Los fundamentos de la medicina china ,

Bach Flower Essences and Chinese Medicine Pablo Noriega,2016-06-16 A guide to applying the power and wisdom of Chinese Medicine to Bach Flower Therapy • Includes detailed write-ups about the indications and effects of each of the original 38 Bach flower remedies according to Chinese Medicine • Explains the relationships between specific emotions, symptoms, and regions of the body according to Chinese Medicine • Offers a complementary method of Flower Essence evaluation using physical conditions to access the emotions Bach flower essences provide excellent tools for balancing energetic disturbances generated by emotions. Yet people often have trouble clearly expressing their feelings and emotions, making selection of a specific flower essence difficult. Drawing upon the centuries-old relationships established in Chinese Medicine between emotions and physical disorders, Pablo Noriega shows how to use a person's descriptions of their complaints and chronic conditions combined with Flower-type personality traits to diagnose which flower essence to prescribe in each unique case. The author includes a full primer on Chinese Medicine, exploring in detail the main principles: Yin and Yang; the Five Elements and their associated Organs; Blood and Energy; the Virtues, the behaviors that can strengthen the Elements; and the Psyches, the energetic spirit of each Organ. He reveals the direct correspondences between specific emotions, symptoms, and regions of the body and how the Flowers help regulate Spirit and work on the emotional foundations of many common chronic disorders. Providing detailed profiles about each of the original 38 Bach flower remedies according to Chinese Medicine, Noriega explains how to prescribe flower essences for prevention of predisposed conditions, for healing of acute and chronic ailments, and for disorders that arise from stagnant energy and yin-yang imbalances. Offering flower essence therapists new possibilities for evaluation and treatment, this guide also helps Chinese Medicine practitioners incorporate Flower Essences into their practice.

Small Animal Surgery. Bloodless Surgery José Rodríguez Gómez,Jorge Llinás,Guillermo C.

Couto,2020-09-14T00:00:00+02:00 José Rodríguez, together with Guillermo Couto and Jorge Llinás, surprises us again with a new volume of the Small Animal Surgery collection, although this time he focuses on the application of bloodless surgery.

The author and his colleagues use their wide experience to show readers the importance of ensuring appropriate haemostasis in surgical procedures. The basic principles of haemostasis, their practical application in various clinical cases or the different techniques available are explained throughout the book, and the information is complemented by numerous images that will help the clinician to ensure haemostasis (making knots step by step, surgical procedures shown in sequences of images, etc.). This work also stands out by including high-quality and very didactic videos, with which the reader will be able to gain valuable knowledge.

Compendio de Medicina China Eric Marié,1998-02

Los fundamentos de la medicina china Giovanni Maciocia,2002

Fundamentos de medicina tradicional china Juan Francisco Jaramillo Giraldo,2015-08-18 Un libro de gran utilidad para el practicante de cualquiera de las múltiples ramas de la medicina tradicional china, ya sea Acupuntura, Hierbas Chinas, Masaje, Qi-gong, Tai-chi-chuan, etc., y también para quienes trabajan la Macrobiótica, el Shiatzu y las Artes Marciales. Sirve además al neófito interesado, pues parte de los principios más elementales de la Medicina Oriental y paulatinamente va tejiendo la intrincada red de leyes y métodos que caracterizan esta disciplina, describiendo sistemáticamente lo más relevante de su Semiología y tratamiento. El poder disponer de una edición en español de un texto básico de medicina tradicional china, utilizado en los principales institutos especializados de China, entre los que se cuentan los de Beijing, Shanghai, Guangzhou, Mongolia Interior, Jiangxi y Fujian, llena un gran vacío en la bibliografía sobre el tema y constituye, para América Latina, un aporte decisivo al conocimiento de los principios que rigen la práctica de este arte milenario.

Mosby's Fundamentals of Therapeutic Massage Sandy Fritz,2004 In this update of the 2000 edition, Fritz, the owner and head instructor of a school of therapeutic massage and bodywork in Michigan, treats touch as a form of communication and expands coverage of ethical and legal issues, contra/indications for massage, and condition assessment and management. The treatment of medical terminology, core principles, and techniques is enhanced by color illustrations, case studies, review questions, resources and other appended information. The first edition was published in 1995. Annotation : 2004 Book News, Inc., Portland, OR (booknews.com).

Taoísmo Cayetano Roberto Campisi, El taoísmo es más que una filosofía, más que una religión, más que un conjunto de enseñanzas transmitidas a lo largo de los siglos. Es un camino, un fluir, una forma de estar en el mundo sin imponerse sobre él. Es el arte de la sencillez, la armonía con la naturaleza y la comprensión de que la suavidad vence a la rigidez, de que el vacío puede ser más útil que la materia y de que el verdadero conocimiento surge del silencio. Desde tiempos inmemoriales, las enseñanzas de Lao-Tsé han resonado en quienes buscan equilibrio en medio del caos. Su obra, el Tao Te Ching, es un compendio de sabiduría que nos invita a desaprender lo superfluo, a soltar lo innecesario y a confiar en el fluir espontáneo de la existencia. En sus versos, encontramos la paradoja de la vida: cuanto más nos esforzamos por controlar, más perdemos el control; cuanto más nos resistimos al cambio, más sufrimos; cuanto más nos vaciamos de ego, más plenos nos sentimos. Este libro no pretende explicar el taoísmo como una doctrina cerrada, sino abrir una puerta hacia su esencia, para que cada lector descubra su propio camino. No hay reglas estrictas ni respuestas absolutas, porque el Tao no se captura con palabras, sino que se experimenta en la vida misma. Que estas páginas sean un río sereno en el que puedas sumergirte sin prisas. Que en su lectura encuentres pausas, respiraciones, espacios donde la mente se aquiete y el espíritu se expanda. Y que, al final, puedas ver con nuevos ojos la simple verdad que siempre ha estado frente a ti: el Tao no se busca, porque nunca ha estado

lejos.
