**The World of Musicals** Mark A. Robinson, 2014-04-17 This wide-ranging, two-volume encyclopedia of musicals old and new will captivate young fans—and prove invaluable to those contemplating staging a musical production. Written with high school students in mind, *The World of Musicals: An Encyclopedia of Stage, Screen, and Song* encompasses not only Broadway and film musicals, but also made-for-television musicals, a genre that has been largely ignored. The two volumes cover significant musicals in easily accessible entries that offer both useful information and fun facts. Each entry lists the work's writers, composers, directors, choreographers, and cast, and includes a song list, a synopsis, and descriptions of the original production and important revivals or remakes. Biographical entries share the stories of some of the brightest and most celebrated talents in the business. The encyclopedia will undoubtedly ignite and feed student interest in musical theatre. At the same time, it will prove a wonderful resource for teachers or community theatre directors charged with selecting and producing shows. In fact, anyone interested in theatre, film, television, or music will be fascinated by the work's tantalizing bits of historical and theatre trivia.

Staging Musicals Matthew White, 2019-02-07 Ever dreamt of putting on a musical from scratch? Or perhaps you already have, but some extra guidance would be welcome. Look no further: this book will give you all the information you need to successfully stage a musical. Placing a firm emphasis on good organisation and careful planning, Matthew White guides the reader through the various stages and processes involved in putting on a musical theatre production: from choosing the right show and creating budgets and schedules, through holding auditions and taking rehearsals, culminating in the final run of performances and the after-show party. The book also explains how to deal successfully with everything from set, costume, and lighting design to ticket sales and publicity. Drawing on his own extensive experience working as a director, actor, and writer in professional musical theatre, the author also talks to other key industry figures to explore how they contribute to the overall process of putting on a show. *Staging Musicals* is the ultimate step-by-step guide for anyone planning a production, whether working with amateurs, students, or young professionals.

*Constructing Sexualities and Gendered Bodies in School Spaces* Jón Ingvar Kjarran, 2017-02-20 This book sheds light on how sexuality and gender intersect in producing heteronormativity within the school system in Iceland. In spite of recent support for progressive policies regarding sexual and gender equality in the country, there remains a discrepancy between

policy and practice with respect to LGBTQ rights and attitudes within the school system. This book draws on ethnographic data and interviews with LGBTQ students in high schools across the country and reveals that, although Nordic countries are sometimes portrayed as queer utopias, the school system in Iceland has a long road ahead in making schools more inclusive for all students.

**The Films of Alan Parker, 1976-2003** David F. Gonthier, Jr., Timothy M. O'Brien, 2015-09-16 The offbeat musicals *Fame* (1980), *Pink Floyd--The Wall* (1982), *The Commitments* (1991) and *Evita* (1996)... The stylized biopics *Midnight Express* (1978), *Mississippi Burning* (1988), *The Road to Wellville* (1994) and *Angela's Ashes* (1999)... The visceral social dramas *Shoot the Moon* (1982), *Birdy* (1984), *Come See the Paradise* (1990) and *The Life of David Gale* (2003)... The one-of-kind genre films *Bugsy Malone* (1979) and *Angel Heart* (1987)... These are the films of British director, writer, producer and cartoonist Sir Alan Parker. Among many awards and a knighthood, Parker is the founding director of the Director's Guild of Great Britain, and in 2013 won the honorary British Academy of Film and Television Arts Fellowship Award. Parker is known for his humility as a director and has never considered himself an auteur: I have total admiration for film crews. They are the true heroes of the filmmaking process, not directors. He has worked alongside producer Alan Marshall, cinematographer Michael Seresin and the late film editor, Gerry Hambling. This book is the first study of his complete body of feature films (1976-2003).

**The British Pop Music Film** S. Glynn, 2013-05-07 The first detailed examination of the place of pop music film in British cinema, Stephen Glynn explores the interpenetration of music and cinema in an economic, social and aesthetic context through case studies ranging from Cliff Richard to The Rolling Stones, and from The Beatles to Plan B.
