

Odyssey One Series

Jacques Marais, Lisa De Speville

Odysseus Ascendant Evan Currie, 2018 The Empire's next target is Earth, whose denizens have proven themselves effective allies of the Priminae, and therefore enemies of the Empire.

Out of the Black Evan Currie, 2014 Deep in blackest space, the Drasin have watched humanity's journey to the stars--and determined that a species as barbaric as ours has no place in the cosmos. The wreckage of the starship Odyssey, once Earth's greatest guardian, lies strewn across New York City. Abandoned by all but its captain, Odyssey's sacrifice covered the withdrawal of countless troops as the Drasin assault ravaged the planet. When Captain Eric Weston finally emerges from the rubble, impossibly alive thanks to the mysterious Gaia, he knows with the Drasin it's kill or be killed. But not all of the heavens have proven hostile. The Priminae have felt the full brunt of Drasin aggression on their own home world, and they won't leave humanity to face annihilation alone. Together with what's left of the crews of the Odyssey and other starships, they race to join Weston and his group of Earth-bound survivors for a desperate last stand. The final battle of the Drasin War brings bestselling author Evan Currie's Odyssey One series to its shattering conclusion.

Warrior King Evan Currie, 2016 Battle-weary after a desperate fight to save Earth from the Drasin alien onslaught, Confederation Captain Eric Weston is tasked with a perilous new mission. He and the crew of the Odysseus must hunt down those who unleashed the hellish attack on his homeworld and that of Earth's Priminae allies. But the situation turns dire when they catch sight of a ship belonging to the mysterious beings who orchestrate the fearsome Drasin's depredations. This powerful Empire, it seems, has two primary aims: to conquer new worlds and settle old scores. Weston's ultimate objective: keep humanity from becoming collateral damage as the Drasin war expands to engulf the galaxy.

Homeworld Evan Currie, 2013 War comes home to the Sol system when the Drasin track a human ship back to Earth, with devastating consequences. Facing massive force of invading alien ships wielding terrible power, the crew of the NAC spacecraft, their allies, and the people of Earth must mount a desperate effort to stop them. Doomed from the start, but with nowhere to retreat, Captain Eric Weston commits his ship to the defense of the human race even as the human outposts in Sol system fall one by one before the unrelenting Drasin onslaught. A first-rate military science fiction epic that combines old-school space opera and modern storytelling.

Odysseus Awakening Evan Currie, 2017 Defy the inevitable. Such is the stance of Confederation captain Eric Weston and

the crew of the starship *Odysseus*, patrolling the outer limits of Priminae space, anticipating the Empire's next attacks. Connected with the Terran FTL tech--the transition drive--humanity might stand a chance against the overwhelming forces. Until the entire planetary system goes dark. Outnumbered and outgunned, the *Odysseus* arrives to find the Empire securing critical intelligence from Priminae ships--data that could prove disastrous in the wrong hands. As the *Odysseus* enters the fray, the ship's systems exhibit increasingly chaotic glitches, while haunting apparitions stalk the crew. As they struggle to control their own ship--and their sanity--against the tide of battle, how can they hope to grasp victory when the *Odysseus* itself appears to be coming to life?

Into the Black Evan Currie,2012 Beyond the confines of our small world, far from the glow of our star, lies a galaxy and universe much larger and more varied than anyone on Earth can possibly imagine. For the new NAC spacecraft *Odyssey* and her crew, the unimaginable facets of this untouched world are about to become reality. The *Odyssey's* maiden voyage is an epic adventure destined to make history. Captain Eric Weston and his crew, pushing past the boundaries of security, encounter horrors, wonders, monsters, and people, all of which will test their resolve, challenge their abilities, and put in sharp relief what is necessary to be a hero. A first-rate military science fiction epic that combines old-school space opera and modern storytelling, *Into the Black: Odyssey One* is a riveting, exhilarating adventure with vivid details, rich mythology, and relentless pacing--P. King of Thieves Evan Currie,2015 The world of the bestselling *Odyssey One* series grows in this new stand-alone adventure, as Earth's survivors face devastating new challenges in the wake of an alien conflict. Battered and mourning tremendous losses, the once fractious peoples of enemy nations must work together to rebuild their shattered world--and prevent the possibility of their attackers' return. What they don't know is that a new, deadlier enemy unlike anything they've ever faced will usher in the dawn of another war. Captain Morgan Passer commands the Rogue Class destroyer *Autolycus*, charged with an interstellar recon mission to detect traces of the repelled enemy while gathering information for the fortification of Earth's defenses. What the expedition finds instead is a deeply disturbing mystery: a discovery that redefines everything they thought they knew about Earth's place in the galaxy...and reveals deadly new horrors. Former enemies unite for their own survival, and Passer and his intrepid crew seek answers to help them save their people. Instead, they find that the invasion may be over, but the danger is just beginning.

Coming Back to a Theater Near You Brian Hannan,2016-06-05 In the Silent Era, film reissues were a battle between rival studios--every Mary Pickford new release in 1914 was met with a Pickford re-release. For 50 years after the Silent Era, reissues were a battle between the studios, who considered old movies found money, and cinema owners, who often saw audiences reject former box office hits. In the mid-1960s, the return of *The Bridge on the River Kwai* (1957)--the second biggest reissue of all time--altered industry perceptions, and James Bond double features pushed the revival market to new heights. In the digital age, reissues have continued to confound the critics. This is the untold hundred-year story of how old movies saved new Hollywood. Covering the booms and busts of a recycling business that became its own industry, the author describes how the likes of Charlie Chaplin, Humphrey Bogart and Alfred Hitchcock won over new generations of audiences, and explores the lasting appeal of films like *Napoleon* (1927), *Gone with the Wind* (1939), *The Rocky Horror Show* (1975) and *Blade Runner* (1982).

An Empire Asunder Evan Currie,2016 The coup that won traitor General Corian the Scourwind throne has been overturned, but his ongoing rebellion has left the empire divided. Lydia's birthright regained, she adjusts to her role as empress at war, while Brennan begins training as an elite Cadreman soldier. With tensions rising between the empire and the Alliance, this momentary lull seems to portend a gathering storm... The royal twins aren't the only ones sensing peace may not last. Searching for a vanished supply shipment vital to her own mission of vengeance against Corian, former Cadrewoman turned pirate Mira Delsol makes a shocking discovery about the theft. As both Mira and Brennan follow similar clues to the fate of the stolen supplies, their trajectories converge. Now Mira will embark on a perilous attempt to infiltrate the heart of the enemy camp, while Brennan's path will also lead him across Alliance lines, and into a lethal confrontation with the Alliance air fleet. But will either of their efforts be enough to keep Corian from executing his plan to bring the empire to its knees once again?
