Now the end of the war draws close, with both the brothers and their close allies being the enforcers to end the holy war.

**Rusted Heroes** Andrew Post,2016-08-22 Anoushka Demaine and her fearsome tank squad know war. Thirty years ago, for a reasonable rate, they could be hired to fight for anyone. Now, with the war between Rammelstaad and the orcs threatening to spread, Anoushka wants to get the team back together. But it was a lot easier to be a hero back then. Because not only does Rammelstaad's queen want her enemies vanquished; now she wants the story of her victories read far and wide. Any would-be champions for the realm must be joined by a bard who will write their story—with enough spin to inspire awe and fear. Anoushka's squad trust the slippery bard Ruprecht LeFevre about as far as they can throw him, but she knows she and her squad can get the job done—even if the bard turns their efforts into pulpy trash. They'll cooperate if it lets them

go back to the good old days of bullets, blood, and rock 'n' roll. Five squaddies, a bard, and a dog. Their target: some necromancer. Great. Got it. Get in the tank.

**The Braver Thing** Clifford Jackman,2020-08-11 From the acclaimed author of The Winter Family, a swash-buckling adventure from piracy's Golden Age and a deft political allegory for our troubled times. Treasure Island meets Lord of the Flies. In 1721, when the most notorious pirates are either dead or on the run, Jimmy Kavanagh, who sailed with Blackbeard, decides to pull together a Company of Gentleman of Fortune for one last Adventuring Cruise that will set them all up for life. All begins well: the pirates sail across the Atlantic and sack Cape Coast Castle, looting it of chests of gold ill-gotten from the slave trade. But before Kavanagh can lead them on, he sickens, unleashing a drastic series of power struggles among the company. As further victories transform them from the hunters to the hunted, the pirates descend into mutiny, show trials, assassination and tyranny as they flee from their pursuers and struggle against the seas. Full of epic sea battles and storms, peopled with characters worthy of Mutiny on the Bounty, Jackman's pirate voyage is also an object lesson in how political systems degrade as the pirates, who set out as a band of brothers, are powerless to prevent the erosion of the norms and values that hold their Company together. Where they end will shock you. But given our own times, it might not surprise you.
