

La Gran Depresin Murray Rothbard

Fouad Sabry

The Austrian School of Economics in the 21st Century Annette Godart-van der Kroon, Joseph Salerno, 2023-01-06 This book provides an overview of the evolution and theories of the Austrian School of Economics and develops answers to current economic questions and the pressing problems of the 21st century from the Austrian perspective. Readers will learn about the fundamental ideas of the Austrian School, the current state of Austrian economics, and the intellectual figures and institutions that sustain it as a vibrant intellectual movement. International experts on Austrian economics cover topics such as the economic impact of pandemics, trade blocs, federalism and European integration, and the economic development of China. The book also discusses the influence of the Austrian School on modern economic thought and mainstream economics, as well as on policymakers. It will appeal to students and scholars of economics and to anyone interested in social and economic liberalism.

Statism and the Economy Jesús Huerta de Soto, 2023-12-22 Featuring essays on topics ranging from the pandemic to antideflationist paranoia and the crisis of classical liberalism, this volume explores the various ways in which socialism statism is the 'deadliest virus' which constantly endangers the spontaneous process of social cooperation. Drawing on the Austrian School of economics, the book includes writings on the monetary policy of the European Central Bank and the economics of pandemics, economic cycles, Japanization and deflation, the crisis of classical liberalism versus anarchocapitalism, market socialism and nationalism, and the relations between efficiency and ethics. This book will be of great interest to those engaged with the study of Austrian economics, economic methodology, the monetary policy of the European Central Bank, the economic theory of pandemics, the theory of banking and economic cycles, the theory of dynamic efficiency and the history of economic thought.

GUÍA POLÍTICAMENTE INCORRECTA DEL CAPITALISMO Robert P. Murphy, 2014 «Has oído las mentiras anticapitalistas un millón de veces. Ahora Robert Murphy te dice la verdad: el capitalismo creó la civilización, y la sustenta. Sin capitalismo, la mayoría de la población moriría, y los supervivientes vivirían en cuevas.» Lew Rockwell, presidente del Instituto Ludwig von Mises.

Época perspicaz Fouad Sabry, 2024-04-20 Quién es Insightful Epoch John Adam Tooze es un historiador inglés, profesor en la Universidad de Columbia, director del Instituto Europeo y académico no residente en Carnegie Europe. Anteriormente,

Formación de capital y ciclos económicos Una introducción al análisis macroeconómico Adrián Osvaldo Ravier, 2000

Contra El Estado: Un Manifiesto Anarcocapitalista Jorge Basualdo B., 2021-03-05 Libro político-económico en la que se relaciona el anarco-capitalismo, los bancos americanos, la anarquía y la libertad. Libro político-económico en la que se relaciona el anarco-capitalismo, los bancos americanos, la anarquía y la libertad.

Contra el Estado Lew Rockwell, 2021-04-01 Este libro hace un diagnóstico sobre lo que está mal en el sistema político estadounidense y nos dice lo que necesitamos para arreglar las cosas. La cura es radical porque, como muestra incontrovertiblemente el libro, los muchos problemas que enfrentamos hoy no son un accidente. Proviene de la naturaleza

del propio gobierno. Solo la cooperación pacífica basada en el libre mercado puede rescatarnos de nuestra difícil situación actual. Lew Rockwell es el fundador del Instituto Mises y LewRockwell.com, y amigo y socio más cercano de Murray Rothbard, el principal teórico del anarcocapitalismo. Rockwell aplica la combinación rothbardiana de anarquismo individualista y economía austriaca a la América contemporánea. El libro muestra cómo el gobierno se basa en la guerra, tanto contra naciones extranjeras como contra el propio pueblo estadounidense, a través de invasiones masivas de nuestras libertades. Impulsado por un sistema bancario fuera de control, el Estado estadounidense se ha vuelto esencialmente fascista. No podemos escapar de nuestra situación a través de un gobierno limitado: el gobierno es incapaz de controlarse a sí mismo. Solo un orden social puramente privado puede salvarnos, y Rockwell expone sucintamente cómo funcionaría un orden anarcocapitalista.
