Everything But the Burden Greg Tate, 2003-09-09 White kids from the 'burbs are throwing up gang signs. The 2001 Grammy winner for best rap artist was as white as rice. And blond-haired sorority sisters are sporting FUBU gear. What is going on in American culture that's giving our nation a racial-identity crisis? Following the trail blazed by Norman Mailer's controversial essay "The White Negro," *Everything but the Burden* brings together voices from music, popular culture, the literary world, and the media speaking about how from Brooklyn to the Badlands white people are co-opting black styles of music, dance, dress, and slang. In this collection, the essayists examine how whites seem to be taking on, as editor Greg Tate's mother used to tell him, "everything but the burden"—from fetishizing black athletes to spinning the ghetto lifestyle into a glamorous commodity. Is this a way of shaking off the fear of the unknown? A flattering indicator of appreciation? Or is it a more complicated cultural exchange? The pieces in *Everything but the Burden* explore the line between hero-worship and paternalism. Among the book's twelve essays are Vernon Reid's "Steely Dan Understood as the Apotheosis of 'The White Negro,'" Carl Hancock Rux's "The Beats: America's First 'Wiggas,'" and Greg Tate's own introductory essay "Nigs 'R Us." Other contributors include: Hilton Als, Beth Coleman, Tony Green, Robin Kelley, Arthur Jafa, Gary Dauphin, Michaela Angela Davis, dream hampton, and Manthia diAwara.

The Righteous Way: Golden Jubilee Edition (Part 2) Starmel Allah, 2016-01-15 *The Righteous Way: Golden Jubilee Edition (Part 2)*, commemorates the 50th Year Anniversary of the Five Percent Nation along with an Interview with Lord Jamar Allah on the Five Percent Nation influence on Hip-Hop. It includes a photo gallery of dynamic photos taken by renowned photographers Khalik Allah and Jamel Shabazz.

The Dirty Version Buddha Monk, Mickey Hess, 2014-11-04 On the tenth anniversary of his death, *The Dirty Version* is the first biography of hip hop superstar and founding member of the Wu-Tang Clan, Ol' Dirty Bastard, to be written by someone from his inner circle: his right-hand man and best friend, Buddha Monk. Ol' Dirty Bastard rocketed to fame with the Wu-Tang Clan, the raucous and renegade group that altered the world of hip hop forever. ODB was one of the Clan's wildest icons and most inventive performers, and when he died of an overdose in 2004 at the age of thirty-five, millions of fans mourned the loss. ODB lives on in epic proportions and his antics are legend: he once picked up his welfare check in a limousine; lifted a burning car off a four-year-old girl in Brooklyn; stole a fifty-dollar pair of sneakers on tour at the peak of his success. Many

have questioned whether his stunts were carefully calculated or the result of paranoia and mental instability. Now, Dirty's friend since childhood, Buddha Monk, a Wu-Tang collaborator on stage and in the studio, reveals the truth about the complex and talented performer. From their days together on the streets of Brooklyn to the meteoric rise of Wu-Tang's star, from bouts in prison to court-mandated rehab, from Dirty's favorite kind of pizza to his struggles with fame and success, Buddha tells the real story—The Dirty Version—of the legendary rapper.

International Aspects of Recent Phenomena in Media and Culture Martin A. M. Gansinger, Ayman Kole, 2021-12-21 The volume provides an updated perspective on international aspects of various developments in media and culture. It includes discussions on how the digital environment contributes to the transformation and re-interpretation of existing phenomena, such as violence-on-demand in online movies, the internet appeal of virtual gangsta rappers, or the revived battle rap tradition, which operates outside the commercial limitations of the music industry and generates more views on social media than most recording artists. The book offers a new consideration of long-term trends and developments, and demonstrates in various examples how formerly marginal practices like gaming or the previously shunned Turkish movie industry have turned into influential tools of social change. In addition, the reciprocity of media content and political settings is underlined in a focus on the Arab world and the reconstruction of impulses from transnational media outlets to recent forms of citizen journalism, as well as in the case of governments' approaches to media policy in response to the COVID-19 pandemic. The book places the spotlight on pressing issues, such as the ongoing enforcement of information control in the name of public health or the local politics and practices that hinder the process of democratization in authoritarian systems.

Women and New and Africana Religions Lillian Ashcraft-Eason, Darnise Martin, Oyeronke Olademo, 2009-10-27 This volume explores the lives of women around the world from the perspective of the New and Africana faiths they practice. This probing and thought-provoking series of essays brings together in one volume the multifaceted experiences of women in the New and Africana religions as practiced today. With this work, religion becomes a lens for examining the lives of women of diverse ethnicities and nationalities across the social spectrum. In *Women and New and Africana Religions*, readers hear from women from a number of religious/spiritual persuasions around the world, including Africa, Asia, the Caribbean, South America, and North America. These voices form the core of remarkable explorations of family and environment, social and spiritual empowerment, sexuality and power, and ways in which worldview informs roles in religion and society. Each essay includes scene-setting historical and social background information and fascinating insights from renowned scholars sharing their own research and firsthand experiences with their subjects.

The Culture Is I-God I & II Divine39 Allah, 2016-12-04 The Five Percent Nation are the Gods & Earths a Nation created by Allah the Father in the years 1963 thru 1969 (Allah the Father left the NOI and in 63 the first borne are lifted up into the

Knowledge of Self, by 1964 there are 500 young Five Percent Brothers). Born Justice: Peace God, Allah The Father, left Temple number 7 in 1963, First Born Prince and God Supreme say the same thing, Peace; He was teaching in the Temple in 1963 and left in June or July He was there for three and one half years 1960-1963. All men lie when they are afraid. Some tell many lies, some but a few. Some have only one great lie they tell so often that they almost come to believe it...though some small part of them will always know that it is a lie, and that will show up on their many faces.

Is Mathematics Inevitable? Underwood Dudley,2008-04-29 This is a collection of gems from the literature of mathematics that shine as brightly today as when they first appeared in print - they deserve to be seen and admired. The selections include two opposing views on the purpose of mathematics, the strong law of small numbers, the treatment of calculus in the 1771 Encyclopaedia Britannica, several proofs that the number of legs on a horse is infinite, a deserved refutation of the ridiculous Euler-Diderot anecdote, the real story of π and the Indiana legislature, the reason why Theodorus stopped proving that square roots were irrational when he got to the square root of 17, an excerpt from Mathematics Made Difficult, a glimpse into the mind of a calculating prodigy, and much more. There will be something here for anyone interested in mathematics.
