Heaven Descends on Our Earth Manik Saikia, 2019-07-26 Pioneered by two young leaders, Alex Mandela from South Africa and Charles Hope from the USA, the young people across the world launch an intensive revolution to influence the world to recognize that human society's future has to be built on the choices of the youth. Heaven Descends on Our Earth tells the story of this great revolution. Shankar, born in 1955, lives an exceptionally long life—completing an incredible 145 years on January 1, 2100—to witness many transformations in human society and to witness if the young people's resolve bears fruit.

A Long Way Home Saroo Brierley, 2014-06-12 First it was a media sensation. Then it became the #1 international bestseller *A Long Way Home*. Now it's *Lion*, the major motion picture starring Dev Patel, Nicole Kidman, and Rooney Mara—nominated for six Academy Awards! This is the miraculous and triumphant story of Saroo Brierley, a young man who used Google Earth to rediscover his childhood life and home in an incredible journey from India to Australia and back again... At only five years old, Saroo Brierley got lost on a train in India. Unable to read or write or recall the name of his hometown or even his own last name, he survived alone for weeks on the rough streets of Calcutta before ultimately being transferred to an agency and adopted by a couple in Australia. Despite his gratitude, Brierley always wondered about his origins. Eventually, with the advent of Google Earth, he had the opportunity to look for the needle in a haystack he once called home, and pore over satellite images for landmarks he might recognize or mathematical equations that might further narrow down the labyrinthine map of India. One day, after years of searching, he miraculously found what he was looking for and set off to find his family. *A Long Way Home* is a moving, poignant, and inspirational true story of survival and triumph against incredible odds. It celebrates the importance of never letting go of what drives the human spirit: hope.

Communalism Condemned, Gujarat Genocide 2002 Basudeb Chattopadhyay,Ashis Ranjan Guha,Ramkrishna Chatterjee,West Bengal College & University Teachers' Association,2002 Few events in contemporary India have shaken the conscience of the nation as deeply as the Gujarat carnage of 2002. It is indeed a defining event in the biography of the Indian nation. India has witnessed many riots in the past, but never before have the foundational principles of Indian society been so comprehensively threatened. Never before has the complicity of the political and bureaucratic establishment been so pitifully obvious. Never before have the riots been so genocidal in character. In a word, the Gujarat carnage stands apart from the rest as a class by itself.... The purpose of this collection is not merely to anatomize violence or to catalogue events that have disgraced the nation. Instead it seeks to go beyond events and attempts to capture multiple voices of reason that defiantly refused to give in.--Book jacket.
