J. B. Phillips

Your God Is Too Small J.B. Phillips, 2012-03-20 This forty-year-old Christian classic and bestseller is a study group favorite; this book challenges readers' conventional views about God and encourages them to search for a meaningful redefinition of a higher power that is relevant to contemporary existence. Your God is Too Small is a groundbreaking work of faith, which challenges the constraints of traditional religion. In his discussion of God, author J.B. Phillips encourages Christians to redefine their understanding of a creator without labels or earthly constraints and instead search for a meaningful concept of God. Phillips explains that the trouble facing many of us today is that we have not found a God big enough for our modern needs. In a world where our experience of life has grown in myriad directions and our mental horizons have been expanded to the point of bewilderment by world events and scientific discoveries, our ideas of God have remained largely static. This inspirational work tackles tough topics and inspires readers to reevaluate and connect more deeply with a God that is relevant to current experience and big enough to command respect and admiration.

Your God is Too Small John Bertram Phillips, 1961 The trouble with many of us today, writes J.B. Phillips, is that we have not found a God big enough for our modern needs. In varying degrees we suffer from a limited idea of God. Phillips exposes such inadequate conceptions of God as Resident Policeman, Grand Old Man, Meek-and-Mild, and Managing Director, and explores ways in which we can find a truly meaningful and constructive God for ourselves. -Publisher

Why Science and Faith Belong Together Malcolm A. Jeeves, 2021-02-25 As we try to understand ourselves and the world we live in, all too often we look first to science--and then, if gaps remain in our understanding, we try to fill the gaps with reference to God and our faith. Such a god-of-the-gaps approach has a long history and is sadly alive and well today. This book was written to provide an alternative approach, posing this basic question: How can educated Christians maintain their intellectual honesty and, at the same time, be faithful both to Scripture and to science? This book provides examples of some of the liveliest science vs. faith issues today and suggests ways to think constructively about each of them.

Beneath Broken Machines PC Walker, 2016-10-06 Beneath Broken Machines is a cup of cold water to a dry, parched, and weary soul. In ministry, its easy to portray that I ONCE was lost...but now Ive got it all together. PC writes this book with humility and openness, which gives permission to confess that your machine is broken as well. - Travis Osborne, Pastor at Vintage Faith Church in Santa Cruz, CA As someone who has left the church, this book spoke to me. Im not talking about an awakening with pomp and circumstance, but something more simple, beautiful, and powerful. PC has always been a guiding force in my life, and this incredibly powerful book is no different. - Kyle Lacy, 3x Author and National Speaker We have a propensity to build machines out of our faith. We like to put in the right things in hopes it will churn out the right product. We become proud of the manufactured machines of faith we have built. The troubles with machines are they have no hearts and they break down. If your machine has broken down, you may have no idea what to do. Embark on a search for the heart that still beats for you. Embrace the wonder and awe of the ridiculous love of God that has always been for you. Encounter the heart of the gospel, which is the heart of Jesus beneath all of your pain, failure, and shame.

Throwing Grapes and Moving Mountains Jan Hegelein, 2012-12-10 The beauty of a word from God is that it ignites a passion within your spirit. It satisfies an underlying thirst you did not know you had and it births a fierce longing for more! Spiritual growth is not a given, yet it is open to all who would seek after God. His love shouts through the pages of His Word, and Throwing Grapes and Moving Mountains provides an open window to glimpse the grandeur of Gods passion and commitment to His children. Soak in the truths found within, and your walk with Christ will be energized and strengthened. You will be challenged to live honestly before God, and in doing so, find a new depth of love and encouragement to refresh your spirit. Receiving a devotion from Jan is like a kiss on the cheek from my heavenly Father Jans devotions are meaty and full of Gods words of love and encouragement, challenging me to go deeper with Him and recognize the strong and fierce love that God, my Father, has for me. Your 'god' Jesuis Laplume, 2019-01-04 We live in an amazing universe that was directed in its formation to favor the development of life, even the evolution of species like us humans. No old man with flowing robes and beard could have done that, nor a series of gods that war with each other. In tow of my earlier books, Alone?: and You Are In God: God Is In You, I

argue that the universe is within God and that Divinity is of incredible proportions. At the present time, many humans have chosen to live Love-focused lives and many more would like to (maybe need to) also turn out of just surviving in Fear into learning how to fully live in Love. The way some believers describe the god of their religions turns these seekers off; I can fully understand their revulsion. We humans have many reasons for keeping the god in our Religions down in size, so that such an essence does not influence our lives too strongly. Many of those in power, or with scads of ill-gotten gains, also have reasons to support concepts that keep god virtually incapable of guiding humans towards Love-focused ways. We humans who do choose to grow in Love quickly become uncontrollable and, if you have done terrible things to get your money or power, you feel safer if you can keep all humans in the weak states of Fear. You cannot control those who have now advanced far enough in their journey towards their Destiny of becoming Love that they lose all Fear of Death. In this mini-book, I present a plea that all of us who are on our journey towards our Destiny do what we can to build descriptions of the God that we are coming to know; then present how that Love-focused appears to us. We do NOT all have to have the same description; but only ones that acknowledge that our God IS Love and seems to be an endless source of Love to us.

