

13th Dalai Lama Young

Sir Charles Alfred Bell

Boy on the Lion Throne Elizabeth Cody Kimmel, 2009-03-03 From humble beginnings to world leader, a new biography focuses on the childhood of the Dalai Lama, as his country remains at the center of the world stage. On a quiet winter morning in 1937, several men on horseback rode into the tiny Tibetan village of Taktser. Disguised as peasants, the high lamas were on a secret mission--soon they would identify 3-year-old Lhamo Thondup as the 14th reincarnation of the Dalai Lama. With a foreword by the Dalai Lama himself, this dramatic narrative follows his remarkable childhood, illuminating the story of Tibet and introducing a remarkable world figure to a new generation.

A History of Modern Tibet, 1913-1951 Melvyn C. Goldstein, 2023-11-15 The Tibetan Question, the nature of Tibet's political status vis-à-vis China, has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers. While one faction has argued that Tibet was, in the main, historically independent until it was conquered by the Chinese Communists in 1951 and incorporated into the new Chinese state, the other faction views Tibet as a traditional part of China that split away at the instigation of the British after the fall of the Manchu Dynasty and was later dutifully reunited with New China in 1951. In contrast, this comprehensive study of modern Tibetan history presents a detailed, non-partisan account of the demise of the Lamaist state. Drawing on a wealth of British, American, and Indian diplomatic records; first-hand-historical accounts written by Tibetan participants; and extensive interviews with former Tibetan officials, monastic leaders, soldiers, and traders, Goldstein meticulously examines what happened and why. He balances the traditional focus on international relations with an innovative emphasis on the intricate web of internal affairs and events that produced the fall of Tibet. Scholars and students of Asian history will find this work an invaluable resource and interested readers will appreciate the clear explanation of highly polemicized, and often confusing, historical events. The Tibetan Question, the nature of Tibet's political status vis-à-vis China, has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers. While one faction has argued that T

A History of Modern Tibet, Volume 4 Melvyn C. Goldstein, 2019-10-22 It is not possible to understand contemporary politics between China and the Dalai Lama without understanding what happened in the 1950s, especially the events that occurred in 1957-59. The fourth volume of Melvyn C. Goldstein's History of Modern Tibet series, *In the Eye of the Storm*, provides new perspectives on Sino-Tibetan history during the period leading to the Tibetan Uprising of 1959. The volume also reassesses issues that have been widely misunderstood as well as stereotypes and misrepresentations in the popular realm and in academic literature (such as in Mao's policies on Tibet). Volume 4 draws on important new Chinese government documents, published and unpublished memoirs, new biographies, and a large corpus of in-depth, specially collected political interviews to reexamine the events that produced the March 10th uprising and the demise of Tibet's famous Buddhist civilization. The result is a heavily documented analysis that presents a nuanced and balanced account of the principal players and their policies during the critical final two years of Sino-Tibetan relations under the Seventeen-Point Agreement of 1951.

The Dalai Lamas Martin Brauen,2005 To coincide with the celebrations surrounding the 70th birthday of the Dalai Lama and the exhibition to be held at the Ethnographic Museum of Zurich University (Volkerkundemuseum der Universitat Zurich) in July, Serindia will be publishing a history of all the dalai lamas, each portrayed in text and illustrations. Essays contributed by sixteen authors illuminate the institutions of reincarnation and enthronement of the dalai lamas, interregna, panchen lamas, and relations between the dalai lamas and the Chinese. The lives and work of the dalai lamas are illustrated with numerous and largely unpublished sources, including thangkhas, statues of individual dalai lamas, paintings of the Potala, gifts of various dalai lamas to high dignitaries, such as Chinese emperors and Russian tsars, and photographs of the 13th and 14th Dalai Lamas from Tibetan, British, and Indian archives.

The Seed of Compassion His Holiness The Dalai Lama,2020-03-24 For the first time ever, Nobel Peace Prize Laureate His Holiness the Dalai Lama addresses children directly, sharing lessons of peace and compassion, told through stories of his own childhood. One of today's most inspiring world leaders was once an ordinary child named Lhamo Thondup. In a small village in Tibet, his mother was his first great teacher of compassion. In everyday moments from his childhood, young readers begin to see that important lessons are all around us, and that they, too, can grow to truly understand them. With simple, powerful text, the Dalai Lama shares the universalist teachings of treating one another with compassion, which Bao Luu illustrates beautifully in vibrant color. In an increasingly confusing world, The Seed of Compassion offers guidance and encouragement on how we all might bring more kindness to it.

Who Is the Dalai Lama? Dana Meachen Rau,Who HQ,2018-04-03 Get to know the Dalai Lama, Tibet's spiritual leader and one of the most popular world leaders today. Two-year-old Lhamo Thondup never imagined he would be anything other than an ordinary child, but after undergoing a series of tests, he was proclaimed the 14th Dalai Lama of Tibet. By age 15, he found himself the undisputed leader of six million people who were facing the threat of a full-scale war from the Chinese. After the defeat of the Tibetan national uprising in 1959, the Dalai Lama had to flee Tibet and went into exile in India. For nearly 50 years, he has aimed to establish Tibet as a self-governing, democratic state. In 1989, he was awarded the Nobel Peace Prize for his nonviolent efforts for the liberation of Tibet and his concern for global environmental problems. As the spiritual leader of Tibetan Buddhism, the Dalai Lama continues to spend his life working to benefit humanity and preserving Tibetan culture.
