N Colangelo

The Lost Flowers of Alice Hart Holly Ringland, 2018-08-07 An enchanting and captivating novel about how our untold stories haunt us — and the stories we tell ourselves in order to survive. After her family suffers a tragedy, nine-year-old Alice Hart is forced to leave her idyllic seaside home. She is taken in by her grandmother, June, a flower farmer who raises Alice on the language of Australian native flowers, a way to say the things that are too hard to speak. Under the watchful eye of June and the women who run the farm, Alice settles, but grows up increasingly frustrated by how little she knows of her family's story. In her early twenties, Alice's life is thrown into upheaval again when she suffers devastating betrayal and loss. Desperate to outrun grief, Alice flees to the dramatically beautiful central Australian desert. In this otherworldly landscape Alice thinks she has found solace, until she meets a charismatic and ultimately dangerous man. Spanning two decades, set between sugar cane fields by the sea, a native Australian flower farm, and a celestial crater in the central desert, *The Lost Flowers of Alice Hart* follows Alice's unforgettable journey, as she learns that the most powerful story she will ever possess is her own.

The Australian Desert Roslynn Haynes, 2024-11-04 This unique book is the only fully interdisciplinary and comprehensive study of the Australian desert and its pivotal role in the cultural history of Australia. Beginning with the prehistory of the continent, it engages with geology, the Aboriginal Dreaming narratives of origin, the arrival of the first Australians, Aboriginal culture of the Dreaming, anthropology, colonial history and the cult of the inland explorer-hero, and integration of the central deserts through the responses of writers, artists, and filmmakers into the national identity. Chapters explore the unique way Indigenous artists have evolved a method of expressing their spiritual relationship to Country, while hiding from uninitiated eyes the secret-sacred meaning beneath the paint. It takes us on a journey through the politics of Land Rights for First Nations peoples, the Uluru Statement from the Heart, and an analysis of Indigenous ecological principles which may suggest a new and radical approach to navigating climate change in the Anthropocene. *The Australian Desert* is written for scholars of fine arts, anthropology, literature, film studies, cultural history, Indigenous studies, ecology and tourism, and for anyone interested in deserts.
