100 Best Quotes from Children's Books Susan Gabrielle, 2012-07-30 ABOUT THE BOOK Storytelling has been around as long as humankind, although the ability to be a storyteller or history-keeper is a special gift not everyone possesses. Generations of our ancestors told oral tales of encounters with nature—with wild animals or with the land itself, real or imagined. Clans gathered around to hear of dreams or of explanations of certain unexplainable phenomena, such as thunder and lightning. These stories were often illustrated by scratching them or painting them onto cave walls or on rocks, and especially those tales of great battles against warring tribes. Some of the stories only existed as verbal histories passed from grandfathers to sons to grandsons. MEET THE AUTHOR Susan Gabrielle has had work published in The Christian Science Monitor, TheBatShat, New Verse News, and local publications, and was a finalist in the Tiny Lights Narrative Essay Contest. Her short story What she should have said was published in the Social Justice issue of the Little Patuxent Review, and she has been nominated for a Pushcart Prize for her poem After 10 years of War. She currently teaches writing and literature classes as a university instructor, and is at work on a nonfiction writers' guide. You can reach her at Susan-Gabrielle.com EXCERPT FROM THE BOOK But while storytelling itself is an ancient art form, the genre of children's literature is relatively new, and children's book publishing only came to prominence beginning in Great Britain in the 18th century. As Allen notes, From the time John Newbery, publisher and bookseller, decided to create books just for children in 18th-century England until the end of the 19th century, when English industry produced children's books of the highest quality, the body of

children's literature that became available from England earned a growing respect throughout the literary world. Before that time, children were treated as miniature adults, useful only insofar as their ability to bring income to the home. Most children up to the 1800s worked on the family farm, so there was little free time for play, and since many children did not attend school, they could not read. The family may have owned a Bible, but it most likely would have been read to them by the father, perhaps after dinner. The Message of Humanity Ian W. Payne,2025-02-20 Who do humans think they are?! A cacophony of answers in the face of global challenges - like climate change, artificial intelligence, racism, nationalism, terrorism, feminism, abortion, gene therapy, gender constructivism - shows we do not agree. To a deeply divided, despondent world, the Bible speaks today about the human condition and destiny by pointing us to Jesus Christ, the true human, the image of God. Ian Payne's conviction is that the most important answer to the question of humanity is God. He expounds a comprehensive selection of Old and New Testament passages and examines a range of issues in being human today. The book is structured in three parts following the biblical narrative: Part 1: Created in the image of God Part 2: Image of God renewed in Christ Part 3: Issues in being human This biblical theology shows that hope and meaning for humans are found in remembering and trusting God's gift of life and goal of redemption and restoration. With an integrated study guide, this book is perfect for personal and group study and preachers' application of the passages covered.

The Velveteen Rabbit Margery Williams,2023-12-01 In The Velveteen Rabbit, Margery Williams crafts a poignant narrative exploring themes of love, loss, and the transformative power of attachment. This beloved children's classic, written in lyrical prose, tells the tale of a stuffed rabbit's desire to become 'real' through the love of a child. The book's

stylistic simplicity is underlined by profound emotional resonance, blending elements of fantasy with the harsh realities of growing up. Set against the context of early 20th-century children's literature, it reflects societal values surrounding innocence and the transition from childhood to maturity. Margery Williams, born in 1881, was deeply influenced by her own experiences of childhood and the transient nature of play. With a rich career spanning several decades, her works often feature themes of psychological depth and emotional authenticity. Williams' own relationship with her children provided fertile ground for her storytelling, and her ability to infuse genuine sentiment into anthropomorphic characters speaks to her empathy and understanding of childhood experiences. This timeless tale is a must-read for both children and adults, offering layers of meaning that resonate across generations. The Velveteen Rabbit invites readers to reflect on the nature of love and the significance of being 'real,' making it an essential addition to any literary collection.

In the nursery, only the toys that are old and wise truly understand what it means to be Real. The Velveteen Rabbit, a newcomer to the nursery, asks one of the most knowledgeable toys, the Skin Horse, what being real means. Real isn't how you're made, says the Skin Horse. It's a thing that happens to you. When a child loves you for a long, long time, not just to play with, but REALLY loves you, then you become real. It doesn't happen all at once. You become... And so begins the Velveteen Rabbit's journey towards becoming real--through the love of a child....

The Velveteen Rabbit Margery Williams Bianco, 2015-08-01 The Velveteen Rabbit is not a 'real' rabbit, like the rabbits he meets in the forest. He has seams and is full of stuffing. Still, the Velveteen Rabbit doesn't mind as long as the boy who owns him loves him. One of the rabbit's friends tells him that a toy becomes real if its owner truly loves it. But when the boy leaves home to recover from an illness and is forced to leave his Velveteen Rabbit behind, what will become of his beloved toy? A heartwarming tale of childhood and the transforming power of love, this unabridged version of the children's picture book written by English-American author Margery Williams Bianco was first published in 1922.

Threads of Grace Mary Roberts,2020-09-30 God is the master creator. He weaves the circumstances of our lives into a beautiful finished product. Tapestries are created in a similar fashion. The colors and shapes of the pattern are decided beforehand. The weaver then takes a collection of separate pieces of threads of differing colors and textures and connects them so they are transformed into something beautiful and useful. God does the same thing with us. He was doing this with me.
