This Little World Michael J. Halvorson, Shelly Cano Kurtz, 2024-08-06 Our planet has never been smaller. Technological advancements have compressed time and space, making the world more immediate and interconnected. This Little World clearly sets out how social innovation practices can enable organizations and communities to create a more sustainable, just, and equitable future for our shared lives on Earth. Today, cloud-based communication systems span the globe, connecting people and markets in the blink of an eye. Remote workers interact daily on high-impact, virtual teams. Telehealth professionals provide medical care to the residents of secluded mountain villages. But a shrinking planet is not without its challenges: climate change, food shortages, pollution, and war are persistent headwinds. We need strategies and tools that promote stability and growth, and we need technology that is more inclusive, trusted, and focused on community goals. This Little World seeks to inspire those who aim to explore the rich and rewarding world of social innovation. It is a practical guide to innovation opportunities that will enrich an organization's capacity for transformation and impact. The book explores how social impact employees can create projects that are purpose-driven, scalable, and successful. With insights from leading social innovators, the book demonstrates how tech for good organizations are using social innovation strategies, emerging tools, and sustainable practices to support environmental causes, humanitarian initiatives, accessibility, healthcare, cultural heritage, and more. This Little World: A How-To Guide for Social Innovators is for technologists, business leaders, managers, and employees in the social impact sector, as well as anyone with aspirations for purpose-driven outcomes in their work. Corporate executives, entrepreneurs, and students alike can learn from this new model of innovation, where it is possible to do good and do well. The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... In The World Martin Roach, 2012-05-25 From humble beginnings as a 1970s motoring show, Top Gear has gone on to achieve diesel-powered world domination. After Clarkson and producer Andy Wilman successfully pitched a new format to BBC bosses, Top Gear returned to become the irreverent, funny and often controversial show we now know and love. The Star in a Reasonably Priced Car, the Cool Wall and Power Laps by the mysterious Stig have all become staples of Britain's favourite Sunday evening entertainment. Recent series have been defined by their madcap challenges such as driving across Africa in clapped-out bangers - with predictably hilarious results. However, the show's most shocking moment came in 2006, when Hammond suffered serious head injuries while driving a Vampire turbojet drag racing car at over 300mph. Clarkson, Hammond and May; they are the politically-incorrect-joking, stone-washed-denim-wearing, bloke-hero trio for the modern(ish) age. This brilliant, detailed book is fitting tribute to the show, its presenters and its most memorable moments.

Top Gear Martin Roach, 2012-05 This is the full story of the unstoppable rise of Clarkson, Hammond, May and The Stig and how they have transformed an ordinary programme about cars into one of the most famous and best-loved TV programmes of the 21st century.

To Boldly Go Graham Hull, 2017 A fascinating journey through a century of 26 exceptional designs. Author Graham Hull, former designer of Rolls-Royce and Bentley cars, delves into the world of innovative vehicle design, and considers what makes some stand out from the crowd. Regardless of production numbers, one litmus test is applied: was the vehicle an

exceptional design solution? The 1911 Morgan three-wheeler, still in production 100 years on, proves the potency of an original concept. Be it for austerity, off-road, competition or social status, this book follows vehicle rationales where the backdrop is the power of creativity - individuals and teams rattling the cage of convention, and claiming their places in automotive history. Whether Tyrrell's four-wheel bogie, or Bond's mechanical 'pony,' such devices bear witness to ingenuity, and the world would be a poorer place without the striving of their creators. Graham Hull's original artwork captures the vehicles aesthetically, often technically, and also in action. Each chapter gives a sense of the commercial and social background of the design, considers its function and form, and features personal testimonies and anecdotes. Vehicles covered - Morgan 1911-52 & 2011 (UK); Austin 7 1922-1939 (UK); Raleigh 1933-1936 (UK); Jeep 1941-1945 (USA); 2CV & Dyane 1948-1990 (Fr); Bond 1949-1966 (UK); 2CV Pick-up 1953-1961 (Fr); Fiat 500 1957-1975 (Italy); KR 200 1955-1964 (GER); Tg500 1958-1961 (GER); Mini 1959-2000 (UK); Haflinger 1959-1975 (GER); Ariel three-wheeler 1960 (UK); BMW Sidecars 1960-1974 (GER); 24CT 1963-1967 (Fr); 650TR 1964-1969 (AT); Greenwood Mini 1965-1967 (UK); Unipower GT 1966-1970 (UK); Zanda 1969 (UK); Bond Bug 1970-1974 (UK); Vauxhall SRV 1970 (UK/USA); Brubaker Box 1972-1979 (UK); Bravo 1974 (Italy); Tyrrell 1975-1977 (UK); Alfa SZ 1989-1991 (Italy); Deltawing 2012- (USA).

