

Richard C Miller Jesus

Matthew Levering

Resurrection and Reception in Early Christianity Richard C. Miller, 2014-12-17 This book offers an original interpretation of the origin and early reception of the most fundamental claim of Christianity: Jesus' resurrection. Richard Miller contends that the earliest Christians would not have considered the New Testament accounts of Jesus' resurrection to be literal or historical, but instead would have recognized this narrative as an instance of the trope of divine translation, common within the Hellenistic and Roman mythic traditions. Given this framework, Miller argues, early Christians would have understood the resurrection story as fictitious rather than historical in nature. By drawing connections between the Gospels and ancient Greek and Roman literature, Miller makes the case that the narratives of the resurrection and ascension of Christ applied extensive and unmistakable structural and symbolic language common to Mediterranean translation fables, stock story patterns derived particularly from the archetypal myths of Heracles and Romulus. In the course of his argument, the author applies a critical lens to the referential and mimetic nature of the Gospel stories, and suggests that adapting the translation fable trope to accounts of Jesus' resurrection functioned to exalt him to the level of the heroes, demigods, and emperors of the Hellenistic and Roman world. Miller's contentions have significant implications for New Testament scholarship and will provoke discussion among scholars of early Christianity and Classical studies.

Did Jesus Rise from the Dead? Matthew Levering, 2019-02-21 The Resurrection of Jesus is at the very root of Christian faith; without belief in Jesus Christianity dies. In this thought-provoking work, Matthew Levering defends the credibility of the claim that Jesus rose from the dead. Drawing on the work of N. T. Wright, Levering shows that the historical evidence vindicates this assumption, and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels. The author also emphasises the importance of evaluating the Old Testament to validate Jesus' Resurrection. By highlighting the desire--both in the ancient world and now--to make the Resurrection more comprehensible by spiritualizing it, Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability. Finally, the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection, which is often seen as a strong case for scepticism. However, he shows

that Jesus' entire mission is predicated upon helping us to avoid cleaving to the present world over God. He is leading us to where he is--the kingdom of God, the beginning of the new creation at the Father's right hand. By developing these arguments for the historical reality of Jesus' Resurrection, this ground-breaking study expertly draws together historical and theological reasons for believing that Jesus' Resurrection happened.

An Honest Faith Keith Mascord, 2025-02-06 *An Honest Faith* tackles the thorny question of whether Christian faith is compatible with the questing and questioning spirit of philosophy. The author argues that a mutually productive friendship between Athens (philosophy/science) and Jerusalem (theology/faith) is possible and, in fact, necessary, given that various forms of the faith resist questioning and therefore end up holding onto outdated, unsupported, and damaging beliefs, for example, on matters of gender and sexuality. The author draws upon his own experiences in the conservative Anglican Diocese of Sydney and his teaching career in philosophy to issue a challenge to Christians to have an honest faith and not hold back from the quest for answers, which lies at the heart of religion, philosophy, and science. The book's first half, which can be characterized as an exercise in faith deconstruction, lays out a number of the more serious challenges to historic or traditional Christian faith while noting its rapid demise in Australia, the US, the UK, and throughout the Western world. The book's second half recommends a careful reconstruction or reformation of the faith.

Journal of Greco-Roman Christianity and Judaism, Volume 16 Stanley E. Porter, Matthew Brook O'Donnell, Wendy Porter, 2021-09-03 Volume 16 2020 This is the sixteenth volume of the hard-copy edition of a journal that has been published online (www.jgrchj.net) since 2000. As they appear, the hard-copy editions replace the online materials. The scope of JGRChJ is the texts, language and cultures of the Greco-Roman world of early Christianity and Judaism. The papers published in JGRChJ are designed to pay special attention to the larger picture of politics, culture, religion and language, engaging as well with modern theoretical approaches.

Can We Still Believe in God? Craig L. Blomberg, 2020-06-16 People regularly give certain reasons for not believing in God, but they are much less aware of what the New Testament actually teaches. Although challenges to Christianity are perennial and have frequently been addressed, they are noticeably more common today and are currently of particular interest among evangelicals. Skeptics of Christianity often ask highly regarded biblical scholar and popular speaker Craig Blomberg how he can believe in a faith that seems so problematic. How can God allow evil and suffering? Isn't the Bible anti-women, anti-gay, and pro-slavery? Isn't the New Testament riddled with contradictions? What about the nature of hell, violence in Scripture, and prayer and predestination? Following the author's successful *Can We Still Believe the Bible?*, this succinct and readable book focuses on what the New Testament teaches about 10 key reasons people give for not believing in God.

Ascent into Heaven in Luke-Acts David W. Pao , David K. Bryan , 2016-12-01 In comparison with other aspects of Jesus' life

and ministry, his ascent into heaven has often been overlooked within the history of the church. However, considering its placement at the end of the Gospel and the beginning of Acts—the only narrative depictions of the event in the New Testament—the importance of Jesus’ ascent into heaven is undeniable for Luke’s two-volume work. While select studies have focused on particular aspects of these accounts for Luke’s story, the importance of the ascension calls for renewed attention to the narratological and theological significance of these accounts within their historical and literary contexts. In this volume, leading scholars discuss the ascension narratives within the ancient contexts of biblical, Second Temple Jewish, and Greco-Roman literature; the literary contours of Luke-Acts; and questions of historical and theological significance in the wider milieu of New Testament theology and early Christian historiography. The volume sets out new positions and directions for the next generations of interpreters regarding one of the most important and unique elements of the Lukan writings.

Redescribing the Gospel of Mark Barry S. Crawford, Merrill P. Miller, 2017-06-16 A collaborative project with a variety of critical essays This final volume of studies by members of the Society of Biblical Literature’s consultation, and later seminar, on Ancient Myths and Modern Theories of Christian Origins focuses on Mark. As with previous volumes, the provocative proposals on Christian origins offered by Burton L. Mack are tested by applying Jonathan Z. Smith’s distinctive social theorizing and comparative method. Essays examine Mark as an author’s writing in a book culture, a writing that responded to situations arising out of the first Roman-Judean war after the destruction of the Jerusalem temple in 70 CE. Contributors William E. Arnal, Barry S. Crawford, Burton L. Mack, Christopher R. Matthews, Merrill P. Miller, Jonathan Z. Smith, and Robyn Faith Walsh explore the southern Levant as a plausible provenance of the Gospel of Mark and provide a detailed analysis of the construction of Mark as a narrative composed without access to prior narrative sources about Jesus. A concluding retrospective follows the work of the seminar, its developing discourse and debates, and the continuing work of successor groups in the field. Features A thorough examination of the relation between structure and event in social and anthropological theory that provides conceptual tools for representing the project of the author of Mark An exploration of the southern Levant as a plausible provenance of the Gospel, a permanent site of successive imperial regimes and culturally related peoples A detailed analysis of the construction of Mark as a narrative composed without access to prior narrative sources about Jesus
