David Wann

Creating a Life Together Diana Leafe Christian, 2003-01-01 An intentional community is a group of people who have chosen to live or work together in pursuit of a common ideal or vision. An ecovillage is a village-scale intentional community that intends to create, ecological, social, economic, and spiritual sustainability over several generations. The 90s saw a revitalized surge of interest in intentional communities and ecovillages in North America: the number of intentional communities listed in the Communities Directory increased 60 percent between 1990 and 1995. But only 10 percent of the actual number of forming-community groups actually succeeded. Ninety percent failed, often in conflict and heartbreak. After visiting and interviewing founders of dozens of successful and failed communities, along with her own forming-community experiences, the author concluded that the successful 10 percent had all done the same five or six things right, and the unsuccessful 90 percent had made the same handful of mistakes. Recognizing that a wealth of wisdom were contained in these experiences, she set out to distill and capture them in one place. *Creating a Life Together* is the only resource available that provides step-by-step, practical how-to information on how to launch and sustain a successful ecovillage or intentional community. Through anecdotes, stories, and cautionary tales about real communities, and by profiling seven successful communities in depth, the book examines the successful 10 percent and why 90 percent fail; the role of community founders; getting a group off to a good start; vision and vision documents; decision-making and governance; agreements; legal options; finding, financing, and developing land; structuring a community economy; selecting new members; and communication, process, and dealing well with conflict. Sample vision documents, community agreements, and visioning exercises are included, along with abundant resources for learning more.

How Youth Ministry Can Change Theological Education - If We Let It Kenda Creasy Dean ,Christy Lang Hearlson, 2016 Since 1993, forty-nine theological seminaries have created opportunities for high school students to participate in on-campus High School Theology Programs (HSTPs) that invite them to engage in serious biblical and theological study. Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches. What has made these programs so successful -- especially given the well-documented crisis of faith among young people today? In this book thirteen contributors -- many of whom have created or led one of these innovative theology programs -- investigate answers to this question. They examine the pedagogical practices the HSTPs have in common and explore how they are contributing

to the leadership of the church. They then show how the lessons gleaned from these successful programs can help churches, denominations, and seminaries reimagine both theological education and youth ministry.

Kabbalah and Psychoanalysis Michael Eigen, 2018-03-08 Wilfred Bion once said, I use the Kabbalah as a framework for psychoanalysis. Both are preoccupied with catastrophe and faith, infinity and intensity of experience, shatter and growth of being that supports dimensions which sensitivity opens. Both are preoccupied with ontological implications of the Unknown and the importance of emotional life. This work is a psychospiritual adventure touching the places Kabbalah and psychoanalysis give something to each other. Michael Eigen uses aspects of Bion, Winnicott, Akivah, Luria and Nachman (and many more) as colours on a palette to open realities for growth of experience. Bion called faith the psychoanalytic attitude and Eigen here explores creative, paradoxical, multidimensional aspects of faith. Eigen previously wrote of psychoanalysis as a form of prayer in *The Psychoanalytic Mystic*. In *Kabbalah and Psychoanalysis* he writes of creative faith. Sessions as crucibles in which diverse currents of personality mix in new ways, alchemy or soul chemistry perhaps, or simply homage to our embryonic nature which responds to the breath of feeling moment to moment.

The Metaphysics of Sex ...in a Changing World! Christopher Alan Anderson, 2014-07-16 Is sex metaphysical? This is to say, does it have a purpose and a nature that is encoded in the very construct of the universe? These are the questions the author takes up in this day and age where most everything is up for grabs. This writing is not without an examination of sensitive issues and explicit terms. Think of it as a third way, if you will. It resides between the fixed identity of our declining religions and the fluid identity of the emerging L,G,B,T,Q movement. In that it presents to us all another choice. In the end, it is about a construct for sexual balance that any reader can understand and use as a guide for his or her life. Keywords: Metaphysics, Sex, Relationship, Procreation, Soul, Life, Birth, Love, Desire, Healing

Channeling the Eternal Woman Christopher Alan Anderson, 2014-03-03 Who is the Eternal Woman and how may we connect with her? These are the two critical questions the author considers in this breathtaking expose' on the Eternal Woman, the nature of channeling, how to truly connect, and what one is actually connecting with. The author covers a number of topics including discovering source, identity, soul mates, spiritual healing, and finding love. Channeling the Eternal Woman is also a metaphysical discourse on the whole concept of God and spirit.

