**Washed in the Blood** Jerry Wilde, 2011-09-01 Washed in the Blood is an inspiring story of life, loss, hope, suffering, and eventually transcendence. The story revolves around author Jerry Wilde's struggles with kidney failure that led to the need for dialysis in his twenties. After two years being kept alive by a machine he was lucky enough to receive a transplant and for 17 years, he led a normal life. Everything changed when doctors accidentally discovered a large cancerous tumor on his transplanted kidney. The only way to save his life was to remove the tumor and the kidney. So after 17 years of the "good life" Wilde found himself back on dialysis.

**A Doc Who Jots** William T. Sheahan, MD, 2023-01-08 A Doc Who Jots Part of an article in 1996, by George S. Poehlman M.D., noted: Always ask your patients about something that is totally nonmedical before closing out the patient encounter. You will ensure that your life's work is made up of more than simply treating disease. You will become an amateur anthropologist on whom people's stories are bestowed. This is what makes men and women of medicine wise. Doing just that led to a renewed appreciation, by this family physician, for his medical career. It did not add a significant amount of time to an encounter, and he started to briefly record, in a journal, some of the interactions that he felt were worth remembering and documenting. There are encounters included from the office, as well as from the homes of patients. The first three books, derived from the journal, were entitled "Patients Say the Darndest Things." (BookLocker.com: book #1: 2003, book #2: 2006, book #3: 2009.) He changed the title for this collection. All names (or initials) of the patients have been changed. He acknowledges that many interactions with patients do not have as pleasant an outcome as is depicted in most of the encounters included in this collection. However, some will illustrate the ability to tease out some unique, uplifting, or funny

aspects that arise during many patient encounters, even during a hectic day. As a result, many days of patient care may be much better than they might have been otherwise. A few of the entries are not from patient encounters.

\_\_\_\_\_ He also included some personal reflections at the end, including a couple sections on how he navigated through grieving and bereavement after the unexpected death of his first wife. He greatly benefited reading how others dealt with their own loss. He hopes someone might benefit from reading his journey.

**No Salvation Outside the Poor** Jon Sobrino, 2008 The provocative title of these essays plays on a traditional Catholic slogan: No salvation outside the church. Insofar as it implies God's response to a world marked by suffering and injustice, then the poor represent an indispensable test, a key to the healing of a sick society. Drawing on the radical hope of Christian faith--the promise of the kingdom of God and the resurrection of the dead--Sobrino presents a bold counter-cultural challenge to a civilization of wealth that lives off the blood of the poor. Inspired by the witness of Oscar Romero and Ignacio Ellacuria, and the church's preferential option for the poor, Sobrino offers these prophetic-utopian reflections on faith and the meaning of discipleship in our time.

**Thank God for Atheism** Roger Francis, 2021-11-18 -Such a weighty tome had working titles including 'The God' , 'Explosions happen all the time anyway' , 'Thank God for Deicide' , and , 'Thank Allah for the Deification process'. This book is renowned in the closest (in mass) 72 Galaxies as for being Top Class, Elite. - The style is, of course, similar to myself earlier, but our Autho(u)r is more EXPerienced, have you been? What, Poisoned? Well...well, Yeah! Several times during the creation of this Bonanza. It is mathmatically dirty, a statistical anomoly in many areas, a rare significant event, considered 'lively' by a nearby neighbouring galaxy. And? it has been likened, by its autho(u)r, recently, to being a burden, a millstone, and the vicious corridors of where our man rests have even witnessed several vague Tolkienesque references, Rings etc and Fingers, a combination of which is that little bit too much to adapt given the reality of the process of transforming the mental into the physical, to wrestle the thought, an abstract nothing to anything else, into being. Above all, this book is difficult to read if you are, like too many, Roger Francis's Enemy. You don't understand and don't even try, so dont try now. Also, don't forget your Potholders.

*Killing for Life* Carol Mason,2018-08-06 How can those who seek to protect the right to life defend assassination in the name of saving lives? Carol Mason investigates this seeming paradox by examining pro-life literature—both archival material and writings from the front lines of the conflict. Her analysis reveals the apocalyptic thread that is the ideological link between established anti-abortion organizations and the more shadowy pro-life terrorists who subject clinic workers to anthrax scares, bombs, and bullets. The portrayal of abortion as America's Armageddon began in the 1960s. In the 1970s, Mason says, Christian politics and the post-Vietnam paramilitary culture popularized the idea that legal abortion is a harbinger of apocalypse. By the 1990s, Mason asserts, even the movement's mainstream had taken up the call, narrating abortion as an apocalyptic battle between so-called Christian and anti-Christian forces. Pro-life violence of the 1990s signaled a move away from protest and toward retribution, she writes. Pro-life retribution is seen as a way to restore the order of God. In this light, the phenomenon of killing for 'life' is revealed not as an oxymoron, but as a logical consistency and a political manifestation of religious retribution. Mason's scrutiny of primary sources (direct mail, internal memoranda, personal letters, underground manuals, and pro-life films, magazines, and novels) draws attention to elements of pro-life millennialism. *Killing for Life* is a powerful indictment of pro-life ideology as a coherent, mass-produced narrative that does not merely condone violence, but anticipates it as part of God's plan.
