

You Take My Breath Away Queen Lyrics

Samuel Austin Allibone

Queen Martin Popoff,2018-11-27 A thoughtfully curated and gloriously illustrated retrospective of the band's studio releases, *Queen*, comes just in time for the 45th anniversary of their debut LP and biopic. Formed in 1970, Queen went on to become one of the most popular—and most successful—rock bands of all time. Even following the untimely death of beloved and magnetic frontman Freddie Mercury, and nearly 50 years after their formation, interest in the band has continued, evidenced by scores of reissues, arena tours with surviving members, and a feature-film biopic. In this new installment in Voyageur Press's *Album by Album* series, rock journo Martin Popoff convenes a cast of 19 Queen experts and superfans to discuss all 15 of the band's studio albums (including their soundtrack for the 1980 film *Flash Gordon*). Panelists include Queen experts, rock journalists, musicians, and record industry figures. The results are freewheeling discussions delving into the individual songs, the circumstances that surrounded the recording of each album, the band and contemporary rock contexts into which they were released, and more. The engaging text of this beautifully designed book is illustrated throughout with rare live performance and candid offstage photography, as well as scads of rare Queen ephemera. The *Album by Album* series is a unique approach to the rock bio, injecting the varied voices of several contributors. The results have even the most diehard fans rushing back to their MP3 players (or turntables) to confirm the details and opinions expressed!

Is This the Real Life? Mark Blake,2011-03-22 Draws on interviews with producers, managers and ex-girlfriends and boyfriends to provide a history of the band, including how lead singer Freddie Mercury's sexuality alienated some of their fans and forced the band to reinvent themselves.

Queen: Complete Works (revised and updated) Georg Purvis, 2018-10-30 Clashing together outrageous musical influences, and extravagant visual imagery, Queen's place in history as the greatest glam band of them all is rock solid. Queen Georg Purvis, 2007 Mixing and clashing an outrageously eclectic set of influences—the close harmonies of the Beatles, the guitar pyrotechnics of Jimi Hendrix, the heavy sound of Led Zeppelin, and the glamour of David Bowie—Queen found a winning formula by channeling this strange cocktail through its charismatic frontman, Freddie Mercury. More than a decade after Mercury's death, Queen's fan base continues to grow. This meticulous, session-by-session, album-by-album, tour-by-tour chronicle of the band is the book that Queen fans have been waiting for.
