World on the Horizon Prita Meier, Allyson Purpura, Krannert Art Museum, 2018 The multiauthored book accompanying the World on the Horizon exhibition organized by Krannert Art Museum is the first interdisciplinary study of Swahili visual arts and their historically deep and enduring connections to eastern and central Africa, the port towns of the western Indian Ocean, Europe, and the United States. At once exhibition catalogue and scholarly inquiry, the publication features eighteen essays in a mix of formats - personal reflections, object biographies, as well as more in-depth critical treatments - and includes never before published images of works from the National Museums of Kenya and Bait Al Zubair Museum in Oman. By approaching the east African coast as a vibrant arena of global cultural convergence, these essays offer compelling new perspectives on the situated yet mobile and deeply networked social lives of Swahili objects. Moving between the broader structural relations of political economic change to more intimate narratives through which such change is experienced, the essays throw light on the ways in which the material fabric of the arts structure Swahili people's sense of self and community in an ever-changing world of oceanic and terrestrial movement.
