A Cup of Buddha Thomas D. Craig,2011-06-16 A Cup of Buddha: reflections on truth discusses how to take the journey toward inner peace, toward truth in entertaining, simple language beyond the abstract and mystical concepts typically found in eastern philosophy books. The book applies eastern philosophy to western living utilizing pop culture and music metaphors to explore dense topics in an easy to digest format. Individuals are restless, and unhappy. We search for the water to put out our fire of discontent filling this space with self help books, food, new cars, relationships, and more, all with short term satisfaction but our fire still burns. We look outward, we look to others, yet the fire rages. A Cup of Buddha: reflections on truth addresses this fire within each of us, exploring the actual journey toward truth, understanding that each moment in life is everything, and we alone ultimately make this choice toward happiness.

The Rapids Sam Twyford-Moore,2020-09-10 The Rapids is an exploration of manic depression (also known as bipolar disorder). With reflections on artists such as Carrie Fisher, Kanye West, Saul Bellow, Paul Thomas Anderson, and Spalding Gray, Sam Twyford-Moore takes readers on a literary and cultural tour of mania and what it means to live with a diagnosis of bipolarity in contemporary society. He also looks at the condition in our digital world, where someone's manic episode can unfold live in real time, watched by millions. His own story, told unflinchingly, is shocking and sometimes darkly comic. It

gives the book an edge that is not always comfortable but full of insight and empathy. Smart, lively, and well-researched, *The Rapids* manages to be both a wild ride and introspective at once, exploring a condition that touches thousands of people, directly or indirectly.

A Daughter of the Revolution Catherine Mary Charlton Bearne, 1904

The Metaphor of the Monster Keith Moser, Karina Zelaya, 2020-10-15 *The Metaphor of the Monster* offers fresh perspectives and a variety of disciplinary approaches to the ever-broadening field of monster studies. The eclectic group of contributors to this volume represents areas of study not generally considered under the purview of monster studies, including world literature, classical studies, philosophy, ecocriticism, animal ethics, and gender studies. Combining historical overviews with contemporary and global outlooks, this volume recontextualizes the monstrous entities that have always haunted the human imagination in the age of the Anthropocene. It also invites reflection on new forms of monstrosity in an era epitomized by an unprecedented deluge of (mis)information. Uniting researchers from varied academic backgrounds in a common effort to challenge the monstrous labels that have historically been imposed upon the Other, this book endeavors above all to bring the monster out of the shadows and into the light of moral consideration.
