Quote Me the Book of All New Quotes Joseph Julius Bonkowski, Jr., 2009-07 Born 8-30-58 in Cleveland Ohio, graduated from Lincoln-West high school in 1977 (Honor Roll), and was on the chess and track team, and started working for the city of Cleveland water dept. in 1977 and retired in 2007. I write short stories, slogans, saying, philosophy, songs, and comedy, restore paintings and comic books, and I can invent almost anything technical. I jog and it seems like I don't age; do to mixing a Fountain of youth type concoction when I was 20 years old. My parents are Joseph and Dorothy Bonkowski. I wrote The secrets of mind reading revealed (Howell Press), and Casablanca 2 (Unpublished), the Theory of Relativity 2, which expands on Einstein's Theory of Relativity (Only 200 copies printed.) My future plans are to keep on writing, and start a career in comedy. I still have thousands of unpublished quotes and saying, and if this book sells well I will write a second book lord willing.

The Hostility Of Change Joe Robert Thornton, 2021-03-05 Having trouble managing change? Most of us do at some point in our life. The implication of change in our personal life is challenging enough. Managing change as a leader has even greater implications. In *The Hostility Of Change*, Joe Robert Thornton explores all elements of change, including the deep-seated barriers that give rise to resistance. *The Hostility Of Change* also explores real sustainable change... and real, sustainable change is a level above a crisis. This book also explores emotions. Emotions typically surface when change is introduced, often overpowering the processes you are attempting to implement. Recognizing, understanding, and leveraging emotions in the change process can have a positive effect on the trajectory of the change. In this book, you will learn about: - How clarity can be a hidden barrier to change acceptance, - The difference between a crisis, an ultimatum and a 'burning platform', - Why improvement is not the same as change, - How quiet voices can be disruptive or supportive to the change process, - Passive-aggressiveness and its relationship to change, - The role of compassion to drive change in others, - Recommendations for addressing resistance to change. In the end, change is incredibly difficult to manage; however, with the right inspiration, the change process can be improved. *The Hostility Of Change* reaffirms that there is a pathway to do just that. If you want to expand your thinking as a leader and become the change-agent you have always aspired to be, this book is for you.