Lipstick Grace Nancy Kennedy, 2009-02-19 The Just-Right Shade of Grace Hmmm....Kissable Kiwi or Fire Engine Red? To hold your child tight like you desperately want to, or let him go like he needs? Every woman grapples with such life issues and intangibles as faith, mercy, grace, and hope...but few have the ability to dress theology in blue jeans and flip-flops like Nancy Kennedy. A compilation of witty weekly columns written by Nancy for the Citrus County Chronicle in Florida, Lipstick Grace contains many musings—not all of which wrap up in nice, neat packages (because the important things in life rarely do!). In this reflective collection, you'll find the sufficiency of God holding you steady. It's big enough for all of you: your greatest fears, your deepest doubts, and your bathroom drawer full of all the wrong shades of lipstick.

I Don't Believe That Either . . . However Tucker E. Dawson, 2024-01-24 This book is written for the thinking person who is struggling to believe. It does this by presenting Christianity as a matter of relationships. Good behavior and correct belief do not build relationships, but grow from them. The Bible tells the unfolding story of a relationship given, lost, and reoffered again and again. This is more clear when we begin here, below, where we are, accentuating God's immanence over his transcendence. In such an approach, optional understandings of church teachings become evident, options that are biblically and theologically sound but are seldom offered. There is more than one way to skin a dogma. These alternatives to many teachings provide hope to those outside the church who wish for something more than competition for material possessions, and for those inside the church and struggling to stay. We are socialized into a scientific world view in which there is little room for spirituality. This tension between science and religion is addressed by the presentation of Christianity that is not anti-intellectual, rigid, or defensive. This book shows that we do not need to choose between our worldview and our faith.

What on Earth are We Doing? John Fischer, 2002-12-20 A splendid piece of work, charting a new direction for the evangelical church...written with a dazzling combination of intelligence and passion. At the close of the 20th century Fischer's work will be hailed as a linchpin of evangelical reform and renewal. Brennan Manning John Fischer at his best! Lively, insightful, wise-solid biblical guidance for pilgrims making their way in a world that, for all its brokenness, God still loves. Richard Mouw, President, Fuller Theological Seminary Whether or not America's Christian subculture will be able to understand Fischer's effective blend of fresh experience, unexpected insight, and gospel realities is a real question. But, thank goodness, here it is. Mark A. Noll, McMannis Professor of Christian Thought, Wheaton College Many of us have been encouraged to have a shrink wrapped Christian experience that has kept us pure - but unused. This book is a testimony to the power of the Christian life that engages with ideas, culture, inner cities, politics and economics and makes a difference. Fred Smith, President, Fourth Partner Foundation Like his apostolic namesake, John Fischer knows that love, not resentment, is the hallmark of Christian peoplehood. His book comes at a time when, because of the way the world is changing, the Church must reassess what it means to be in the world and not of it. Ken Meyers, host and producer of the 'Mars Hill Tapes', author of 'All God's Children' and 'Blue Suede Shoes: Christians and Popular Culture'

1 Kings John Woodhouse, 2018-11-30 The book of 1 Kings outlines the rise and fall of ancient Israel through the stories of fourteen kings. It is a book of great victories and devastating failures. In its pages are violence, betrayal, power, and politics. But no matter how great the accomplishments or evil the deeds, none of these kingdoms built by human kings could last. John Woodhouse walks us through this book passage by passage as it reveals how God's purpose for the kings reaches far beyond what they could accomplish in their lifetimes. Their lives are part of a greater story, bearing witness about the King of kings, Jesus Christ, the Savior of the world—building and strengthening our faith as we set our eyes on the kingdom that will last forever.

Jeremiah William Lee Holladay, 1990 In this reconstruction of the prophet Jeremiah's life and work, professor Holladay attempts to sort out Jeremiah's utterances chronologically and to hear them as closely as possible within the context of the events of their time. Jeremiah is a model for us to understand the prophets of the Old Testament. But more than that, he alone of the prophets saw his relationship with God as a problem to be grappled with rather than an obligation to be taken for granted. His willingness to question and to doubt was unique and, Holladay suggests, may put him more in step with our time than his own. For while many of us are willing to undertake a life of faith lived under God's guidance, few of us do not at some point question God's ways. --From publisher's description.
