LA ESTRELLA PERDIDA (Segundo libro de la trilogía a EL PAPIRO). Diego Fortunato, 2021-01-29 Sinopsis ¡REVELADORA!... ¡ÚNICA E IRREPETIBLE!... Un grupo de arqueólogos descubren en unos viejos papiros el misterio de La Vera Cruz, la cruz de la crucifixión de Cristo. Los escritos revelaban que los esenios, hermandad de la que formaba parte Jesucristo, la habían llevado y escondido en la cima del enigmático Kukenán, el llamado Tepuy de los Muertos, en la Gran Sabana, al sureste de Venezuela. Divor Klaus, un avezado antropólogo y aventurero, parte a buscarla porque los pergaminos revelaban que la cruz se materializaría a las tres de la tarde del Domingo de Resurrección de ese año. La Santa Sede, apoyada por los Dei Pax, una banda de sicarios al servicio de la Iglesia, va tras su pista, pero se topa con un místico secreto: el nacimiento en la tierra de los Nion, una especie de niños ángeles con poderes celestiales. Intrigas y confabulaciones se apoderan del Vaticano y sus más altos prelados hasta que el día señalado deviene la alineación del Triángulo Divino, acontecimiento que devela nuevas y tenebrosas profecías para la humanidad. Cuadro de la portada: En el año del silencio, de Diego Fortunato (Serie Horizontes Perdidos, 1991).-

Pequeñas labores Rivka Galchen, 2023-08-07 *Pequeñas labores* es una amalgama literaria singular y embriagadora que encuentra su principal fuente de inspiración en el fascinante *El libro de la almohada*, la obra maestra del periodo Heian escrita por la dama de la corte Sei Shōnagon. Igual que en aquel magnífico ensayo digresivo, pieza inaugural del género conocido como zuihitsu, la prosa de Galchen traspasa las fronteras de los géneros para revelarnos las pesadumbres, debilidades y cavilaciones de una escritora excepcional que atraviesa la experiencia común y al mismo tiempo extraordinaria de la maternidad con enorme perspicacia y sentido del humor. Un prodigioso gabinete de curiosidades, historias, listas y apuntes compuesto desde el asombro de la propia vivencia por una de las autoras más sensibles, talentosas y elegantes de nuestra época.

Más allá de los niños índigo P. M. H. Atwater, 2008-01-07 Según la profecía, el quinto sol o quinto mundo del calendario maya entra en ascensión el 21 de diciembre de 2012. Esta fecha representa una “puerta de acceso” en el desarrollo planetario que expondrá a la humanidad a nuevas formas de vivir y nuevos mundos de oportunidades. Las predicciones de la antigüedad indican que nuestra transición satisfactoria a través de esta puerta de acceso depende de la “quinta raza raíz” (la nueva expresión de la reserva genética humana) destinada a ayudarnos a sobrellevar los enormes y

emocionantes cambios que nos aguardan. En Más allá de los niños índigo, P. M. H. Atwater arroja luz sobre las características de los extraordinarios “nuevos niños” de la quinta raza raíz, esos chicos brillantes e irreverentes que han nacido desde 1982. La autora explora la relación de los nuevos niños con las profecías del calendario maya y otras tradiciones, proveyendo amplia información de antecedentes acerca de las siete razas raíz (la sexta y séptima de las cuales aún no han surgido) y la gran transformación de la conciencia que ya está teniendo lugar. La autora revela la conexión existente entre las siete razas raíz y los siete chakras, y la manera en que la humanidad verá abrirse el quinto chakra (el de la voluntad) a medida que los nuevos niños lleguen a la madurez. Analiza además el fenómeno de la inteligencia creciente y el potencial sin desarrollar y ofrece orientaciones y herramientas concretas para los que procuran comprender y ayudar a los nuevos niños a realizar todo su potencial. Más allá de los niños índigo es el primer estudio importante de los niños de hoy y del lugar que ocupan en nuestro mundo rápidamente cambiante; combina la investigación objetiva con la revelación mística y las profecías.

Niños Cristal Isabel Leal,2014-06 La energía Cristal es de una gran amplitud espiritual y muy intensa. Esta energía es fundamental para la transición a la era de Acuario. Los niños Cristal, cuya generación sucede a la de los niños Índigo, han venido a este planeta para facilitar esta transición. Su misión es transformar el mundo a través de su presencia. Isabel Leal revela las principales características de los niños Cristal, explicando el papel que desempeñan, con el objetivo de ayudar a los padres y educadores a acompañarlos en su desarrollo.

Le dicen amor cuando realmente es brujería Lía Vanesa Cruz Sanz,Lucía Cruz,2017-11-27 Elizabeth Wilvock y Bella Smith dedican su vida a la investigación de casos paranormales desde el momento que una experiencia en común las une de manera irreversible. Juntas descubrirán que no todo es como parece ser y que muchas historias esconden oscuros secretos. Tras años y años de búsqueda de la Verdad, deciden escribir un libro contando al detalle cada suceso de sus vidas y las de diferentes personas que se cruzan en el camino pidiendo ayuda; para poder demostrarle al mundo que no todas las relaciones personales se crean en nombre del «AMOR». ¿Acaso has sentido alguna vez que estás atrapado en una relación sin poder salir, sin motivo aparente? ¿Alguna vez has visto como alguien cambia drásticamente de comportamiento, transformándose en otra persona? ¿Te has preguntado alguna vez si te han hecho brujería?

El libro de Shaiya Sergi Bel,2022-02-21 El Libro de Shaiya consta de dos partes, en la primera cuento, la que para mí fue la experiencia más importante de mi vida antes del nacimiento de mi hija Shaiya, un viaje chamánico en las mismas entrañas del Amazonas donde me sumergí en las profundas enseñanzas de la planta maestra Ayahuasca. En la segunda, inicio un íntimo y fluido dialogo atemporal con mi hija ya de adulta, expresando el conjunto de saberes y conocimiento que allí se me mostraron y adquirí, respondiéndole con ello las eternas preguntas de ¿quién soy?, ¿de dónde vengo? y ¿a dónde voy?
