**The Heart of the Fight** Judith Wright,Bob Wright,2016-02-02 In the midst of a disagreement, many couples may ask themselves, What are we really fighting about? As it turns out, breakups and divorce don't happen because couples fight, they happen because of how couples fight. In this much-needed book, Judith and Bob Wright—two married counselors and coaches with over thirty years of experience helping couples learn how to fight well—present their tried-and-true methods for exploring the emotions that underlie many relationship fights. Readers will learn how to use disagreements as an opportunity to deepen their understanding of their partner, bring more intimacy to the relationship, strengthen their bond, and learn from the conflicts and tensions that occur in all relationships.

**"The Tragic Couple"** James Bernauer,Robert Aleksander Maryks,2013-11-07 The Society of Jesus (Jesuits) has become a leader in the dialogue between Jews and Catholics as was manifested in the role that the Jesuit Cardinal Augustin Bea played in the adoption by the Second Vatican Council of *Nostra Aetate*, the charter for that new relationship. Still the encounters between Jesuits and Jews were often characterized by animosity and this historical record made them a tragic couple, related but estranged. This volume is the first examination of the complex interactions between Jesuits and Jews from the early modern period in Europe and Asia through the twentieth century where special attention is focused on the historical context of the Holocaust.

**Reading, Praying, Living Pope Francis's The Joy of Love** Julie Hanlon Rubio,2017-01-31 This guide is designed to help readers work through Pope Francis's apostolic exhortation by providing necessary context (or "back story"), highlight key points ("front story"), suggestions for prayer, and reflection questions about what it means to live out the Christian vision of marriage and family. Since it assumes no background knowledge, *Reading, Praying, Living Pope Francis's The Joy of Love* is an ideal resource for adults, married couples, students, and faith formation groups. This is the most extensive and helpful commentary on the encyclical available anywhere. It does not include the full text of the encyclical.

*Arab-American and Muslim Writers* Rebecca Layton,2010 Presents nine Arab-American and Muslim authors, providing a biography of each writer, a summary of their works, and an analysis of their style and major themes.

**Religious Freedom and Mass Conversion in India** Laura Dudley Jenkins,2019-05-31 Hinduism is the largest religion

in India, encompassing roughly 80 percent of the population, while 14 percent of the population practices Islam and the remaining 6 percent adheres to other religions. The right to freely profess, practice, and propagate religion in India's constitution is one of the most comprehensive articulations of the right to religious freedom. Yet from the late colonial era to the present, mass conversions to minority religions have inflamed majority-minority relations in India and complicated the exercise of this right. In *Religious Freedom and Mass Conversion in India*, Laura Dudley Jenkins examines three mass conversion movements in India: among Christians in the 1930s, Dalit Buddhists in the 1950s, and Mizo Jews in the 2000s. Critics of these movements claimed mass converts were victims of overzealous proselytizers promising material benefits, but defenders insisted the converts were individuals choosing to convert for spiritual reasons. Jenkins traces the origins of these opposing arguments to the 1930s and 1940s, when emerging human rights frameworks and early social scientific studies of religion posited an ideal convert: an individual making a purely spiritual choice. However, she observes that India's mass conversions did not adhere to this model and therefore sparked scrutiny of mass converts' individual agency and spiritual sincerity. Jenkins demonstrates that the preoccupation with converts' agency and sincerity has resulted in significant challenges to religious freedom. One is the proliferation of legislation limiting induced conversions. Another is the restriction of affirmative action rights of low caste people who choose to practice Islam or Christianity. Last, incendiary rumors are intentionally spread of women being converted to Islam via seduction. *Religious Freedom and Mass Conversion in India* illuminates the ways in which these tactics immobilize potential converts, reinforce damaging assumptions about women, lower castes, and religious minorities, and continue to restrict religious freedom in India today.
