

Boleros De Luis Miguel

Lisa Shaw,Stephanie Dennison

Tropics of Desire Jose A. Quiroga,2000-11-01 From its sweaty beats to the pulsating music on the streets, Latin/o America is perceived in the United States as the land of heat, the toy store for Western sex. It is the territory of magical fantasy and of revolutionary threat, where topography is the travel guide of desire, directing imperial voyeurs to the exhibition of the flesh. Jose Quiroga flips the stereotype upside down: he shows how Latin/o American lesbians and gay men have consistently eschewed notions of sexual identity for a politics of intervention. In *Tropics of Desire*, Quiroga reads hesitant Mexican poets as sex-positive voices, he questions how outing and identity politics can fall prey to the manipulations of the state, and explores how invisibility has been used as a tactical tool in opposition to the universal imperative to come out. Drawing on diverse cultural examples such as the performance of bolero and salsa, film, literature, and correspondence, and influenced by masters like Roland Barthes, Walter Benjamin and a rich tradition of Latin American stylists, Quiroga argues for a politics that denies biological determinism and cannibalizes cultural stereotypes for the sake of political action.

Pop Culture Latin America! Lisa Shaw,Stephanie Dennison,2005-01-14 A survey of contemporary Latin American popular culture, covering topics that range from music and film to popular festivals and fashion. Like no other volume of its kind, *Pop Culture Latin America!* captures the breadth and vitality of pop culture in Central and South America and the Caribbean, exploring both familiar and lesser-known aspects of its unique melange of art, entertainment, spirituality, and celebrations. Written by contributors who are scholars and specialists in the cultures and languages of Latin America, the book focuses on the historical, social, and political forces that have shaped Latino culture since 1945, particularly in the last two decades. Separate chapters cover music, popular cinema, mass media, theater and performance, literature, cultural heroes, religions and festivals, social movements and politics, the visual arts and architecture, sports and leisure, travel and tourism, and language.

Tropics of Desire Jose Quiroga,2000-11 While not on the scale of their European and North American counterparts, gays and lesbians have become increasingly open and visible in urban Latin America, with large public displays recently held in Buenos Aires, Mexico, Rio de Janeiro and Sao Paulo. This increased visibility is forcing the general public to come to terms with what has, until now, been a silent part of their population. This book takes a personal look at the activities of Latin America's homosexual community, and the varying perception of it by the populace as a whole. c. Book News Inc.

Angeles Mastretta Jane Elizabeth Lavery,2005 The first major study on the works of the Mexican novelist, Angeles Mastretta, demonstrating the rich complexity and range of the author's fiction and essays. The Mexican novelist, Angeles Mastretta [b. 1949], has only recently received serious critical attention largely because her work has been seen as 'popular' and therefore inappropriate for academic study. This first major work to be published on Mastretta seeks to demonstrate the rich complexity and range of the author's fiction and essays. In the tradition of Post-Boom Latin American women's writing, Mastretta's texts are motivated by a desire to speak primarily of the silenced experiences and voices of women. Two of her novels, referential and testimonial in style, can be placed within the Mexican Revolutionary Novel tradition and explore the Revolutionary period and its consequences in the light of female experiences and perspectives. The hitherto unexplored themes of female sexuality and bodily erotics in Mastretta's texts are also considered in this volume. Her feminist works avoid facile simplifications: heterogeneous and dialogical, they interweave the historical and the fictional, the everyday and the fantastic. The originality of Mastretta's writing lies in its elusive postmodern ambiguities: shimmering surfaces are often interrupted by unexpected depths and proliferating meanings cannot be fully circumscribed by critical analysis. Jane Elizabeth Lavery lectures in Latin American Studies at the University of Kent.