The Eternal Marriage Christopher Alan Anderson, 2012-09-13 It has always been somewhat of a mystery to me why so little has been written on the subject of eternal marriage, not as romantic fantasy but as actual metaphysical fact. It seems to me that if we actually look into our heart of hearts, eternal marriage is the greatest of all ideas and realities that we can embrace. I have always believed this and so this undertaking is being offered. When a man and a woman come into a relationship in the spirit of eternal marriage, they together are in the truth. It is this truth that we shall know for it is here to be known. Indeed, we can now speak it and in our speaking, we are set free for there is no greater solace for our souls. The

Eternal Marriage Author Bio: Christopher Alan Anderson (1950 -) received the basis of his education from the University of Science and Philosophy, Swannanoa, Waynesboro, Virginia. He resides in the transcendental/romantic tradition, that vein of spiritual creativity of the philosopher and poet. His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love. Mr. Anderson began these writings in 1971. The first writings were published in 1985. On a personal note, when Mr. Anderson was asked to describe the writings and what he felt their message was he responded, Spiritual procreation. Mankind has yet to distinguish the two sexes on the spiritual level. In this failure lies the root of our problems and why we cannot yet touch the eternal together. The message of man and woman balance brings each of us together in love with our eternal other half right now. keywords: Eternal Marriage, Co-Creation, Metaphysical Truth, Sexual Connection

Meditations for Deepening Love - Collection Christopher Alan Anderson, 2012-09-12 The collection includes 47 booklets that highlight the author's writings and allows the reader to experience eternal love, one to another. keywords: Meditation, Love, Metaphysics, Sexual, Surrender, Eternal, Life, Romance, Freedom...

Singleness and Marriage after Christendom Lina Toth, 2021-07-28 Momentous change is taking place in Western societies and churches. Singleness is on the rise, along with growing interest in different pathways to human happiness. However, we still largely consider coupledness as the norm and a symbol of the good life. This is especially true in the Christian context, where the decline of traditional marriage and family patterns is often presented as an erosion of the Christian way of living. Yet when the church was very young, the world was also very concerned with the demise of traditional family ways--but the culprits accused of destroying family values were none other than Christians. A considerable number of them willingly chose to forego marriage, embracing Jesus's vision of a new kind of a family: the church. This book follows the changes in the practice of marriage and singleness, from those early days of the Christian movement to our modern preoccupation with romance and coupledness as essential ingredients of a happy, fulfilled life. It argues that the current surge in the number of single people is actually an opportunity for us to reconsider both singleness and marriage in the larger context of a community of faith.

Man, Woman, and God Christopher Alan Anderson, 2012-09-13 This writing presents to man find a new conception and definition of God based on man and woman balance (procreative love). It includes four separate works: The Community of Man and Woman; The Eternal Marriage; I Carry the Cross, too: The Completion of the Message of Jesus Christ; and Man, Woman, and God. The new theology of creative balance presents us with a new Trinity. The new Trinity is comprised of God the Father and God the Mother, their interaction (love) together creating the holy (pure) child. It is balanced. We leave behind the old Trinity of God the Father, God the Son, and God the Holy Spirit. We leave it behind because it did not place male and female in the position of co-creator with their other half. Man, Woman, and God: Four Collected Works Author Bio:

Changing Theory Dilip M Menon,2022-05-02 This book is an original, systematic, and radical attempt at decolonizing critical theory. Drawing on linguistic concepts from 16 languages from Asia, Africa, the Arab world, and South America, the essays in the volume explore the entailments of words while discussing their conceptual implications for the humanities and the social sciences everywhere. The essays engage in the work of thinking through words to generate a conceptual vocabulary that will allow for a global conversation on social theory which will be necessarily multilingual. With essays by scholars, across generations, and from a variety of disciplines – history, anthropology, and philosophy to literature and political theory – this book will be essential reading for scholars, researchers, and students of critical theory and the social sciences.
