**BEYOND ANTARTICA** JEREMY TUBBS, 2025-01-07 I'm just thinking out loud, pushing boundaries, and challenging what I've been told. I'm daring to think outside the box, and honestly, I think that's what's needed. Great minds don't sit quietly; they ask the tough questions, dig deeper, and question what everyone else seems to accept as truth. That's exactly what I'm doing here. I may have a unique perspective—one that doesn't fit the mold—and that's something I'm learning to embrace. And I believe it's powerful. Exploring the idea of lands beyond the ice wall, beyond what we've been taught, is a journey that many haven't even begun to think about. Whether you agree with me or not, I want you to know that I'm not afraid to dig into these theories. I'm encouraging myself—and you, my reader—to see things differently, to break free from the conventional way of thinking. I'm glad we're taking this ride together, diving into these ideas and theories. Don't be afraid to think outside the box. Don't be afraid to explore. The truth isn't always what it seems, and sometimes the most unconventional ideas help us uncover new paths of understanding. Keep questioning, keep seeking, and most

importantly—keep thinking.

**Sorcerers' Dynasty** Stephen Perkins, 2019-01-29 What would you give up for immortality? More seductive than sex. More addictive than any drug. More precious than gold. And one man is willing to sacrifice it all to get it! Beyond the arctic wall of ice lies a new and unknown world. The CEO of the world's most powerful corporation - Theodore von Buren - plans to sacrifice the known world and everything in it to gain immortality in paradise. Though the world may be filled with lies and liars, America's most controversial alternative media journalist Dan Sheraton will do anything to find out why. Strange things have been seen out in the deserts of New Mexico, and when an even stranger phone call leads him on a dangerous adventure to a mysterious destination, Sheraton discovers earth shattering epiphanies. When the survival of mankind is threatened by an insidious plot hatched by a shadowy global corporation the most unlikely hero emerges. But is the savior man, machine, god or devil?

Escape from Tyranny: True Earth and the search for more land beyond the Antarctic ice ring Dave James, 2021-10-18 The worldwide pandemic and lock-downs have become far worse than anyone could have possibly imagined. Mark and Lamai have been contacted by Uli, a wealthy old friend that is dying of cancer and owns a Tall Sailing Ship in Hamburg, Germany. Uli tells them he has an escape plan and to watch the 2013 Sci Fi movie Elysium, where most of the elites have residences, advanced technology, no sickness or disease and even healing pods like in the movie. Uli believes it is not up in space but most likely a small continent or group of islands in the South Pacific or even be beyond Antarctica. The adventure begins when Mark and Lamai contact a few family and friends and they all escape with Uli on the tall sailing ship and another yacht. But disaster strikes after finding a gap in the Antarctic ice wall and the second yacht is sunk by a military gunboat on the other side. So not having any choice, they navigate back through the ice wall and head up to Bocas del Toro in Panama, where Mark and two friends own some waterfront land, the intention being to set up an off grid community. However, after being shown another old map of the land Admiral Richard Byrd found very close to the Barrington Iron Republic land with

many more continents between a second ice ring, Uli tells everyone he is going to make a second attempt at finding another entrance in the ice wall. Everyone was given the choice to stay on Bocas de Toro or re join the ship. On the way, they are stopped by another military ship that demands to know where they are going. They are allowed to continue but a mysterious green fog appears and they are transported to a secret ice covered dome. A high speed under ice shuttle then transports them to Asnana, an archipelago of 52 beautiful islands and another adventure begins. **This is The End** JTWAYNE ,2025-02-17 In a world on the brink of destruction, the protagonist, Samantha Summers, finds herself caught in a cosmic event that threatens humanity's very existence. After experiencing strange phenomena—thunder, UFO sightings, and mysterious horn blasts—Samantha uncovers the shocking truth: the Earth as we know it is not just a planet, but a prison realm where humanity's sins have kept them trapped. This realization comes when she discovers that Earth is the “Realm of Sinners,” a place of spiritual decay, and the beings known as the Annunaki are here to take the sealed—those with the potential for redemption—to a new world, beyond a massive ice wall. As Samantha and a group of chosen individuals are escorted to spaceships, they learn that this event is part of a cycle, the seventh cycle. The Annunaki, protectors of the pure, have returned for the last time to cleanse the Earth and carry the faithful to safety. As the world falls into chaos, with UFOs in the sky, AI robots fighting, and humanity divided between those who worship false idols and those who have been sealed, Samantha struggles with the revelations about her own bloodline, the significance of her existence, and the redemption she has been granted despite her past sins. The Annunaki explain that the Most High has made it so that the sins of mankind, carried through generations, must be cleansed in this final cycle. Samantha learns that she was chosen not by her actions, but because of the purity within her bloodline—something deep in her DNA. As the Earth is left behind, Samantha and the other sealed individuals journey to a new realm where they will rebuild, away from the sins that have plagued humanity. But not everyone will be saved. Many remain behind to face their judgment, unable to escape the curse they have bound themselves to.
