The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson, 2016-11-25 Sun Yatsen (1866-1925) occupies a unique position in modern Chinese history: he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan. The first president of the Republic of China in 1911-12, the peasant-born yet Western-trained Dr Sun was also a dedicated political theorist, constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution. A decade before the public emergence in Japan of his 'Three Principles of the People', and weeks before even his first slim publication in 1897, Kidnapped in London, Sun was already hard at work in the Reading Room of the British Museum, planning his most ambitious book yet: a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty. Started then abandoned twice over, destined never to be completed, let alone published, we can only conjecture what title this revolutionary book might have had. The Lost Book of Sun Yatsen and Edwin Collins is the first study of this lost work in all scholarship, Western or Chinese. It draws its originality and its themes from three primary sources, all presented here for the first time. The first is a series of interconnected lost writings co-authored by Sun Yatsen between 1896 and 1898. The second is the mass of lost political interviews with, and articles dedicated to, Sun Yatsen and his politics, first published in the British press in the aftermath the dramatic world-famous rescue of Sun from inside the Chinese Legation in London in 1896. The third source is the 'Apostle of the Simple Life for Children', the Anglo-Jewish Rabbi Edwin Collins (1858-1936), a devotee and practitioner of Jean-Jacques Rousseau's *Émile* and the New Education movement it inspired, who became Sun's writing

collaborator of choice during his years of political exile from China. Drawing on this wealth of neglected material, Patrick Anderson's book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs.

*Speak with Confidence* Albert J. Vasile,2008 *Speak with Confidence: A Practical Guide*, 10/e Albert J. Vasile, Bunker Hill Community College *Speak with Confidence* gives students the skills they need to communicate quickly, confidently, and effectively. Filled with engaging anecdotes, cartoons, and examples, *Speak with Confidence* is a practical and approachable public speaking text that both engages students in the material and also teaches them important speech lessons. Using a down-to-earth, conversational style that speaks to students and not at them, this text builds students' speechmaking confidence and offers all of the necessary skills for communicating effectively. New Features: Expands sections on important topics such as Plagiarism, Speech Apprehension, Appearance, Body Movement, Color, Vocalized Pauses, Audiovisual Aids, and Converging Technologies to improve students' preparation and delivery of speeches. Features new speeches to keep students engaged in the material. Addresses important ethical considerations for students in a new section on Speaker Ethics. Develops the unique concept of oral visualization throughout the text to help students communicate deeper meaning to audiences. Contains a new Speech Guide for International Students to provide further assistance to non-native English speakers. Emphasizes important verbal and non-verbal aspects of interviewing to provide students with the skills needed for successful job interviews. Includes new Vitalize Your Vocabulary listings such as oxymorons and legal terms to help spark

class discussions and ideas for speech topics. Reviewer Quotations: The text provides excellent suggestions for increasing confidence and assertiveness in daily interactions and applying this skill to public speaking situations. In comparison to our current text, Vasile' s text is clear and organized and written so that a student can understand and identify with the content. - Julie Raplee, St. Joseph' s College I love this chapter [Saying a Few Words] -- this is the communication student' s biggest need -- not necessarily how to give a formal public speech, but rather to communicate and speak daily on a wide variety of impromptu topics. Well done! -- Heather Dorsey, University of Minnesota My goal for the course is the same goal as Vasile' s book: to help students speak with confidence one-on-one, in the small group, and before large groups. -- Rich M. Breiner, University of Great Falls
