The Methamphetamine Industry in America Henry H Brownstein, Timothy M. Mulcahy, Johannes Huessy, 2014-07-31
Galax, a small Virginia town at the foot of the Blue Ridge Mountains, was one of the first places that Henry H. Brownstein, Timothy M. Mulcahy, and Johannes Huessy visited for their study of the social dynamics of methamphetamine markets—and what they found changed everything. They had begun by thinking of methamphetamine markets as primarily small-scale mom-and-pop businesses operated by individual cooks who served local users—generally stymied by ever more strenuous laws. But what they found was a thriving and complex transnational industry. And this reality was repeated in towns and cities across America, where the methamphetamine market was creating jobs and serving as a focus for daily lives and social experience. *The Methamphetamine Industry in America* describes the reality that the methamphetamine industry is a social phenomenon connecting local, national, and international communities and markets. The book details the results of a groundbreaking three-stage study, part of a joint initiative of the National Institute on Drug Abuse and the National Institute of Justice, in which police agencies across the United States were surveyed and their responses used to identify likely areas of study. The authors then visited these areas to observe and interview local participants, from users and dealers to law enforcement officers and clinical treatment workers. Through the eyes and words of these participants, the book tells the story of the evolution of methamphetamine markets in the United States over the past several years, given changes in public policies and practices and changing public opinion about methamphetamine. The authors look closely at how the markets are part of a larger industry, how they are socially organized, and how they operate. They also consider the relationships among the people involved and those around them, and the national, regional, and local culture of the markets. Their work demonstrates the importance of understanding the business of methamphetamine—and by extension other drugs in society—through a lens that focuses on social behavior, social relationships, and the cultural elements that shape the organization and operation of this illicit but effective industry.

The Weight of this World David Joy, 2018-06-05 Critically acclaimed author David Joy, whose debut, *Where All Light Tends to Go*, was hailed as “a savagely moving novel that will likely become an important addition to the great body of Southern literature” (The Huffington Post), returns to the mountains of North Carolina with a powerful story about the

inescapable weight of the past. A combat veteran returned from war, Thad Broom can't leave the hardened world of Afghanistan behind, nor can he forgive himself for what he saw there. His mother, April, is haunted by her own demons, a secret trauma she has carried for years. Between them is Aiden McCall, loyal to both but unable to hold them together. Connected by bonds of circumstance and duty, friendship and love, these three lives are blown apart when Aiden and Thad witness the accidental death of their drug dealer and a riot of dope and cash drops in their laps. On a meth-fueled journey to nowhere, they will either find the grit to overcome the darkness or be consumed by it.

Black Eagles Larry Collins,1996-05-16 Two American agents working for the good of their country find themselves in deadly opposition in this taut thriller straight from today's headlines. From the glitter of Washington's power parlors to the squalor of the streets, from the headquarters of the CIA to the Dark Heart of an International criminal organization, the listener is swept along on an irresistible tide of storytelling power. Black Eagles is fiction just one step away from reality, a scintillating thriller told with the novelist's flair for high drama & a journalist's passion for the political intrigues that command the modern world
