Zodiac Academy Caroline Peckham, Susanne Valenti, 2021-09-08 I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae. But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could. The school they've sent me to is both dangerous as sh*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy. Classes are totally interesting if you manage to live through them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates - which is actively encouraged by the way. My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell. All I've got to do is survive. But fate might have other ideas. Dammit, why couldn't I have gotten a

letter to Hogwarts?

The Restless Stars Caroline Peckham, Susanne Valenti, 2025-09-28 Orphans. Changelings. Princesses. Queens. We are all and nothing now, our fate weighed on the scales of the stars and counterbalanced by the forces that oppose us. The shadow of the false king spreads as thick as oil across the kingdom we were born to rule, and none remain untouched by its darkness. Our crowns lay within reach if only we can claim them. All souls are at risk now and when the final battle dawns, a new regime will rise. The time for the true reckoning is upon us and we have proven ourselves as savage as our father, as brutal as our mother, and as wild as the Elements which roar through our veins. We can only hope it is enough. When the last sword strikes the final death in this game of fate and fortune, only one side will be victorious. The Starfall Legion charges at first light. And our destiny rides upon our shoulders as we rush into the end. All hail the True Queens. May our rule last longer

than this night. ***This is a dark fantasy romance – don't go expecting a sweet school for magic with friends around every corner. Fae fight for everything they own and Zodiac Academy is a cutthroat school for students aged 18+ where only the strongest prevail. There's no Dumbledore here to save anyone's ass and Lionel Acrux will give Voldemort a run for his money in the evil dictator category. So hold onto your stardust (broomsticks not required) and get ready for a bumpy ride***

Whoever killed him is covering their tracks well. And now I'm walking a dangerous line between getting close to the four kings for information and wanting to crawl deeper under their skin for my own desires. I can't trust anyone. I can't let my guard down. And I must keep the urges of my body separate from my heart. But I'm starting to break all of my own rules. I just hope I'm not falling for my brother's killer.

Heavens and Earth Garima Garg, 2022-08-16 What will the future bring? The ancient astrologer turned the impulse to answer this question into something meaningful by mapping the night skies and attempting to see in the movement of planets and stars an impact on human lives. But did all astrologers see the same night sky? Did the observations of the Hindu astrologer match those of the Greek? How did the Egyptians and the Chinese understand the influence of the Sun and the Moon on our lives? Over the centuries, as astrology developed and evolved, it also seeped into our philosophies, religions, literature and arts. And it grew and shape-shifted in step with the times. Whereas the ancient astrologer was as much seer as astronomer, the modern counterpart is a tech-savvy innovator. *Heavens and Earth* examines the history of astrology, its many different systems and its development as a modern cultural phenomenon. Deeply researched and expertly narrated, the book contextualises the role of astrology in the ever-evolving human perspective of the cosmos and in understanding our place in it.

Still Reading Romance Josefine Smith, Kathleen W. Taylor Kollman, 2025-04-01 In a world that commodifies feminism, is adapting romance novels for small and big screen projects, and the Romance Writers Association is evolving to a more inclusive representative group, it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre. It is time to question the cultural capital of traditional archetypes, explore the experience of romance readers, and question how romance and cultural studies researchers create quantitative, qualitative, and mixed methods research. This work centers around a data set collected with a revised version of Janice Radway's Reading the Romance survey that will be shared with all the authors of this anthology. By having access to this pool, authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction, and potentially reflect on changes since Janice Radway's seminal work. The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of Bridgerton and romance series like Ice Planet Barbarians exploding on BookTok. No other book in romance or

popular culture studies identifies a data set as the connecting element, and to do so creates an exciting opportunity to create a more inclusive study of popular romance, offer truly interdisciplinary research on the question of how readers read romance, and generate diverse areas of future scholarship. This edited volume explores multiple issues in romance fiction, based on survey data from real romance readers. An updated version of Janice Radway's influential survey looking at romance readers in the early 1980s, this time scholars explore romance readers' habits and attitudes in the twenty-first century. Each contributor in this volume uses the same survey data to make unique statements about gender, intersectionality, popular fiction, and popular culture. By using a common data set but approaching it from different perspectives, this unique volume is able to apply multiple methodologies to the same subject.

Zodiac Academy 8.5: Beyond The Veil Caroline Peckham, Susanne Valenti, 2025-10-28 The Zodiac Academy series from the Twisted Sisters and Amazon and Wall Street Journal #1 bestselling authors Caroline Peckham and Susanne Valenti is a Booktok phenomenon. This print re-issue includes an exclusive bonus chapter, brand new world map, and a new cover. As well as the stunning interior chapter pages which were included in the previous edition. The stars called us. The Veil closed at our backs. And now death holds us in its clutches. We were torn from life before our time, a Savage King, his queen, a betrayed son, a wronged brother, a scorned wife and so many more. We watch those we left behind as they struggle against the grip of the stars, the answers to so many of their questions within our grasp and yet out of their reach. But what if we could find a way to answer their pleas? What if we could find a way to help them from this side of the divide? And what price would such a thing come at? ***This is a bridging book which takes place beyond The Veil (in the land of the dead) during the events of book 8 in the Zodiac Academy series. It should be read after book 8 to avoid spoilers for that book and holds the answer to what takes place for the characters who are held within the clutches of death by this point in the story, as well as vital clues to the conclusion of this epic series***
