**A Literary Cavalcade-VII** Robert A. Parker,2017-04-19 Writer and editor Robert A. Parker has followed up his six-volume A Literary Cavalcade with a seventh volume. This volume of criticism covers mainly the fiction he has read from 2013 to early 2017. His comments are informed by his Jesuit upbringing but also by an independent critical view that balances a moral and literary sensibility. The writers here represent a broad range of writing styles, cultural influences, and moral philosophies. And all are rated on their literary achievement, the effectiveness of plot, character, and setting, plus their recognition of the moral, ethical, and spiritual values of mankind. Here is a unique critical perspective that measures the meaning of literature against the meaning of life.

Humanizing the Digital Economy Victor Glass, 2023-09-30 The Coding Revolution—a combination of the Digital Revolution and genetic engineering—has had a destructive effect on society. It has created a platform for extreme views that is loosening our economic, cultural, and political moorings. This book provides a systematic approach to policy and management to promote societal collaboration and unity. It describes the changes caused by the Digital Age, including the Internet, Artificial Intelligence, and various other technologies. The author then offers a new framework, Religious Humanism, which incorporates covenants of the Bible, the US Constitution and other sources of wisdom to foster collaboration and create a revitalized and inclusive global society. Narrative and analytical tools are offered as well as case examples.

Worlding the Western Neil Campbell, 2022-09-13 Worlding the Western views the fiction of the Western United States as a focal point for a reexamination of the consequences of the exceptionalism and closed borders of the Trump Era. At a time of bounded individualism, new nativism, climate emergency, and migration crises, author Neil Campbell argues that fiction offers opportunities to challenge the dark side of globalization. He proposes worlding as a different and more open form of politics. Diversity, disparity, and opposition are central to the dynamic frictional fiction considered in this book. The American West provides a powerful test case in which these features are present and yet, historically, have often been masked or denied in the rush toward unanimity and nation building. Worlding is, therefore, a positive, critical concept through which to view the notion of a single world under pressure.

**Sunrise** Téa Obreht, 2026-08-11 Three lives, 100 years, one Western ghost town: an explosive novel about a mysterious place called Sunrise where the secrets of the past refuse to stay buried, from the New York Times bestselling author of *The Tiger's Wife* In 2024, Nina's small-engine plane crashes into a lake in the Wyoming mountains. Her boyfriend Ben, who was flying it, is nowhere to be found. Lost and freezing on the shore, Nina is armed with only a few old energy bars, a phone with no service, and a vague hope of rescue. It is up to her to survive in the vast wilderness. But then she stumbles upon Sunrise—a town of the Old West that is strangely well-maintained, but seemingly abandoned. A place that holds the missing link to a ghost story 100 years in the making. In 2003, Sunrise's golden boy Coll begins to direct town's annual historical reenactment when he is linked with a scandalous incident at a local bar. And when an upstart author comes to him with

questions about one of Sunrise's most beloved figures, it threatens to upend everything he thought he knew about the city—and himself. In 1902, town founder, gunslinger, and legendary pulp hero Anton Vargas returns to Sunrise and quickly takes charge of a group searching for a missing boy. But who really is Vargas? What does he know about the boy's disappearance? And why has he returned after such a long absence? These three are strangers, separated by time. But Sunrise has secrets which lie in waiting like gunpowder: quiet, unassuming, until they encounter a spark. Magisterial and suspenseful, Téa Obreht's novel challenges the myths we think we know: of heroes and villains, of the places we lay claim to, and most of all, of our own lives.
