Wen-Szu Lin

The Dark End Michel Thomatis, 2014-06-03 It is the year 2036. The asteroid Apophis has come and gone. The world is saved, but only for a brief time. Something deadlier is heading towards Earth! Michael Thompson and a small group of scientists must race against the clock to find a way to save mankind. They will be led into the darkness of space, on a journey spanning thousands of years. What is heading to Earth? Will the result be a dark end for mankind?

Deliver. Wen-Szu Lin, 2022-02-01 Deliver. According to the Merriam-Webster dictionary, it means “to produce the promised, desired, or expected result.” In business, there is no better honor than to be relied upon to consistently deliver. The ability to deliver matters for all levels, from a new graduate to a seasoned executive. The core competencies required to deliver build on top of each other, rooted in the foundational skills to be a great individual contributor. Surprisingly, most skills are not directly taught in formal education or at the workplace. This book introduces and teaches proven, easy-to-follow techniques for a person to deliver as an individual contributor, a collaborator, and a leader. Techniques that I picked up over a 20+ year career filled with epic failures and heart-pumping successes. After losing millions of dollars in my own venture in China, I was forced to reset my career with no tangible assets (e.g., I was near broke), with no job leads (e.g., I moved to a new country to be with my family), and with no proven corporate record (e.g., I only had entry level roles to that point). Yet, what I did have were untaught lessons on how to deliver. Lessons that were never articulated to me in school or the self-help books that I read so much of. When an entry level opportunity at Uber came along, these simple techniques allowed me to “growth hack” my career at a mind boggling pace. I went from sitting in a tiny rented office to managing thousands of people in less than a few years. Deliver. is a structured set of learnings told through engaging stories from my experiences and from the voices of others. The lessons follow the concept of inside-out. The focus is on how to develop the self into a great individual contributor at work, through lessons on how to think in a structured manner, how to communicate, and how to manage one’s emotions. The lessons then expand outwards to teach a person how to build and manage relationships, both as

a stakeholder and as a manager. It ends with insights on how to become a great leader. Using relatable topics such as Marie Kondo's methods of tidying-up to business lessons from an entrepreneur selling contact lenses for chickens to leadership lessons from the Navy SEALs, *Deliver* draws examples from various disciplines to weave together a practical, memorable lesson plan. While the theory is important, the aim is to offer practical techniques to learn the underlying business and leadership principles. There is even a new term I coined for a technique that has been used for years at Uber. My dream for this book is to impart actionable advice for millions that can help growth hack a person's career, regardless if they are new to the corporate world or if they are well seasoned.

Michael Durbin: an Olympian's Tale Billy Wetzel, 2012-12-26 Michael Durbin is a fourteen-year-old American baseball prodigy whose dream is to pitch in the Olympics. After silencing every batter that comes his way, his talent comes into the limelight, and he is selected to play for his country's pride in the Beijing Summer Games. However, Michael finds himself caught in an ongoing feud between his country and two evil twins who search for a scroll capable of accomplishing their revenge plan on the United States. With everything to lose, Michael, with the help of his new friends, must find a way to stop them before it is too late for the United States and the future of the Olympic Games. His fate will change the way the world looks at the Games for years to come.

World of Howl Collection Diana Wynne Jones, 2014-07-08 One of the most memorable and irresistible characters in all of literature—the Wizard Howl—is introduced in Diana Wynne Jones's classic fantasy novel *Howl's Moving Castle* and makes guest appearances in two stand-alone sequel novels, *Castle in the Air* and *House of Many Ways*. *Howl's Moving Castle* was adapted into an acclaimed and Academy Award-nominated film of the same name, produced by Studio Ghibli and directed by Hayao Miyazaki. Sophie Hatter never intended to set out and seek her fortune. The eldest of three sisters, Sophie thought she was destined to fail. That all changed the day the Witch of the Waste turned her into an old woman. In order to lift the

spell, Sophie barges into Wizard Howl's moving castle and strikes a bargain with Calcifer, his fire demon. But Howl is outrunning a curse of his own, and soon Sophie realizes that nothing is as it appears. . . . Howl, Sophie, and Calcifer return in both *Castle in the Air* and *The House of Many Ways*, two stand-alone sequels full of mayhem, secrets, and magic.
