

Its The Hope That Kills You

Cape of Good Hope (Colony). Department of Agriculture

Errant Hope Damien Jennison, 2022-03-25 It came from the heavens and brought disaster. Callum's life was a hard one, toiling day after day as an unskilled labourer deep in the countryside. Never looking beyond the next winter, his lot was unremarkable and one with little hope of improvement. When an opportunity to earn easy coin falls into Callum's lap, he readily accepts without thinking of the risk. Wolves and brigands turn out to be the least of his problems, however, for a chance encounter with an old weathered sword puts him at the centre of mysterious events, earns him the attention of a suspicious knight and gains him some unlikely allies. Their journey for answers — one Callum has little choice but to go on — leads him to learn of the terrible responsibilities that come with wielding the sword and of an enemy whose goals will change his world forever. Pulling inspiration from the science fiction and fantasy media of his youth and the lessons learned throughout his life about overcoming adversity, *Errant Hope* is Damien Jennison's first novel and the first steps in an epic adventure that will sweep you away.

Slow Hope Anita Swanson, 2005-02 *Slow Hope* is an inspirational and cautionary narrative that explores in dramatic detail what it takes to heal and ultimately to triumph over abuse. Bob, a Baptist minister of music, dates Anne while still married to another woman. Although Bob eventually divorces his wife, this sets the stage for his feelings of shame, guilt, and the belief that God has scorned both he and Anne. *Slow Hope* follows the struggles that Anne endures to free herself from an abusive marriage, all the while remaining steadfast in her faith and hope in the power of God.

Audacious Hope: An Archive of How Democracy is Being Saved in India Indrajit Roy, 2024 A POWERFUL DOCUMENTATION OF INDIAN CITIZENS DEFENDING THEIR DEMOCRACY As the pillars of democracy crumble across the globe, big and small actions of resistance prop up hope and keep alive a way to rebuild. In the past few decades, ordinary folk in India have stood up to repressive state authority over and over again. Their vital acts of hope preserve the collective spirit of resistance and unwavering resilience necessary to continue the fight for democracy. *Audacious Hope* is a careful, rigorous archive of these struggles, including the protests that united farmers across state borders in 2020 and the national outcry following the controversial CAA legislation. From the myriad ways people came to the aid of their fellow citizens during the pandemic to the testing of free-speech boundaries by cultural activists, this book undertakes the task of documenting resistance in its many forms. Roy challenges the reader with his account of how a proud people are battling to save their

beloved democracy. The question is, how can we, through individual and collective action, resist authoritarianism, casteism and majoritarianism? The answer is, of course, through the audacity of hope.

The Green Book Magazine ,1911

Last Best Hope George Packer,2021-06-15 One of The New York Times's 100 notable books of 2021 [George Packer's] account of America's decline into destructive tribalism is always illuminating and often dazzling. —William Galston, The Washington Post Acclaimed National Book Award-winning author George Packer diagnoses America's descent into a failed state, and envisions a path toward overcoming our injustices, paralyses, and divides In the year 2020, Americans suffered one rude blow after another to their health, livelihoods, and collective self-esteem. A ruthless pandemic, an inept and malign government response, polarizing protests, and an election marred by conspiracy theories left many citizens in despair about their country and its democratic experiment. With pitiless precision, the year exposed the nation's underlying conditions—discredited elites, weakened institutions, blatant inequalities—and how difficult they are to remedy. In *Last Best Hope*, George Packer traces the shocks back to their sources. He explores the four narratives that now dominate American life: Free America, which imagines a nation of separate individuals and serves the interests of corporations and the wealthy; Smart America, the world view of Silicon Valley and the professional elite; Real America, the white Christian nationalism of the heartland; and Just America, which sees citizens as members of identity groups that inflict or suffer oppression. In lively and biting prose, Packer shows that none of these narratives can sustain a democracy. To point a more hopeful way forward, he looks for a common American identity and finds it in the passion for equality—the “hidden code”—that Americans of diverse persuasions have held for centuries. Today, we are challenged again to fight for equality and renew what Alexis de Tocqueville called “the art” of self-government. In its strong voice and trenchant analysis, *Last Best Hope* is an essential contribution to the literature of national renewal.

The Ballad of Ring and Roses Book One B.B. Hoesman,2014-02-24 Tell Your Story. In the shadows of our world, a war is being fought between two factions of powerful spellcasters with the fate of all living beings hanging in the balance. In the final days of this war, a man of sinister elegance and grace rises to power, and with a terrible secret, he sets upon a path to reawaken an ancient evil. Standing in his way are three young friends, prophesied to come together in our darkest hour to

save us all. With the constant threat of death hanging over their heads, these young friends must navigate through a world that is growing ever more dangerous and discover their role in the greater narrative. The three friends will be challenged as they learn about love and faith and hope and the power of Storytelling, but in the end, they are all that stands in the way between salvation and our utter destruction. This is The Ballad of The Ring and Roses.
