Train Like Barcelona. Play Like Barcelona. Marcus DiBernardo, 2015-06-12 This book is not designed to break down in detail Barcelona's formations and tactics. It is not an in depth tactical analysis of each player's role and responsibilities in the Barcelona system of play either. The focus of this book is to provide you with training ground exercises direct from FC Barcelona. The exercises focus on the major principles and concepts that Barcelona embrace as an entire club. Each exercise directly relates to the Barcelona Training Model that fits directly into the Barcelona Game Model. The exercises in the book cover the four phases of the game: attacking transition, attacking organization, defensive transition and defensive organization. FC Barcelona is famous for their total commitment to play their style of soccer with all their teams from U8 all the way up to the first team. Many people refer to the Barcelona style of play as Tiki Taka. The Tiki Taka possession style of soccer Barcelona plays requires years and years of training. Players must be technically gifted with a complete understanding of the Barca system. In the simplest of explanations Barcelona's former Coach Pep Guardiola explains the Barcelona style of play as, This is a game of 11v11 with one ball and we try to keep this ball, we try to play with this ball. Guardiola is basically saying that at Barcelona ball possession and ball circulation is of the highest importance. The players are trained to pass the ball and keep the ball under intense pressure from the opposing team. While in possession supporting players form triangles and diamonds to support the player with the ball (provides multiple passing options). FC Barcelona has proven that their method works and works very well. Just look in their trophy cabinet! They have won the treble twice in the last ten years along with 7 La Liga titles in 10 years! The exercises in this book will have your team training like Barcelona and through time playing like Barcelona (training model = game model).

Barca Graham Hunter, 2012 With their victory in the Champions League final of 2011, Barcelona established themselves as the greatest football team in the world; some people already believe they are the greatest of all time. During 10 years

reporting on Spanish football from his Barcelona base, GRAHAM HUNTER has watched this team grow up. His knowledge of the stories behind how they became Spanish, European and world champions is unsurpassed. In *Barça: The Making of the Greatest Team in the World*, he takes you on to the pitch and the training ground, inside the dressing room and along the corridors of power of FC Barcelona. Fc Barcelona - a Tactical Analysis Terzis Athanasios, 2012-02 FC Barcelona: A Tactical Analysis - Defending A Team from Another Planet! A Tactical Blue-Print of Pep Guardiola's Barcelona Team This book is an exclusive and groundbreaking study of Pep Guardiola's Barcelona team. This information and analysis of one of the most successful club sides in history has been in high demand and it is finally here! The defensive part of Barcelona's game does not get enough attention, but is integral to their philosophy and all their superior style of play. The main elements of their tactics include pressure high up the pitch, winning the ball back quickly, maintaining a numerical advantage around the ball zone and pushing their opponents wide to limit their space. We can now see a full analysis of Barcelona's defensive tactics which have been so important to their success. The book shows Barca's 4-3-3 system of play, each player's responsibilities, positioning and movement within every possible phase of play. Terzis Athanasios is a Tactical Professor of Football and has compiled an extensive assessment of Barcelona's attacking play after over 1000 hours of studying all the games from the 2010-11 season. Guardiola's team has won 3 La Liga championships, 2 UEFA Champions Leagues, 4 Spanish Cups, 2 Super Cups, and 2 FIFA World Club World Cups. The book starts with the characteristics of the players and the philosophy of Barcelona and builds into a comprehensive overview of the defensive tactics employed with clear diagrams and detailed descriptions. Included: - Strategies used to counter specific formations (the 4-4-2, 4-2-3-1, 4-3-2-1, 5-3-2 and the 4-3-2-1). - Assessments of specific phases of play (central zone, near the side-lines and set plays). - Pressure, cover and support from front, middle and defensive zones - Preventing and limiting opposition space - Defending from set-pieces - Plus a lot more - SEE FULL BOOK CONTENTS BELOW This gives football coaches an unbelievable chance to learn how Barcelona play and adapt their tactics to combat any team they play. Their defensive work is so important to their success and allows them to be such a strong attacking force.

Il raconte sa création par un groupe enthousiaste constitué de Suisses, d'Anglais, de Catalans et d'Allemands en 1899, la lutte pour rester aux avant-postes lors des décennies de répression et son émergence dans l'ère moderne comme le club le plus idolâtré et le plus victorieux du monde. Sont évoqués tous les grands joueurs, toutes les équipes et tous les entraîneurs. De László Kubala, Johan Cruyff et Michael Laudrup à Ronaldo, Ronaldinho et Lionel Messi, Barcelone a toujours attiré les tout meilleurs et leur a permis de grandir davantage. Ce livre raconte les plus grands triomphes, dont une myriade de victoires en Liga et Copa del Rey, la «Dream Team» de Cruyff, la Coupe d'Europe 1992, les batailles lors des Clásico et les succès éclatants de l'équipe de Pep Guardiola qui a conquis le monde grâce à sa sublime philosophie de jeu. Pep Guardiola Miquel Àngel Violan,2014-08-15 Pep Guardiola is, without a doubt, the most successful football coach and teacher of the last 10 years. He revolutionised FC Barcelona and formed a team that was one of the best in the history of

the sport. Now he follows Jupp Heynckes as coach of Bayern Munich and faces the pivotal question: Will he be able to keep the team's quality or even improve it? Pep has become a legend, and in order to understand this, it is necessary to see behind the curtain and understand the man who constitutes the Guardiola System. What are the key values and principles that form the basis of his method? How did he form a unit with such diverse football stars? What can we learn from Pep? Miguel Angel Violán manages to make the 'unknown Guardiola' better known and illustrates in many informing and amusing anecdotes: The Philosophy that Changed the Game!

FC Barcelona on This Day Max Wadsworth, 2021-11 FC Barcelona On This Day revisits the most magical and memorable moments from the club's glorious past, mixing in a maelstrom of anecdotes and characters to produce an irresistibly dippable diary of one of the most dominant clubs of modern times - with an entry for every day of the year. From its formation in 1899 to the trials and tribulations of growth, the hard-fought El Clasico derbies against Real Madrid, European glory in the 1980s, 1990s and 2000s to the current juggernaut that brushes all comers aside - it's all here. The club's all-time greats, including Lionel Messi, Xavi, Andres Iniesta and Ronaldinho, all loom large, as do their most famous coaches - Johan Cruyff, Frank Rijkaard and Pep Guardiola. Revisit 20 May 1992 when the club won its first ever European Cup, 15 January 1939 when the club was forced to change its name under Francoism, 8 December 1899 when Barcelona played their first ever match against a group of Englishmen, and 28 March 1954 when the construction of the Nou Camp started in front of 60,000 fans.
