**Routledge Guide to Broadway** Ken Bloom, 2013-10-18 The Routledge Guide to Broadway is the second title in our new student reference series. It will introduce the student to the Broadway theater, focusing on key performers, writers, directors, plays, and musicals, along with the theaters themselves, key awards, and the folklore of Broadway. Broadway is the center of American theater, where all the great plays and musicals make their mark. Students across the country in theater history, performance, and direction/production look to Broadway for their inspiration. While there are illustrated coffee table type books on Broadway, there are few that offer a comprehensive look at the key figures and productions of the last two centuries. The Routledge Guide to Broadway offers this information in an easy-to-use, inexpensive format that will appeal to students, professors, and theatrical professionals.

**A Must See!** Steven Suskin, 2004-09-09 Curtain up! A Must See! proudly presents a visual feast of Broadway ballyhoo. For this compendium of graphic design excellence, theatre historian Steven Suskin combed through rare archives to bring us more than fifty years of plays and 175 compelling pieces of Broadway art. Dazzling shows and their glittering stars spill off the pages in artwork from top illustrators of the day, such as Al Hirshfeld, William Steig, Peter Arno, Alberto Vargas, and even Norman Rockwell. Covering every genre, A Must See! includes great hits (Oklahoma!, A Streetcar Named Desire), ignominious flops (Kelly, Carrie), and assorted delights in between. Throughout, Suskin peppers the text with insider information and juicy asides. Much of this material hasn't been seen since the shows closed eons ago, making A Must See! a bonanza of a browsebook -- shining with well-loved classics and surprising oddities from the beloved world of Broadway.

Sold on Radio Jim Cox, 2008-09-18 How was it that America would fund its nascent national radio services? Government control and a subscription-like model were both considered! Soon an advertising system emerged, leading radio into its golden age from the 1920s to the early 1960s. This work, divided into two parts, studies the commercialization of network

radio during its golden age. The first part covers the general history of radio advertising. The second examines major radio advertisers of the period, with profiles of 24 companies who maintained a strong presence on the airwaves. Appendices provide information on 100 additional advertisers, unusual advertisement formats, and a glossary. The book has notes and a bibliography and is fully indexed.
