Novel writer & creator's starter kit book Cyrus Oh, 2024-08-05 Creation is one of the most enjoyable activities in the world and a low-capital, income-generating method. However, for beginners, it can be a bewildering task with no clear answers. The author has compiled various elements of storytelling found in works around the world (such as novels, films, and comics) into this easy, concise, and accessible book. It includes storytelling, clichés, items, skills, world-building, and events. This book, filled with fun and useful creative ideas, will be a great guidepost on your creative journey, like a beacon in the vast ocean or a landmark in the endless desert. Don't struggle alone with storytelling anymore!

Encountering the Other(s) Gisela Brinker-Gabler, 1995-03-09 Europe and the United States now confront many of the same unresolved issues of nationalist, religious, racial, and ethnic intolerance. The book addresses the question: How can the humanistic disciplines and social sciences play a role in a political transformation or address cultural difference? This difference, the other, may be a racial, ethnic, gendered, religious, or colonial Other. Contributors to this book focus on the serious political questions posed by the problems of strangeness, the other, in the present climate of accelerating social change and global shifts in political power.
