Korean Literature Through the Korean Wave Jieun Kiaer, Anna Yates-Lu, 2019-07-17 Korean Literature Through the Korean Wave engages with the rising interest in both the Korean Wave and Korean language learning by incorporating Korean Wave cultural content, especially K-dramas, films and songs, to underline and support the teaching of Korean literature. It combines both premodern and modern texts, including poetry, novels, philosophical treatises, and even comics, to showcase the diversity of Korean literature. Particular care has been taken to include the voices of those marginalised in the often male, elite-dominated discourse on Korean literature. In particular, this book also distinguishes itself by extending the usual breadth of what is considered modern Korean literature up until the present day, including texts published as recently as 2017. Many of these texts are very relevant for recent discourse in Korean affairs, such as the obsession with physical appearance, the #MeToo movement and multiculturalism. This textbook is aimed at B1-B2 level and Intermediate-Mid students of Korean. On the one hand the textbook introduces students to seeing beyond Korean literature as a monolithic entity, giving a taste of its wonderful richness and diversity. On the other hand, it provides an entry point into discussions on Korean contemporary society, in which the text (and associated media extracts) provides the catalyst for more in-depth analysis and debate.

IU: The Queen of K-pop UK Jung, 2018-09-13 Who do you think is the most popular female k-pop singer? Who do you think is the most talented female k-pop singer? There could be many different voices and opinions, but the majority of people in the k-pop industry would say it's IU. The talented singer, who has numerous hits such as "Good Day", "You&I", "Twenty-Three" and "Palette" is being loved by men and women of all ages, and as a competent musician, she wrote many of her own songs too. What's most surprising about her is she can cover a diverse range of genres, while there are no other young k-pop singers who can do as great as her. That's not all. IU is one of the most popular k-pop singers among k-pop industry workers because she is very good-natured. She's kind to everybody and she never acts high and mighty even though she is a top star. And as you may know, the sweet girl always cares about her fans and tries to do anything she can do for them. So, are you a big fan of IU? Do you want to know all the stories about the queen of k-pop? IU: The Queen of K-pop contains all the things about IU. The author, who has been working as a k-pop journalist since 2010 gives you answers to all the questions about IU

such as “What is her real personality like?”, “How was her childhood?” and “What is IU’s ideal type of man like?”. The book also includes various stories behind IU. Welcome to the real world of k-pop. Enjoy your time!
