Henry Wijayakone Tambiah

Sri Lanka in the Modern Age Nira Wickramasinghe, 2006-03-31 Since the late 1970s civil war has left Sri Lanka in an almost permanent state of crisis; conventional histories of the country by liberal and Marxist scholars in the last two decades have thus tended to focus on the state's failure to accommodate the needs and demands of the minorities. The entire history of the twentieth century has been tied to this one key issue. Sri Lanka in the Modern Age offers a fresh perspective based on new research. Above all, the author has written a history of the peoples of Sri Lanka rather than a history of the nation-state.

Costumes of Sri Lanka K. D. G. Wimalaratne, Dian Gomes, 2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural island.

Clothing Robert Ross, 2008-07-08 * Broad and engaging overview suitable for undergraduates in history, anthropology, cultural studies and fashion studies, as well as the general reader. * Explains why we wear what we do, why most people in the world now dress very similarly and why those who resist Western dress do so.

Media Culture in Transnational Asia Hyesu Park, 2020-09-17 Media Culture in Transnational Asia: Convergences and Divergences examines contemporary media use within Asia, where over half of the world's population resides. The book addresses media use and practices by looking at the transnational exchanges of ideas, narratives, images, techniques, and values and how they influence media consumption and production throughout Asia, including Sri Lanka, Bangladesh, South Korea, Singapore, Vietnam, Afghanistan, Iran and many others. The book's contributors are especially interested in investigating media and their intersections with narrative, medium, technologies, and culture through the lenses that are particularly Asian by turning to Asian sociopolitical and cultural milieus as the meaningful interpretive framework to understand media. This timely and cutting-edge research is essential reading for those interested in transnational and global

media studies.

Women's Lives around the World Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries.
