**The Field** Lynne McTaggart, 2012-06-05 “A big, bold, brilliantly crafted page-turner with HUGE ideas that challenge every last view about how the world works. This is both a primer to understand the law of attraction and the essential book of our age.” — Jack Canfield, author of *The Success Principles*(TM) and featured teacher on *The Secret*(TM) “One of the most powerful and enlightening books I have ever read. A magnificent job of presenting the hard evidence for what spiritual masters have been telling us for centuries.” — Wayne W. Dyer During the past few years science and medicine have been converging with common sense, confirming a widespread belief that everything—especially the mind and the body—is far more connected than traditional physics ever allowed. *The Field* establishes a new biological paradigm: it proves that our body extends electromagnetically beyond ourselves and our physical body. It is within this field that we can find a remarkable new way of looking at health, sickness, memory, will, creativity, intuition, the soul, consciousness, and spirituality. *The Field* helps to bridge the gap that has opened up between mind and matter, between us and the cosmos. Original, well researched, and well documented by distinguished sources, this is the mind/body book for a new millennium.

*The Adversity Hack* Meg Poag, 2021-10-05 What if you could experience more joy in your life and work through your challenges, so you wouldn't have to keep repeating the same mistakes over and over again? In *The Adversity Hack*, CEO and leadership coach Meg Poag shares a powerful and effective personal development tool to help you shed the old beliefs that are holding you back and learn how to work to create real and positive change in your life. The system she introduces, called *The Adversity Cycle*, shows you how to begin to look at your circumstances with a fresh perspective and find a new way of moving through the world. This book offers practical, down-to-earth lessons that will take you on a journey of self-discovery and personal growth. As you practice and apply the steps of *The Adversity Cycle*, you'll start to see changes right away: Things that used to bother you suddenly lose their importance. You have increased capacity for other ideas and points of view. And old patterns and mindsets that have kept you back in the past no longer seem to have a hold on you. *The Adversity Hack* teaches you how to find balance and flow in your life by confronting the hard truths about your relationships, unfulfilled dreams, bad habits, and, ultimately, your ego-self. In using this essential life hack, you'll make better decisions, get less upset by events throughout your day, and experience more joy and less pain—and you'll know exactly how you want to live and what you need to do to get there.

**Jewel in the Lotus** Rob MacGregor,2015-02-02 Over the past few decades, meditation has evolved from a fringe practice to a mainstream stress-reduction technique that your family doctor might recommend. But how do you enter the doorway to a meditation practice if you don’t have time to join a class? You begin by taking up a solo practice, squeezing in five to twenty minutes here and there. However, meditating on your own tends to leave unanswered the daunting question of how you quiet your mind. That’s where Jewel in the Lotus: Meditation for Busy Minds will help. The book provides all that is needed to begin a practice in an easy-to-read style with a variety of techniques as well as anecdotes from the author’s years of practice and teaching. Readers will appreciate the spiritual, but non-dogmatic, non-religious style that pervades the author’s teachings.

*How I Healed Myself of Chronic Pain after 17 Years.* Pirkko Monds,2022-11-01 The true story of Pirkko Monds’ journey to heal herself of a debilitating severe condition. **Spiritual Artificial Intelligence (SAI)** Muskan Garg,2024-10-26 This unique book delves into the convergence of artificial intelligence (AI) principles—rooted in scientific knowledge and technological advancements—with the concept of spiritual wellness, exploring their significance in our increasingly automated and digitized world. The author offers a synthesis of two domains often perceived as distinct, appealing to both technologists and spiritual thinkers. Beginning with an exploration of the definitions and scope of spiritual AI, the book encourages the quantification of spiritual wellness,

illustrated through examples from current literature. It sheds light on the evolution of the spiritual quotient, presenting it as an integration of intelligence quotient (IQ) and emotional quotient (EQ), enhanced by dimensions of spirituality. The discussion spans various application domains and delves into the mind's entanglement-like phenomena, raising critical questions: Can a machine truly attain consciousness? How do spiritual wellness and quantum mechanics intertwine? The author invites readers to ask their own questions, contemplate the boundless possibilities of spiritual AI, and challenge existing paradigms.

**We Are so Loved** Jill Lambert, 2017-09-22 When we hear stories of spontaneous healing, assistance from angels and loved ones who've passed, the laws of physics bending or even breaking to save someone, and people using their divine creative power to claim what they desire despite appearances, our beliefs change about what is possible for us. *We Are So Loved* is about such miracles and more. Many of these stories may seem too fantastic to be true, but they are. As you read them, maybe you'll remember some of your own miracles that you discounted as just a coincidence, luck, or just your imagination. The mystical, miraculous experiences I've had since childhood, the stories others have shared with me of divine assistance and moments of grace, as well as the miraculous healings I witness as a Reconnective Healing Practitioner, have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being. That's what I want for you, and why I'm sharing them in this book. I hope they inspire you to think and believe a little bigger and better than you did before you read them as you realize how Loved you are, Who You Really Are, and how possible the impossible really is. The miraculous experiences in this book are what fuel my life's mission to share the truth of how Loved we are and how powerful we are when we align with the Love that is our Source of being. I hope these stories remind you of the God Within you and all life on this planet, that they awaken an awareness of the Love and well-being that is constantly flowing to you, and help you release the limiting beliefs that have kept you from allowing into your life all that your heart desires. *We Are So Loved* is my first book, and just the beginning of much more to come. Jill Lambert

Then you'll begin the process of mindfully designing your space to better serve your personal goals, support your emotional needs, and offer comfort to your body and mind. Along the way, you'll learn to: ·Harness the power of color, texture, and symbolism to shift the energy in your home. ·Choose an “emotional regulation chair” to invite softness and ease at the end of a challenging day. ·Create an altar to your Future Self. ·Discover how certain objects can have a profound effect on both your psyche and your space. ·And so much more!
