**The Disney Fairies: World of Fairies** Calliope Glass,2009-10-27 Past the second star on the right, nestled in the heart of Never Land, lies the realm of the Never Fairies. Fairies of all talents have always practiced their crafts here. Butterflies have always been herded, caterpillars sheared, and honeysuckle harvested. But long ago, Pixie Hollow was also a place where all four seasons coexisted. It was a very different era for Pixie Hollow - a Golden Age. Now you can learn all about the way things were long ago in the fairies' realm. This volume's abundance of fairy facts, profiles of your favorite pixies, and beautiful illustrations on every page makes it the ultimate guide for anyone who wants to uncover the secrets of the earliest recorded age of the Never fairies.

*Cary Simms: The Towers of Avalon* Cassandra Morphy,2024-09-10 From a young age, Cary Simms knew that she wasn't like the other boys her age. She was only starting to figure out just how different she really was. And with summer vacation starting up again, Cary is left with a feeling that she wasn't quite ready to head home. Not quite ready to face her grandparents with the secrets that she was needing to keep from them. So, when her best friend David's little sister showed up in the magical realm, Cary jumped at the excuse to spend a little more time there. However, even the great city of Avalon, with all the secrets hidden within it, wasn't enough to keep Cary from facing her own demons and the secrets of her past.

**The Fantastic Land Of Never Ending Stories** Roxana Negut,2025-11-01 In a time beyond time, when dawn still whispered secrets to the stars, there lived stories — not people, not kings, not beasts, but stories themselves. They wandered across lands of moonlight and mountains, across oceans that sang in forgotten tongues. They waited to be heard, to be believed again. This collection, *The Fantastic Land of Never Ending Stories*, is a map to those stories. Each tale flows from the heart of one of the Six Kingdoms — places where emotions take form, where dreams have shadows, and where even silence carries a spell. You may meet kings who bow to kindness more than power, rivers that remember your name, and moons that listen when no one else will. These are not stories to be read in haste, but to be felt. Let each word take root in the quiet corners of your heart. For somewhere within these enchanted lands, a part of you has walked before.

*Lost Lands, Forgotten Realms* Bob Curran,2007-11-15 “A comprehensive encyclopedia of fantastic places straddling the nebulous borderlands between fact and fantasy.” —Frank Joseph, author of *Opening the Ark of the Covenant* There are places that turn up in literature or in film—mystical and legendary places whose names may be familiar but about which we know little. We nod knowingly at the reference, but are often left wondering about places such as Atlantis, the lost land overwhelmed by the sea, or El Dorado, the fabulous city that vanished somewhere in the South American jungles. Other names are more evocative—Mount Olympus, the Garden of Eden, the mystic Isle of Avalon, and Davy Jones’ Locker. But did such places actually exist and if so, where were they, and what really happened? What are the traditions and legends associated with them? In the fascinating book, *Lost Lands, Forgotten Realms*, historian Dr. Bob Curran sets out to find the answers by journeying to the far-flung corners of the world and to the outer reaches of human imagination. “In this fascinating encyclopedia of places that time forgot, Irish psychologist and historian Dr. Bob Curran brings the legends alive.” —Nexus magazine “Learned and erudite, yet written in an accessible and exceptionally readable style, this book is invaluable for those interested in the mysteries of vanished civilizations.” —Brian Haughton, author of *Hidden History*

*The Secret of Meadowbrook Orphanage* D. C. Johnson,Ron Rowan,2012-05 It is said that love is the greatest gift of all, but in reality, there are two greatest gifts. One is love, that much we already know to be true. However, the second greatest gift is that of being a child, for it is only as a child that one knows how to truly believe. And it is this simple act of 'believing'

that has its own special kind of magic, as you will see in this story. When a child believes, there is an energy that feeds everything and everyone around them. It feeds even those magical beings who most adults can no longer see nor will they ever see again because they no longer know how to see that which they stopped believing in. Sadly enough, there are even some children who stop believing. Sometimes it takes the energy of other children to awaken their beliefs again, and that is also the case in this story. So I invite you to reconnect to the magic that each of us once had, the magic that children always hold, and the magic that will bring you to a place where everything is possible. All you have to do is believe.
