Quote the World Forevermore AYDI the Watcher ,2022-09-19 Why do I call myself AYDI the Watcher? That's a good question. I call myself that because I observe our world and the way we interact as humans. Years and years of these observations led me to read up on Psychology, politics and human relations. I listened to many prominent psychologists and therapists to hone my ideas, and the result is this book. Now, this is not a traditional book that delves into the subject matters mentioned above, but a collection of inspiring and thought-provoking quotes fleshed out with my thoughts and feelings, these thoughts and feelings touching on human psychology and behaviour. Some of these quotes were taken from my Facebook page, The Watcher (@AYDItheWatcher) and expanded upon and new ones were added to convey my thoughts on this world that we live in and how hierarchies and human structures affect our daily lives. My goal is to get people thinking and see different perspectives, and protect themselves from harm and manipulation. I hope this goal is achieved and your minds are unlocked. The freer the minds, the better the world.

The New Yale Book of Quotations Fred R. Shapiro,2021-08-31 A revised, enlarged, and updated edition of this authoritative and entertaining reference book—named the #2 essential home library reference book by the Wall Street Journal “Shapiro does original research, earning [this] volume a place on the quotation shelf next to Bartlett's and Oxford's.”—William Safire, New York Times Magazine (on the original edition) “The most accurate, thorough, and up-to-date quotation book ever compiled.”—Bryan A. Garner, Los Angeles Review of Books Updated to include more than a thousand new quotations, this reader-friendly volume contains over twelve thousand famous quotations, arranged alphabetically by author and sourced from literature, history, popular culture, sports, digital culture, science, politics, law, the social sciences, and all other aspects of human activity. Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James

Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace. The volume also reflects path-breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution. It has also incorporated noncontemporary quotations that have become relevant to the present day. In addition, The New Yale Book of Quotations reveals the striking fact that women originated many familiar quotations, yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead. This book's quotations, annotations, extensive cross-references, and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages.

Pearls of Wisdom Mamutty Chola,2019-07-09 The book — Pearls of wisdom presents a historical and panoramic view of human civilization. It is a compilation of quotes /sayings of prophets, philosophers, thinkers, poets, emperors, politicians and business tycoons; on various aspects of human lives; be it religions, ethics, morals, business, principles of governance, evolution of science and technology, besides quotes on Nature, Earth, Soul, Love, Beauty, Human Minds, Human Hearts, and Eyes. There are quotes about the qualities of animals; like Dog, Horse, Lion and their influence on human lives. There are in

all 26 sections chapters as reflected in the Index. On perusal of these quotes following facts emerge: 1) The human race loves to live in peace. The religions, though was intended to achieve peace in society, have unfortunately been one of the main reasons for wars, crimes, destruction, and genocides because of the intolerance among the believers since faith is blind. Rationality had been and is the first casualty. 2) All the religions are the gifts of the East. The gifts of the west are communism and Atheism. 3) Things once considered as blasphemies have come to be accepted as truth. The example of Galileo Galilei is remarkable. 5)The governing principles have been evolutionary. There can never be a uniformed pattern of governance as peoples differ in their thinking and beliefs for that reasons there have been clashes of civilization down the ages. 6)The exploration of our solar systems is the result of endless and insatiable urge in man to unravel nature. The achievements of science and technology belong to the whole of humanity. I have tried to present a snapshot profile of March of human civilization through the voices of the great minds ever walked on mother earth. This compilation will serve as ready reckoner

The Intimate Lives of the Founding Fathers Thomas Fleming,2009-11-03 A compelling, intimate look at the founders—George Washington, Ben Franklin, John Adams, Thomas Jefferson, Alexander Hamilton, and James Madison—and the women who played essential roles in their lives With his usual storytelling flair and unparalleled research, Tom Fleming examines the women who were at the center of the lives of the founding fathers. From hot-tempered Mary Ball Washington to promiscuous Rachel Lavien Hamilton, the founding fathers' mothers powerfully shaped their sons' visions of domestic life. But lovers and wives played more critical roles as friends and often partners in fame. We learn of the youthful Washington's tortured love for the coquettish Sarah Fairfax, wife of his close friend; of Franklin's two wives, one in London and one in Philadelphia; of Adams's long absences, which required a lonely, deeply unhappy Abigail to keep home and family together for years on end; of Hamilton's adulterous betrayal of his wife and then their reconciliation; of how the brilliant Madison was jilted by a flirtatious fifteen-year-old and went on to marry the effervescent Dolley, who helped make this shy man into a

popular president. Jefferson's controversial relationship to Sally Hemings is also examined, with a different vision of where his heart lay. Fleming nimbly takes us through a great deal of early American history, as his founding fathers strove to reconcile the private and public, often beset by a media every bit as gossip seeking and inflammatory as ours today. He offers a powerful look at the challenges women faced in the late eighteenth and early nineteenth centuries. While often brilliant and articulate, the wives of the founding fathers all struggled with the distractions and dangers of frequent childbearing and searing anxiety about infant mortality—Jefferson's wife, Martha, died from complications following labor, as did his daughter. All the more remarkable, then, that these women loomed so large in the lives of their husbands—and, in some cases, their country.