I Know You Got Soul Jeremy Clarkson,2006-05-25 In I Know You Got Soul, Jeremy Clarkson writes about the machines that he believes have 'soul'. It will come as no surprise to anyone that Jeremy Clarkson loves machines. But it's not just any old bucket of bolts, cogs and bearings that rings his bell. In fact, he's scoured the length and breadth of the land, plunged into the oceans and taken to the skies in search of machines with that elusive certain something. And along the way he's discovered: * The safest place to be in the event of nuclear war * Who would win if Superman, James Bond and The Terminator had a fight * The stupidest person he's ever met * What an old Cornish institution called Arthur has to do with 0898 chat lines * And how Jean Claude Van Damme might get eaten by a lion . . . In I Know You Got Soul, Jeremy Clarkson tells stories of the geniuses, innovators and crackpots who put the ghost in the machine. From Brunel's SS Great Britain to the awesome Blackbird spy-plane and from the woeful - but inspiring - Graf Zeppelin to Han Solo's Millennium Falcon, they can't help but love them in return. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out 'Very funny . . . I cracked up laughing on the tube' Evening Standard

Born to be Riled Jeremy Clarkson,2007-01-25 Born to be Riled is a collection of hilarious vintage journalism from Jeremy Clarkson. Jeremy Clarkson, it has to said, sometimes finds the world a maddening place. And nowhere more so than from behind the wheel of a car, where you can see any number of people acting like lunatics while in control (or not) of a ton

of metal. In this collection of classic columns, first published in 1999, Jeremy takes a look at the world through his windscreen, shakes his head at what he sees - and then puts the boot in. Among other things, he explains: • Why Surrey is worse than Wales • How crossing your legs in America can lead to arrest • The reason cable TV salesmen must be punched • That divorce can be blamed on the birth of Jesus Raving politicians, pointless celebrities, ridiculous 'personalities' and the Germans all get it in the neck, together with the stupid, the daft and the ludicrous, in a tour de force of comic writing guaranteed to have Jeremy's postman wheezing under sackfuls of letters from the easily offended. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear.

The World According to Clarkson Jeremy Clarkson, 2005-05-26 Jeremy Clarkson, shares his opinions on just about everything in The World According to Clarkson. Jeremy Clarkson has seen rather more of the world than most. He has, as they say, been around a bit. And as a result, he's got one or two things to tell us about how it all works - and being Jeremy Clarkson he's not about to voice them quietly, humbly and without great dollops of humour. In The World According to Clarkson, he reveals why it is that: • Too much science is bad for our health • '70s rock music is nothing to be ashamed of • Hunting foxes while drunk and wearing night-sights is neither big nor clever • We must work harder to get rid of cricket • He liked the Germans (well, sometimes) With a strong dose of common sense that is rarely, if ever, found inside the M25, Clarkson hilariously attacks the pompous, the ridiculous, the absurd and the downright idiotic, whilst also celebrating the eccentric, the clever and the sheer bloody brilliant. Less a manifesto for living and more a road map to modern life, The World According to Clarkson is the funniest book you'll read this year. Don't leave home without it. The World According to Clarkson is a hilarious collection of Jeremy's Sunday Times columns and the first in his The World According to Clarkson series which also includes And Another Thing . . . , For Crying Out Loud! and How Hard Can It Be? Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller and presenter of the hugely popular Top Gear, Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store.
