State of play Robin Nelson, 2013-07-19 Robin Nelson's *State of play* up-dates and develops the arguments of his influential TV Drama In Transition (1997). It is equally distinctive in setting analysis of the aesthetics and compositional principles of texts within a broad conceptual framework (technologies, institutions, economics, cultural trends). Tracing the great value shift from conduit to content (Todoras, 1999), Nelson is relatively optimistic about the future quality of TV Drama in a global market-place. But, characteristically taking up questions of worth where others have avoided them, Nelson recognizes that certain types of quality are privileged for viewers able to pay, possibly at the expense of viewer preference worldwide for local resonances in television. The mix of arts and cultural studies methodologies makes for an unusual and insightful approach.

Television, Sex and Society Beth Johnson, James Aston, Basil Glynn, 2012-06-14 Since the 1990s, the screening of sex on American, British and Asian television screens has become increasingly prolific. Considering not only the specificities of selected sexualised images in relation to popular series, this study also concerns itself with the ramifications of TV sex as well as discussing the various techniques that are used by TV producers/programme makers to establish the cultural worth of their texts in series such as *Shameless*, *The Tudors* and *True Blood*. The contributions draw attention to shifting representations of sex on television away from the authoritarian state and patriarchal order, toward a more democratic form of representation. As a significant and under-represented aspect of contemporary television studies, this is the first full-length academic collection to consider the wide-ranging representations of sex in society on contemporary television.

Encyclopedia of Television Shows, 1925 through 2010, 2d ed. Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

Sight and Sound, 2005

New Statesman, 2004

Characters in 20th-century Literature Kelly King Howes, 1995 Provides essays on the most representative and most studied literary characters from international contemporary writers.

The Popular and the Serious in Select Twentieth-century American Novels Patrick D. Morrow, 1992 This text takes a close look at the relationship between popular and serious fiction, with some surprising results. There are comparisons, for instance, between Norwegian immigrant and emigrant novels, or novels dealing extensively with mental retardation; examination on how a novel can spin out of formula to become truly serious (*The Great Gatsby*), or not always successfully become serious (*The Sun Also Rises*). It deals with a number of theoretical issues, Westerns, major figures such as William Faulkner, and Richard Brautigan - a postmodern writer who deconstructs the ability to differentiate between the popular and the serious.

Common Ground John Simmons, Rob Williams, Tim Rich, 2006 Ali Smith finds the modern landscape still suggests the otherworldly creatures she used to read about in folk tales. Niall Griffiths laments the clumsy tributes to Dylan Thomas that cover every available surface in Laugharne. Virginia Woolf's *Orlando* might seem to be standing beside you in the unchanged parkland around Knole. How does Jasper Fforde's alternative Swindon compare with our comparatively prosaic version? And who would have thought the M40 such a rich seam for Will Self? Every writer contributing to this amazing tour of literary Britain continues to be inspired by the writers who lived in their region. They find, whether or not the landscape is changed, some common ground with them.
