It is because these individuals have learned how to use the Law of Attraction—they have learned how to believe something is possible, even while others don't. Whether it is presidential elections, sports, or anything, for that matter, what we believe directly determines our destiny. In these pages, for the first time ever, you will find the Law of Attraction explained in a simple and practical manner. While so many other books claiming to explain the Law of Attraction have cajoled their readers with inspiring statements and complicated theorizing, this book will actually teach you how to apply it to your daily life. The Law of Attraction Simplified Tim Grimes,2021-08-22 The Best Law of Attraction Book of the Year Stop being overwhelmed by the law of attraction and discover a deep, practical way to manifest more of what you want... The law of attraction works like crap for most of us. This is something we don't like to admit - but, unfortunately, it's true. I mean let's get real: Given its obvious benefits and upsides, if the law of attraction really was as easy as many people claim it is, everybody would do it. But not everybody does it. Because applying the law of attraction is not easy. And it's time we come to terms with that. Despite our best efforts, we usually find we're unable to make the law of attraction work in the way we want. For most of us, there's a huge gap between hearing good manifesting advice and actually making that advice work in our life. This book is going to help bridge that gap for you. The Secret Law of Attraction as Explained By Napoleon Hill Napoleon Hill,2008-06-24 IT ALL STARTED WITH CARNEGIE AND HILL Few things in recent history have had the impact of The Secret. Created by Rhonda Byrnes, the video program and book have taken the ideas of the New Thought Movement that flourished in America at the turn of the twentieth century and made them as intriguing as The Da Vinci Code and as up-to-date as this morning's headlines. This book, The Secret Law of Attraction as explained by Napoleon Hill, focuses its attention on two of the most famous names mentioned as

keepers of the secret--Andrew Carnegie and Napoleon Hill--and on how Carnegie conveyed his understanding of this Secret Law of Attraction to Hill--who, in turn, transformed those concepts into the best-selling success book in the history of publishing: Think and Grow Rich. THE COMPLETE SECRET IN ONE BOOK For the first time, Napoleon Hill's books have been carefully analyzed to identify those passages dealing with the Law of Attraction as well as the lesser-known of Carnegie's laws that govern personal achievement and success. These key sections have been brought together between the covers of this one book, The Secret Law of Attraction

Law of Attraction DANIEL. D'APOLLONIO, 2016-11-30 Secrets To Unleashing The Secrets From Within! Read on your PC, Mac, smart phone, tablet or Kindle device. The law of attraction is something almost everyone has experienced, on a

conscious or subconscious level at one time or the other. Even as we speak, you have experienced the law of attraction at some point in your life. Do you doubt this immutable fact? Consider this: Look back to all those times when you were thinking about someone, your phone started ringing with the person you were thinking of on the other end of the line, or the time when you were thinking about someone, and out of nowhere, you bump into the person on the street. You may choose to label these things mere 'coincidences,' 'luck,' or 'fate' because a part of you finds it difficult to accept the existence of energy in sync with your thoughts, an energy capable of attracting the things you want. This energy is the universal energy. You can tap into this energy to transform every aspect of your life and attract everything you desire. How do you do that; how do you tap into this power? Well, you use the law of attraction. What is the law of attraction? This book will teach you everything about the law of attraction, how it works, and then detail how you can consciously begin to use it to get the things you want whether these things are the ideal relationship, a good job, better health, money, you name it. The Secret Revealed James L. Garlow, Rick Marschall, 2007 A critique of Rhonda Byrne's *The Secret* explains why the book's teachings are incorrect and dangerous and outlines an alternative path to success based on biblical principles and the acknowledgement of Jesus as Lord.

The Secret of Rhonda Byrne Or the Law of Attraction in the Bible Ben David, 2007-03-17 The Secret of Rhonda Byrne or The Law of Attraction is not a new concept. In fact, it isn't a secret at all. The law of attraction was first promulgated by some of the earliest wise men, and it appears again and again throughout the Bible. But very few people have learned or understood it. That's why it's unfamiliar to many and the reason it remains virtually a secret. If you were to ask one man after another what the secret of success is, you probably wouldn't run into one man who could tell you. Yet, this information is enormously valuable to us, if we really understand and apply it. It's valuable to us not only for our own lives, but for the lives of those around us - our families, employees, associates and friends. The principles of the Secret - the

principles of success, appear again and again throughout the Bible, if you only look carefully. CONTENTS: One Great Law, Believe, Your right to be rich, Prayer, Visualization, The Power of Words, As a man thinketh, Gratitude, Desire, As Ye Sow, So Shall Ye Reap, Mental Healings in the Bible

The Law of Attraction Craig Beck, 2017-02-26 The Law of Attraction can easily be understood by becoming aware that 'like attracts like' or putting it another way 'you get back what you give out'. Sounds simple, but how do you make it an automatic part of your being? An essential component of the Law of Attraction is realizing that where you fix your attention can have a powerful impact on what happens to you. However, despite what you may have been told your ability to manifest the life of your dreams has nothing to do with positive thinking and affirmations. Think anything you want but unless you believe it, you will not be sending the right vibrations out into the universe to have it appear. You see, everything in the world is just energy vibrating at different frequencies. The sports car you want is just the same as you, a collection of atomic particles fluctuating at a precise frequency to generate its physical form. If you want the sports car in your life you simply have to send out the intention resonating at the exact same frequency. You may be wondering if this is all true then why do so many people continue to suffer with poverty, lack and want. Most people simply dismiss this theory as 'new age mumbo jumbo', but this is a law and just like any other it doesn't care whether you believe or not. The law of gravity applies its force on you regardless of what you believe and so does the law of attraction. Even though there is a great deal of value to even merely finding out what the Law of Attraction is, this profound book takes you to an advanced level of understanding. In short, if you implement everything you read in this book your life will change more positively and dramatically than you may have ever believed possible. You will come to be more attentive to underlying negativity and can begin to combat it with new beliefs and sensations that better reflect your constructive vision of the upcoming future. This ongoing focus on self-reflection also allows you to start seeing what you really want from your life, and you can then advance to developing clearer objectives with actionable steps at every stage. Broken down into seven powerful chapters, each dealing with an important area of your life. This book has the power to deliver the life of your dreams but remember whether you believe that claim or not, you are right! If you can open your mind to a concept that has already changed the lives of thousands then you have truly found the genie's lamp! - How to attract money using the law of attraction - Living in abundance - Find your soul mate and more love than you thought possible - Manifest perfect health and vitality - Ask believe receive - Becoming fearless www.CraigBeck.com

Law Of Attraction Zachariah Albert, 2019-07-26 Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at

work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered.
