Beginner's Crossword Puzzle Dictionary Marjorie R. Woolfolk,2007-07-27 This dictionary, in contrast to other crossword puzzle dictionaries, is for the most part a one word, one definition dictionary. Herein are found the words that one is most likely to encounter in solving crossword puzzles. These are also the words that many people are not familiar with. Unless one wants to own a very large dictionary there is no reason to pore over and carry around a large unwieldy book. Most of the words in an average puzzle can be solved without the use of any dictionary, it is the unfamiliar ones that give trouble. Here we have a small easily carried, easily handled booklet which, at the same time, contains the most often used but least familiar words that the puzzle solver will encounter. The author is pleased to present this little volume as a convenient much needed addition to the world of crossword puzzle fans...And especially to beginners.

The Beginner's Crossword Dictionary Stanley Newman,2019-01-15 This is more than just a crossword dictionary: it helps beginners learn the most often-used words in crosswords (and their clues) and shows them how to avoid common tricks and traps. With this book, beginner crossword solvers can learn the ropes and quickly improve their puzzle skills. In addition to an alphabetical list of the most common crossword entries, based on an exhaustive analysis of published puzzle grids, it

includes explanations of each answer with helpful details, a list of frequent clues, and tips on overcoming ploys to throw you off. (For instance, if you see the clue Quarrel and have most of the word filled in—S P A _—be careful before writing down that last letter, because the answer could be SPAR or SPAT.) Once you learn your crossword ABCs, you'll complete the grids with confidence.
