in the name of religion than any other cause in the history of humanity. Each and every one of us at one time or another has asked or thought about such fundamental questions as, 'Is there a God?' 'Where did humans come from?' 'Why out of millions of species on earth, only humans reached this level of sophistication?' 'Is there a life after death?' 'Is there a purpose to life?' 'Why are we here?' 'Are the scriptures truly the words of god?' More importantly, is there any way we could find answers to such questions? The fact is, the answer to most of these questions, and many more, that we thought unanswerable, have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago. These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment, and are prepared, mentally and spiritually, to tolerate a totally different rendering of the oldest written historical records about mankind's origin, purpose and the truth about god, our maker. The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made, and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion. This is done primarily by relying on our scriptural texts, particularly the Old Testament, as well as other ancient manuscripts such as Sumerian, Akkadian and Babylonian Creation and Genesis epics. The first chapter begins by

examining the behaviour, commands and instructions given by Yahweh to his chosen people. These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies, past and present. The question is then asked, How could an entity, powerful enough to have created the entire universe, issue such cruel and sadistic commands against some of his own creations? Furthermore, Yahweh's behaviour is decidedly pro Hebrew, and shows no regards or thought about non Hebrew masses. How could the universal god show such bias towards a tiny fraction of his creatures, with total disregard for the rest? Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour, actions and directives as stated in the Old Testament, before examining the god of Christianity. In investigating the role and characteristics of God in Christianity, the first thing that immediately becomes apparent is the absence of a prominent role for God the Father, as we had witnessed in Judaism. The Christians, or more specifically Saint Paul, who was the founder and designer of Christianity as we know it today, in order to distance his creation from the Hebrews and religion of Yahweh, invented a new Godhead and named him Jesus Christ (Ancient Greek: Ἰησοῦς Içsous). Born of a virgin, with powers to heal the sick, give sight to the blind and even raise the dead, who was crucified but resurrected three days later. These were all characteristics borrowed from various religions and cults prevalent at the time in the Levant, from Mithraism to the cult of Apoll

Anunnaki Sonny Ramirez,2017-09-13 Humankind has been attempting to answer complex questions for thousands of years. Is there a God? Where do we come from? Is there life somewhere else? Are we alone? Who created us? Is there an afterlife? Is there hell? In the early 1800s, over thirty thousand tablets were found in the ancient biblical city of Nineveh that included the Assyrian palace reliefs, the library of Ashurbanipal, and the Enuma Elish (also known as the Seven Tablets of Creation) that tell the story of the formation of the world and humanity and of the Anunnaki, gods who arrived from the heavens to create the human race. In a comprehensive study, Sonny Ramirez reveals translations of the findings as well as new discoveries in a passionate search for the truth about the origins of humankind as he attempts to piece together the Anunnaki connection and ultimately discover whether the gods of Earth, men, and Nibiru are still with us today. Anunnaki Gods of Earth and Nibiru share and analyze ancient texts that will encourage others to open their minds, imagine the unimaginable, and dream of the possibilities that an endless universe can hold.

The Annunaki in the Bible Justin Goldston, PhD,2025-05-04 What if the legendary gods of ancient Mesopotamia-the Anunnaki-aren't strangers in Scripture, but hidden within its most sacred pages? In *Anunnaki in the Bible*, Dr. Justin Goldston embarks on a pioneering voyage from the clay-tablet archives of Sumer to the Hebrew canon, uncovering the Mesopotamian deities behind names like Bel, Ishtar, Nergal, and Sin. Guided by the Gemach Pedagogy and a groundbreaking Web3 Systems Thinking framework, Goldston offers a fresh lens on passages from Genesis to Chronicles, revealing how these ancient fallen ones intersect with the Sons of God, the Nephilim, and the cataclysm of the Flood.

Anunnaki Sasha Lessin,Janet Kira Lessin,2015-03-21 Anunnaki: False Gods extends Zecharia Sitchin's translations from clay tablets that underlie the Bible. Ten thousand years ago, scribes in ancient Sumer (Iraq) wrote on these tablets what they said the Anunnaki gods (tall people from the sky) dictated. Sitchin asked Dr. Lessin to keep public attention on his legacy by creating an educational program. The Anunnaki are Homo sapiens like us but who live hundreds of thousands of years. They said they rocketed to Iraq 450,000 years ago from a planet called Nibiru to harvest gold to send back (via Mars) to Nibiru to powder into an atmospheric shield. They mined abundant gold in Africa until, 300,000 years ago, their miners mutinied. To replace the mutineers, Anunnaki geneticists created short-lived slaves, called Adamites, adapted from their own genome but modified with a bit of clay, copper and genes from an intelligent hominoid, Homo erectus (Bigfoot's ancestor) already living in Africa. Two hundred thousand years ago, Enki, their Chief Scientist, begat a line of Earthlings called Adapites with two Adamite girls. Fifty thousand years ago Enki and an Adamite beauty begat Noah, who carried Enki's longevity genes and ruled the Iraqi city of Sharuppak. Enki saved Noah and many of his subjects from the Deluge of 13,000 years ago. The Anunnaki had Noah's people and other flood survivors proliferate and build cities in the Middle East and Egypt with up to 50,000 inhabitants. The Anunnaki ruled the new civilizations as gods with descendants of Noah's sons as intermediaries. The Anunnaki gave us the best and the worst of planet-wide civilization--kings, historians, taxes, temples, priests, bicameral

congresses, record-keeping, law codes, library catalogs, furnaces, kilns, wheeled vehicles, paved roads, medicines, cosmogony, cosmology, festivals, beer, food recipes, art, music, music instruments, music notes, dance, textiles, and multicolored apparel. Sumerian schools taught mathematics, architecture, theology, writing, grammar, botany, zoology, geography. They displayed but did not pass on a world-wide energy grid, air, submarine and interplanetary transport vehicles and advanced computers. They also gave us hierarchy, misogyny, violence, greed, slavery, debt and war that featured genocide and weapons of mass destruction. In 2024 BCE Anunnaki ruined their eastern Mediterranean cities with nuclear blasts and fallout storms. Most of the Anunnaki returned to Nibiru by 311 BCE. But some stayed. They and their descendants (the power elite) rule us to this day. They and their spawn created and perpetuate exclusive, hostile nations and religions to keep us divided. They addicted us to credit institutions to keep us slaving. Their tales of their stay on Earth before they made our ancestors, as well as what our forefathers directly saw, imprinted us with the values of their hierarchic, male-run, master-slave-enemy mentality. We assumed values of extraction, pollution, monetary monopoly and obsession with gold. Fortunately, the Lessins contend, the genetics team that created us also gave us the capacity and preserved the histories Sitchin and others translated so we can overcome the liabilities they left us.

Would you believe me? These and more questions are revealed in this book ANUNNAKI GODS BIBLE: GENESIS 1

THE MIND, BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity. Which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative, are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki(Ea). From his home planet Nibiru, the eponymous God of creation, imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians (Mithrum). Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar's of god on Earth. Reading this book gives you this powerful insight from a mind, body, and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African-Egyptian consciousness of spiritual science precepts. The Kemetic ankh (life) became the Christian cross (death). Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible, religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of genesis. Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods. The truth about the elite, Royals pantheon of alien gods as Anunnaki Anu, Enlil, and Enki as: Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites, which was the hidden books

of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis, as it should be taught. Not like the Christian, Catholic, Protestant, and Baptist religions teach the gospels of the Christian, savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian, Catholic, Protestant, and Baptist religions of blind faith. But in its purest form of theology, that is primarily the Gospels of death, salvation, and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative, its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki (Ea) deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces, omitted the rulers, suppressed by the Church, or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes, manipulated and used to fashion Adam (men) as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition, logic, and reason.

Elohim and the Anunnaki Prince Kerry L Barger, 2020-06-08 This book attempts to determine the origins of the God of the Bible, based on the most ancient documents available to date. Originally titled Abraham, Moses and Elohim, this book examines the possibility that mankind was not alone on Earth during our prehistory, when our oldest legends of ancient gods and demigods first originated. Many recently discovered texts were written within only a few generations after the great flood of Noah's time around 5,000 years ago. Some of our antediluvian myths are based on actual individuals and events that took place before our oldest civilizations invented writing. In fact, there may have been an entire civilization of extraterrestrials who came to Earth and enslaved the earliest humans, in order to exploit them for manual labor. Conflicts among the rulers of these Anunnaki gods led to devastating wars that are described in the oldest myths of ancient India, ancient Sumer, in Egypt, and even in your Bible. The most powerful of these rulers continued to wage war during the first centuries of mankind's written history. One such war began and ended with the complete annihilation of Sodom and Gomorrah and two additional cities in a territory that was being controlled by the fallen angel we know as Satan, the Prince of the Power of the Air. The Apostle Paul made reference to this title in the first century A.D., but the Prince of the Power of the Air was once a highly honored position among one of the two most powerful gods of the ancient world. The other supreme Anunnaki ruler, the Lord of the Earth, was credited with having created the first humans in the world's oldest

literature. However, the Anunnaki and early humans were not alone on our planet. There was an even more powerful entity working behind the scenes. The ancient Sumerians knew him as the Father of All Beginning. Together with the Creator of All, it was He who actually created the heavens and the earth and initially seeded our planet with life. Whether or not humanity continues to exist is simply a matter of faith. A single cosmic catastrophic event could destroy all life on Earth in an instant, and only an actual deity capable of controlling time and space could save us. The Anunnaki cannot and never could perform miracles. But there is a God who can.
